Stylistic Options The Sentence And The Paragraph:

Building Great Sentences Brooks Landon, 2013-06-25 Based on the bestselling series from The Great Courses Building Great Sentences celebrates the sheer joy of language and will forever change the way you read and write Great writing begins with the sentence Whether it s two words Jesus wept or William Faulkner s 1 287 word sentence in Absalom Absalom sentences have the power to captivate entertain motivate educate and most importantly delight Yet the sentence oriented approach to writing is too often overlooked in favor of bland economy Building Great Sentences teaches you to write better sentences by luxuriating in the pleasures of language Award winning Professor Brooks Landon draws on examples from masters of long elegant sentences including Don DeLillo Virginia Woolf Joan Didion and Samuel Johnson to reveal the mechanics of how language works on thoughts and emotions providing the tools to write powerful more effective sentences

The Grammar of Discourse Robert Longacre, 2012-12-06 While this volume is based on an earlier work *An Anatomy of Speech* Notions 1976 the overall orientation of the present volume is distinctive enough to make it a new work The former volume was essentially a half way house to discourse While including a chapter on discourse structure it was not as a whole explicitly oriented towards considerations of context The present volume however strives to achieve a more consistently contextual approach to language A great deal of research and theorizing concerning discourse grammar or textlinguistics has characterized the past decade of linguistic studies This recent work has of course influenced the present volume In addition my personal research in several areas has led to increased insistence on the indispensability of discourse studies Crucial here was my direction of field workshops involving personnel of the Summer Institute of Linguistics first in relation to languages of Colombia Panama and Ecuador 1974 1975 and later in relation to languages of Mexico 1978 Of further relevance have been my own studies of narrative structure in Biblical Hebrew Last but not least is the stimulus and feedback which I have received from my graduate students whose research is embodied in several theses and dissertations especially Keith Beavon Shin Ja Joo Huang Larry Jones Mildred Larson Linda Lloyd and Mike Walrod
