Sub Commander Richard G. Sheffield,1987 **Strategy for Empire** Brian Loveman,2004-08-06 The United States has carved the world into five pieces maintaining troops and military leadership in each Yet outside military and defense circles the potential impact of post 1990 American strategic reach or perhaps overreach has not been given sufficient attention This timely reader fills this gap by collecting the perspectives of American presidents policymakers military officers establishment think tanks and critical scholars The text and accompanying CD bring together in one place a synthesis of official and semi official views of post 1990 regional security agendas and of the evolving perception of post Cold War threat scenarios The CD accompanying the book sends readers directly to major policy documents and studies described in the text The book and CD combined offer teachers a unique resource providing a wealth of stimulating material for the classroom that is sure to promote critical thinking and spark lively discussion and debate **War in the Pacific: Strategy and Command** , CMH

Pub 5 1 United States Army in World War 2 Analyzes organization and logistics as well as strategy and command covering the coming of World War 2 Japanese policy and American strategy before Pearl Harbor Japanese victories in the first six months of the war first efforts in New Guinea and the Solomon Islands to stem the Japanese tide and the limited offensive in the summer of 1943 **Routledge Handbook of Medieval Military Strategy** John D. Hosler,Daniel P. Franke,2024-12-13 This Handbook provides the first comprehensive and global analysis of medieval military strategy covering the period from the sixth to the seventeenth century Challenging the widely held notion in modern strategic studies that medieval strategy was non existent the Handbook brings together leading scholars to explore a range of literatures campaigns laws and contexts that highlight medieval warfare s multifaceted contours The scope of the work is ambitious with over 30 chapters dedicated to analyzing strategy across six continents From Charlemagne to Henry V and Scandinavia to Florence southbound to Morocco then across the Sahara to Kongo past the Adriatic to Byzantium and Georgia and the Crusades and Egypt further still into Indian and Chinese dynasties and Japan and finally to Central and South America this Handbook provides ready access to military strategy across the medieval world stage In the process it fills a significant gap in the history of strategy and serves to connect the ancient world with the modern demonstrating that whatever the period military leaders have consistently plied warfare in the pursuit of greater ends This Handbook will be of much interest to researchers and students of military strategy medieval military history and strategic studies in general *Strategy and Command* Louis Morton,1962

Police as First Preventers United States. Congress. House. Committee on Homeland Security. Subcommittee on the Prevention of Nuclear and Biological Attack,2007 **Threat Assessment, Military Strategy, and Defense Planning** United States. Congress. Senate. Committee on Armed Services,1992 **USN Submarine vs IJN Antisubmarine Escort** Mark Stille,2022-01-20 This fully illustrated study examines and compares the roles of the US Navy submarines and the Imperial Japanese Navy s anti submarine warfare capabilities during World War II In 1941 and 1942 US Navy submarine

operations in the Pacific were largely ineffective hampered by faulty torpedo design conservative tactics and insufficiently aggressive submarine captains Eventually though a new generation of wartime submarine commanders combined with reliable torpedoes new generation boats improved intelligence and advanced radar inflicted devastating losses on Japanese shipping Antisubmarine warfare was initially accorded a low priority by the Imperial Japanese Navy the lack of ASW escorts and modern weaponry and an inability to develop tactics resulted in devastation to vital convoys and hampered its ability to deter and destroy enemy submarines This book explores all these factors and the role that US submarines played in supporting the major fleet operations in the Pacific Theater notching up almost 500 patrols by war s end for the loss of 52 submarines to the Japanese The technical and tactical developments implemented by the opposing sides are documented in detail including US improvements to submarine design and weaponry and more aggressive tactics and the Japanese development of destroyer escorts changes to depth charge design and improved submarine detection capacity

Grand Strategy from Truman to Trump Benjamin Miller,Ziv Rubinovitz,2020-11-10 American foreign policy is the subject of extensive debate Many look to domestic factors as the driving forces of bad policies Benjamin Miller instead seeks to account for changes in US international strategy by developing a theory of grand strategy that captures the key security approaches available to US decision makers in times of war and peace Grand Strategy from Truman to Trump makes a crucial contribution to our understanding of competing grand strategies that accounts for objectives and means of security policy Miller puts forward a model that is widely applicable based on empirical evidence from post WWII to today and shows that external factors rather than internal concerns are the most determinative

[A History of the Mediterranean Air War, 1940-1945](#) Christopher Shores,Giovanni Massimello,Russell Guest,Frank Olynk,Winfried Bock,2016-08-05 The third volume in the epic military aviation series focuses on the Allied invasion of North Africa during World War II This work of WWII history takes us to November 1942 to explain the background of the first major Anglo American venture Operation Torch the invasion of French North Africa Describing the fratricidal combat that followed the initial landings in Morocco and Algeria it then considers the unsuccessful efforts to reach northern Tunisia before the Germans and Italians could get there to forestall the possibility of an attack from the west on the rear of the Afrika Korps forces then beginning their retreat from El Alamein The six months of hard fighting that followed as the Allies built up the strength of their joint air forces and gradually wrested control of the skies from the Axis are recounted in detail The continuing story of the Western Desert Air Force is told as it advanced from the east to join hands with the units in the west Also covered are the arrivals over the front of American pilots and crew the P 38 Lightning the Spitfire IX and the B 17 Flying Fortress and of the much feared Focke Wulf Fw 190 The aerial activities over Tunisia became one of the focal turning points of World War II yet are frequently overlooked by historians Here the air sea activities the reconnaissance flights and the growing day and night bomber offensives are examined in detail
