## **Submarine Commander:**

Submarine Commander Paul R. Schratz, 2013-07-24 A fascinating personal memoir of underwater combat in World War II told by a man who played a major role in those dangerous operations Frank and beautifully written Submarine Commander s breezy style and irrepressible humor place it in a class by itself This book will be of lasting value as a submarine history by an expert and as an enduring military and political analysis In early 1943 the submarine USS Scorpion with Paul R Schratz as torpedo officer slipped into the shallow waters east of Tokyo laid a minefield and made successful torpedo attacks on merchant shipping Schratz participated in many more patrols in heavily mined Japanese waters as executive officer of the Sterlet and the Atule At war s end he participated in the Japanese surrender aided the release of American POWs and had a key role in the disarming of enemy suicide submarines He then took command of the revolutionary new Japanese submarine I 203 and returned it to Pearl Harbor But this was far from the end of Schratz s submarine career In 1949 he commissioned the ultramodern USS Pickerel the most deadly submarine then afloat and set a world s record in a 21 day 5 200 mile submerged passage from Hong Kong to Honolulu With the outbreak of the Korean War the Pickerel was immediately sent to Korea to participate in secret intelligence operations only recently declassified and never before revealed in print Schratz s broad military experience makes this a far from ordinary memoir

Submarine Commander Paul R. Schratz, 1988-01-01 The author shares his war experiences his role in the Japanese surrender and his participation in the setting of a world s record for longest submerged voyage

The Submarine Commander Pocket Manual 1939-1945 Chris McNab, 2018-12-11 Submarine commanders in WWII dealt with both enormous risk and responsibility charged with sinking enemy shipping while avoiding detection they had to correctly locate and identify enemy craft getting close enough to strike while attempting to safeguard the lives of their crew It was a deadly game the Germans lost over 600 U boats during the war and one in five submariners in the US Navy was killed the highest proportion of any of the services The Submarine Commander Pocket Manual gives a fascinating insight into life beneath the waves and what was required to operate a submarine from diving and surfacing to attack strategies and evading detection From training manuals to combat reports and firsthand accounts this volume has collated documents diagrams and photos from American British and German archives to demonstrate both the fascinating technical and tactical aspects of running a submarine and the calm nerves needed to outwit your opponent and live to fight another day in the war at sea

**Midget Submarine Commander** Paul Watkins, 2013-01-19 A biography of the twentieth century British Royal Navy officer and Victoria Cross recipient who fought below above and on the waves Of all the acts of gallantry in World War II few were as audacious as the attack by midget submarines on the pride of the German fleet the battleship Tirpitz lying in her heavily fortified lair deep in a Norwegian fjord Lieutenant Godfrey Place was in command of submarine X7 in September 1943 and travelled over 1 000 miles negotiating minefields and anti submarine nets to place four tons of high explosive accurately under the hull of the Tirpitz For this he was awarded the Victoria Cross in 1944 at the age

of twenty two Taken prisoner he was repatriated to England at the end of the war and continued to serve in the Royal Navy for twenty five years flying with 801 squadron in the Korean War and serving on aircraft carriers at Suez Nigeria and the withdrawal from Aden On his retirement in 1970 he had the distinction of being the last serving naval officer to hold the Victoria Cross This overdue biography details Godfrey Place VC s eventful life from a childhood spent partly in East Africa to being the hugely respected Chairman of the Victoria Cross and George Cross Association for over twenty years Thanks to the author s extensive access to previously unpublished material including Place s own recollections of the attack there is unlikely to be a better or more thrilling account of the attack on the Tirpitz **The Journal of Submarine Commander**

**von Forstner** Georg-Günther Freiherr von Forstner,2021-04-25 In The Journal of Submarine Commander von Forstner Georg G onther Freiherr von Forstner presents an intricate narrative that delves into the psychological and strategic intricacies of submarine warfare during World War II This autobiographical account is marked by a vivid literary style combining stark realism with reflective prose that captures the tension and uncertainty faced by naval commanders Von Forstner s unique perspective provides invaluable insights into the operational challenges and ethical dilemmas inherent in submarine engagements making this work a significant contribution to both military history and literary discourse on war Georg G onther Freiherr von Forstner having served as a U boat commander drew upon his extensive naval experience and personal reflections in crafting this journal His background not only equipped him with firsthand knowledge of the oceanic theater of conflict but also fostered a profound sense of duty and introspection that permeates the text Von Forstner navigated the complexities of honor valor and the harsh realities of warfare striving to encapsulate his tumultuous experiences for future generations I wholeheartedly recommend The Journal of Submarine Commander von Forstner to readers interested in military history psychological narratives and the moral challenges faced in combat This work transcends a mere recounting of events inviting readers to engage with the profound implications of warfare and the humanity that persists amid the chaos Submarine Commander Benjamin Bryant,1958 **Submarine Commander** Paul
