Neil L. York,2003-09-30 York illustrates how Revolutionary Americans founded an empire as well as a nation and how they saw the two as inseparable While they had rejected Britain and denounced power politics they would engage in realpolitik and mimic Britain as they built their empire of liberty England had become Great Britain as an imperial nation and Britons believed that their empire promised much to all fortunate enough to be part of it Colonial Americans shared that belief and sense of pride But as clashing interests and changing identities put them at odds with the prevailing view in London dissident colonists displaced Anglo American exceptionalism with their own sense of place and purpose an American vision of manifest destiny Revolutionary Americans wanted to believe that creating a new nation meant that they had left behind the old problems of empire What they discovered was that the basic problems of empire unavoidably came with them into the new union They too found it difficult to build a union in the midst of rival interests and competing ideologies Ironically they learned that they could only succeed by aping the balance of power politics used by Britain that they had only recently decried *Smithsonian studies in history and technology* ,1974 American Brave Thomas Williams,2014-02-10 Joshua

Tolf,2020-03-24 The name of Nobel usually calls to mind Alfred Nobel inventor of dynamite and the internationally prestigious prizes that bear his name But Alfred was only one member of a creative and innovative family who built an

industrial empire in prerevolutionary Russia The saga begins with an emigr from Sweden Immanuel Nobel who was an architect a pioneer producer of steam engines and a maker of armaments including the underwater mines that were widely used in the Crimean War Immanuel s sons included Alfred Robert who directed the family s activities in the Caspian oil fields and Ludwig an engineering genius and manufacturing magnate whose boundless energy and fierce determination created the Russian petroleum industry Ludwig s son Emanuel showed similar mettle shrewdly bargaining with the Rothschilds for control of the Russian markets and competing head on with Standard Oil Royal Dutch and Shell for lucrative world markets Emanuel not only expanded the Russian oil industry but also helped to modernize the Russian navy and commanded a fleet of three hundred ships Perhaps no family in history has played so decisive a role in building an industrial empire in an underdeveloped but resource rich nation Yet the achievements of the Nobel family have been largely forgotten When the Bolsheviks came to power the empire which had taken eighty years to design and build was nearly destroyed bringing a sudden and bitter end to one of the most remarkable industrial odysseys in world history Special Bibliography Series
