Kandall,1996 This work uncovers the history of women and addiction in America and how dependent women have been treated The author is critical of doctors who have often been quick to prescribe narcotics to female patients      **Selected Works** Henry James,1983      Substance in Shadow Treena Kerr,2004      *Substance and Shadow* Henry James,1863      *Classical Chinese Literature: From antiquity to the Tang dynasty* John Minford,Joseph S. M. Lau,2002 Contains English translations of Chinese writings drawn from throughout a period of four hundred years including poems drama fiction songs biographies and early works of philosophy and history arranged chronologically and by genre with introductory quotes and comments      **Philosophical Readings of Shakespeare** Margherita Pascucci,2015-12-24 This book offers a close philosophical reading of King Lear and Timon of Athens which provides insights into the groundbreaking ontological discourse on poverty and money Analysis of the discourse of poverty and the critique of money helps to read Shakespeare philosophically and opens new reflections on central questions of our own time      *Grasping Shadows* William Chapman Sharpe,2017-08-04 Grasping Shadows offers the most thorough examination of the cultural uses of shadows Exploring a myriad of major literary and artistic evocations of shadows Grasping Shadows puts forth a unifying theory for how shadows function and how they transformed our relationship to darkness and light      **The Sacred Shadow** Courtney Cohen,2019-08-20 How might life look if we lived as though eternity is now Many of us have fallen into a trap thinking that God and His kingdom are up there somewhere as if He and His dwelling place are distant in reach and in time But Jesus came teaching a very different reality To every physical aspect of creation there is a spiritual counterpart When God created the world He called it very good He declared it to be sacred by placing His own image in the world through humanity He charged humanity to fill the earth to take dominion to declare who God is So the here and now this present reality this is sacred The tangible is not evil it is a gift from God And yet it s not the end all be all It is just the beginning a glimpse a shadow of the greater reality Here we live in the sacred shadow but one day when we pass through the veil of perception which blurs our present reality when we step over the thread of time which is a boundary for now but won t be a boundary forever and certainly isn t a boundary for God we will step out of the sacred shadow and into the sacred substance In Courtney Cohen s latest book *The Sacred Shadow* explore what reality truly is encounter the near presence of God challenge your perception of eternity and discover the sacredness that exists now during our brief time spent in this shadow land What Leaders Are Saying About The Sacred Shadow The Sacred Shadow is the perfect book to read when trying to make sense of the world we live in It invites us to discover and understand that eternity is our real home and we are just passing through earth pilgrims headed to our glorious promised land I urge you to read on And if you re like me and you get excited at the thought of the supernatural heaven the spirit world and holy mysteries being revealed you will likely call *The Sacred Shadow* one of your favorites Christine D Clario International Worship Leader Award Winning Artist Author of *Prodigal Heart* How

H. Lawrence in the Modern World** Peter Hoare,Peter Preston,2016-01-07 60 years after Lawrence s death the nature of his achievement is still being debated His vision has aroused passionate interest in many countries beyond his own As a writer in the 20th century and as one with international standing this book presents Lawrence in the modern world      The Pseudo Church Doctrines of Anti-Pedo-Baptists Defined and Refuted James Ragan Collinsworth,1892      Selected Works on China Various Authors, Let me state at the outset that I know no Chinese My duty in Mrs Ayscough s and my joint collaboration has been to turn her literal translations into poems as near to the spirit of the originals as it was in my power to do It has been a long and arduous task but one which has amply repaid every hour spent upon it To be suddenly introduced to a new and magnificent literature not through the medium of the usual more or less accurate translation but directly as one might burrow it out for one s self with the aid of a dictionary is an exciting and inspiring thing The method we adopted made this possible as I shall attempt to show The study of Chinese is so difficult that it is a life work in itself so is the study of poetry A sinologue has no time to learn how to write poetry a poet has no time to learn how to read Chinese Since neither of us pretended to any knowledge of the other s craft our association has been a continually augmenting pleasure I was lucky indeed to approach Chinese poetry through such a medium The translations I had previously read had given me nothing Mrs Ayscough has been to me the pathway to a new world No one could be a more sympathetic go between for a poet and his translator and Mrs Ayscough was well fitted for her task She was born in Shanghai Her father who was engaged in business there was a Canadian and her mother an American She lived in China until she was eleven when her parents returned to America in order that their children might finish their education in this country It was then that I met her so that our friendship is no new thing but has persisted in spite of distance for more than thirty years to ripen in the end into a partnership which is its culmination Returning to China in her early twenties she became engaged to an Englishman connected with a large British importing house in Shanghai and on her marriage which took place almost immediately went back to China where she has lived ever since A diligent student of Chinese life and manners she soon took up the difficult study of literary Chinese and also accepted the position of honorary librarian of the library of the North China Branch of the Royal Asiatic Society Of late years she has delivered a number of lectures on

Chinese subjects in China Japan America and Canada and has also found time to write various pamphlets on Chinese literature and customs In the Autumn of 1917 Mrs Ayscough arrived in America on one of her periodic visits to this country She brought with her a large collection of Chinese paintings for exhibition and among these paintings were a number of examples of the Written Pictures Of these she had made some rough translations which she intended to use to illustrate her lectures She brought them to me with a request that I put them into poetic shape I was fascinated by the poems and as we talked them over we realized that here was a field in which we should like to work When she returned to China it was agreed that we should make a volume of translations from the classic Chinese writers Such translations were in the line of her usual work and I was anxious to read the Chinese poets as nearly in the original as it was possible for me to do At first we hardly considered publication Mrs Ayscough lives in Shanghai and I in Boston and the war time mails were anything but expeditious but an enthusiastic publisher kept constantly before us our ultimate if remote goal Four years have passed and after many unavoidable delays the book is finished We have not done it all by correspondence Mrs Ayscough has come back to America several times during its preparation but whether together or apart the plan on which we have worked has always been the same Very early in our studies we realized that the component parts of the Chinese written character counted for more in the composition of poetry than has generally been recognized that the poet chose one character rather than another which meant practically the same thing because of the descriptive allusion in the make up of that particular character that the poem was enriched precisely through this undercurrent of meaning in the structure of its characters But not always and here was the difficulty Usually the character must be taken merely as the word it had been created to mean It was a nice distinction when to allow one's self the use of these character undercurrents and when to leave them out of count entirely But I would not have my readers suppose that I have changed or exaggerated the Chinese text Such has not been the case The analysis of characters has been employed very rarely and only when the text seemed to lean on the allusion for an added vividness or zest In only one case in the book have I permitted myself to use an adjective not inherent in the character with which I was dealing and in that case the connotation was in the word itself being descriptive of an architectural structure for which we have no equivalent except in the Written Pictures where as Mrs Ayscough has stated in her Introduction we allowed ourselves a somewhat freer treatment It has been necessary of course to acquire some knowledge of the laws of Chinese versification But equally of course these rules could only serve to bring me into closer relations with the poems and the technical limits of the various forms It was totally impossible to follow either the rhythms or the rhyme schemes of the originals All that could be done was to let the English words fall into their natural rhythm and not attempt to handicap the exact word by introducing rhyme at all This is the method I followed in my translations of French poems in my book Six French Poets I hold that it is more important to reproduce the perfume of a poem than its metrical form and no translation can possibly reproduce both

Henricks,1990-01-01 This is an annotated English translation of the poetry of Han shan Cold Mountain a 7th or 8th century Chinese Buddhist recluse who wrote many poems about his life alone in the hills Many of his poems describe the mountains where he lived in dramatic yet appealing terms while at the same time symbolizing in Zen fashion the Buddhist quest for enlightenment Han shan became a cult figure in the Ch an Zen tradition and legends portray him and his companion Shih te as eccentrics who said and did nonsensical things Han shan does often write on unusual topics with some of his poems being clever insights that just happen to be metric and rhymed His language is simple and direct his images and symbols fresh and bold While the literary value of his work has for the most part been overlooked this book provides line by line literary analysis of some of the more artistically interesting poems Henricks work represents therefore a major contribution to the study of Chinese literature and Chinese religion      Shakespeare's Theory of Drama Pauline Kiernan,1998-07-23 Why did Shakespeare write drama Did he have specific reasons for his choice of this art form Did he have clearly defined aesthetic aims in what he wanted drama to do and why Pauline Kiernan opens up a new area of debate for Shakespearean criticism in showing that a radical complex defence of drama which challenged the Renaissance orthodox view of poetry history and art can be traced in Shakespeare s plays and poems This study first published in 1996 examines different stages in the canon to show that far from being restricted by the limitations of drama Shakespeare consciously exploits its capacity to accommodate temporality and change and its reliance on the physical presence of the actor This lively readable book offers an original and scholarly insight into what Shakespeare wanted his drama to do and why
