Preparing Students From the Academic World to Career Paths: A

Comprehensive Guide Sligh Conway, Cassandra, Liu, Andy Jiahao, 2024-04-23. In today's educational field, to ensure students are prepared to make the transition from education to the workforce, students must develop skills that support them in the working world. Further research on these skills is required to assist learners moving forward. *Preparing Students From the Academic World to Career Paths: A Comprehensive Guide* provides a comprehensive guide to preparing minority and first-generation students to transition from the academic world into their chosen career path. The book also provides post-secondary educators and student support staff with suggestions to incorporate the recognition and development of transferrable skills in curriculum and advising. Covering key topics such as career readiness, minority students, and student success, this reference work is ideal for administrators, principals, researchers, scholars, academicians, practitioners, instructors, and students.

Effective Safety and Health Training Barbara Hilyer, Alan Veasey, Kenneth Oldfield, Lisa

Craft-McCormick, 1999-10-27. Is it possible to develop a fun and effective training program? Most workers view attending a training session as they do going to the dentist, which leaves trainers feeling very unappreciated and frustrated. *Effective Safety and Health Training* can turn trainers into Santa Claus; everyone will look forward to their visits. The presents they bring are interesting topics and trainee involvement, wrapped in respect for workers and a consideration for their needs. Hilyer takes you from ground zero through the process of planning, preparing, delivering, and evaluating an adult training session of from one to one hundred hours. She teaches you how to motivate your trainees. They will understand and retain the information, enjoy the course, and apply the learning to their work and their lives. *Effective Safety and Health Training* provides the educational theory and the practical guidelines to train effectively and enjoyably. A nuts and bolts book, it takes you through the development and delivery of effective safety and health training programs. Best of all, your trainees will have fun.
