Positive Attitude - Key to Success Dan Miller, 2015-09-10 Positive mental attitude is a concept that has been developed in many areas of life as a key to success. In 1937, Napoleon Hill introduced the importance of positive thinking in his book *Think and Grow Rich*. Later, other scholars such as W. Clement Stone found positive mental attitude as a very critical component to personal success and productivity. The right mental attitude is associated with positive characteristics such as hope, courage, faith, optimism, generosity, initiative, tolerance, kindness, and good common sense. Positive attitude is more of a philosophy that builds on the fact that having an optimistic disposition in any circumstance of life can help you in enhancing achievement and positive changes. It is a state of mind that tirelessly seeks for ways of victory regardless of the surrounding circumstances. Positivity, by its mere definition, opposes negativity, hopelessness, and defeatism. To develop mental strength, you need deliberate measures and commitment. A resilient mind is one that never loses focus even when subjected to the most stressful conditions. Mental toughness will help you maneuver through stress and emerge stronger than before. A mental attitude is the bridge that connects success and failure. On one end of the bridge is failure, which is characterized by negativity, while on the other end is success, which is denoted by a positive attitude. At any given time, individuals are between the two points emotionally. They are at liberty to swing towards any end, but they must also be ready to bear the consequences. It is true that you can overcome negativity, but you must be determined. Having a clear understanding of the end result can motivate you to change from negativity into positivity. With a positive attitude, it is possible to turn situations of failure into success. **Success Through a Positive Mental Attitude** Napoleon Hill, 2022-11-09 A optimistic attitude attracts the excellent and the beautiful by default. Negative thinking will deprive you of everything that makes life worthwhile. How you make up your mind determines your success, health, happiness, and money. *Success Through a Positive Mental Attitude* the phenomenon that proposed to the world that anyone can achieve their dreams with the right attitude.

unexplainable and integral change for those of you who haven't experienced it yet. This is what this book is all about. The author will share and teach you how to acquire everything you need in order to have an adequate PMA and be successful. Purpose in your life. Is this what life is all about? Is it? To discover your purpose in life and live it passionately. I reiterate what I said in the previous paragraph: Life is becoming more and more accelerated and you must be prepared to take the first jump to take command of the appropriate PMA. Are you ready? The profession you are dedicated to doesn't matter. I work in sales but you, my thoughtful reader, whether you are working in the New York stock market or you are a dedicated housewife, every profession without exception needs a Positive Mental Attitude. The Attitude you show in the midst of difficulties, whether they are for or against you, makes all the difference in the world. Your attitude will determine the end results of your success or your failure. And it will transform everything for the good or for the bad. It's your decision. Take note of the vast and priceless knowledge the author expressed in this book. And yes, everything is possible. By putting into practice what you learn in this book, you will be able to continue dreaming and reach each one of your goals. I am grateful to the author and I feel fortunate of having had the opportunity since a young age for having learned how you acquire PMA. The profession I am dedicated to, Sales, is the oldest profession in the world. With Positive Mental Attitude, I was able to reach positive changes which in turn gave me great results. Very frequently, people ask themselves why I constantly have a contagious smile on my face. A desirable energy makes sure you remember what I am about to say. After you finish reading *Positive Mental Attitude*, Success people who cross your path will remember you and your PMA, and you, on the other hand, will generate a positive change in them. It's like a snowball just as the author impacted my life as early as my childhood years with this book. No one said that the road is going to be easy. I'd like to emphasize that what comes easily goes easily. When something seems too easy, run as fast as you can and cross the street. I don't want you to think that all you have to do is click and you will attain the adequate PMA and you will be successful and a millionaire. NO. This is not Facebook nor Instagram nor Twitter or Snapchat with just a click. We are able to see the lives of the people that others permit us to see or that make us believe that they have this. This is the real deal, life itself, where there is no keyboard to manipulate the end results. Here, the results depend strictly on you, on your Attitude. Good News. Everything in life is possible with the right Positive Mental Attitude. This is what you will learn in this work: *Positive Mental Attitude Success* by **Napoleon Hill, and W. Clement Stone.
