The second edition features many new contributors all experienced professionals who share their wisdom and proven methods and bring fresh and diverse perspectives to the issues affecting today's administrators. The book's introduction sets the stage by presenting results of a survey of athletic administrators regarding key issues and concerns accompanied by insights from current and past NIAAA executive directors. The opening chapters highlight the thoughtful planning and preparational investment required to create and sustain an athletic program that remains true to its core values, nurtures and challenges student athletes and is bolstered by coaches and support personnel who champion athletes' growth and success. The benefits of participating in school-based athletics and engaging in multiple sports are emphasized. Subsequent chapters highlight the importance of fostering positive connections between administrators, coaches, and the communities who serve and support the program. Parents, medical professionals, security staff, boosters, and local businesses must be continuously engaged, informed, and appreciated for their support. The next chapters address the daily responsibilities of the job, including budgeting and purchasing, managing facilities and equipment, scheduling contests and transportation, and hosting events. The final chapter, a notable new addition to the text, emphasizes the need to maintain a work-life balance despite athletic administrators' heavy workload and long hours. It will help you prioritize duties, delegate tasks, streamline processes, and manage duties and meetings more efficiently to maximize your productivity and still preserve quality time for family, friends, and other interests.
