EBOOK: Death's Dominion: Ethics at the End of Life Simon Woods, 2006-12-16 I enjoyed reading this book very much It is very readable and well argued using real life cases and thought experiments as well The book provides the reader with a short history of and an overview of the most important issues in modern palliative care Various theoretical discussions are clearly set out such as the relationship between the hospice movement and modern palliative care between palliative care and health care in general between palliative sedation and euthanasia and the question whether euthanasia can be part of palliative care The author starts with exploring the existing debates and then develops his own arguments in a balanced and well structured way Medicine Health Care and Philosophy The text of this book is accessible the philosophical and ethical arguments are clearly articulated and relevant ethical principles are integrated into the critique of the issues making this a very useful book for nurses working in palliative as well as in general care Nursing Ethics It is crucially important for any student or researcher who is seriously considering ethical and policy matters at the end of life to embrace and tackle intellectually the issues that Woods raises in this book I would happily recommend it Journal of Medical Ethics What constitutes a good death Is it possible to arrange a good death Is killing compatible with caring This book looks at death and the issues and ethical dilemmas faced at the end of life It addresses the central issues in the field such as Withholding and withdrawing treatment Euthanasia and assisted suicide Terminal sedation The role of autonomy Palliative care Drawing on a philosophical framework the author explores end of life issues in order to reflect on the nature of the good death and how this may be achieved The book considers whether it is permissible or desirable to influence the quality of dying offering palliative sedation as a possible alternative to terminal sedation the argument is extended to examine why some forms of assisted dying can be shown to be compatible with the ideas of palliative care Consideration is also given to future developments such as life extension techniques and the ethical questions that that these techniques might raise As such the book follows in the ongoing philosophical tradition to critique and analyse current thought on the topic of death encouraging self reflection in the reader and offering suggestions for practice in end of life care Death's Dominion is key

Finished H. Rider Haggard,2015-10-19 This book although it can be read as a separate story is the third of the trilogy of which Marie and Child of Storm are the first two parts It narrates through the mouth of Allan Quatermain the consummation of the vengeance of the wizard Zikali alias The Opener of Roads or The Thing that should never have been born upon the royal Zulu House of which Sensangaona was the founder and Cetewayo our enemy in the war of 1879 the last representative who ruled as a king Although of course much is added for the purposes of romance the main facts of history have been adhered to with some faithfulness With these the author became acquainted a full generation ago Fortune having given him a part in the events that preceded the Zulu War Indeed he believes that with the exception of Colonel Phillips who as a lieutenant commanded the famous escort of twenty five policemen he is now the last survivor of the party who under the leadership of Sir Theophilus Shepstone or Sompseu as the natives called him from the Zambesi to the Cape were concerned in the annexation of the Transvaal in 1877 Recently also he has been called upon as a public servant to revisit South Africa and took the opportunity to travel through Zululand in order to refresh his knowledge of its people their customs their mysteries and better to prepare himself for the writing of this book Here he stood by the fatal Mount of Isandhlwana which with some details of the battle is described in these pages among the graves of many whom once he knew Colonels Durnford Pulleine and others Also he saw Ulundi s plain where the traces of war still lie thick and talked with an old Zulu who fought in the attacking Impi until it crumbled away before the fire of the Martinis and shells from the heavy guns The battle of the Wall of Sheet Iron he called it perhaps because of the flashing fence of bayonets Lastly in a mealie patch he found the spot on which the corn grows thin where King Cetewayo breathed his last poisoned without a doubt as he has known for many years It is to be seen at the Kraal ominously named Jazi or translated into English Finished The tragedy happened long ago but even now the quiet faced Zulu who told the tale looking about him as he spoke would not tell it all Yes as a young man I was there at the time but I do not remember I do not know the Inkoosi Lundanda i e this Chronicler so named in past years by the Zulus stands on the very place where the king died His bed was on the left of the door hole of the hut and so forth but no certain word as to the exact reason of this sudden and violent death or by whom it was caused The name of that destroyer of a king is for ever hid In this story the actual and immediate cause of the declaration of war against the British Power is represented as the appearance of the white goddess or spirit of the Zulus who is or was called Nomkubulwana or Inkosazana y Zulu i e the Princess of Heaven **Finished** Haggard H.R., Finished can be read as a separate story and at the same time like the third of the trilogy after Marie and Child of Storm It narrates through the mouth of Allan Quatermain the consummation of the vengeance of the wizard Zikali alias The Opener of Roads or The Thing that should never have been born upon the royal Zulu House of which Sensangaona was the founder and Cetewayo our enemy in the war of 1879 the last
