

The background image is a landscape photograph. In the foreground, there is a dark, textured surface, possibly a road or a field, with some patches of light-colored material. A winding road or path leads from the bottom right towards the horizon. The horizon is marked by a bright, low sun, creating a strong glow and a lens flare effect. The sky is filled with soft, golden light and some wispy clouds. The overall color palette is dominated by warm tones like orange, yellow, and brown.

We may be confident in this:
that in the pain of our suffering
is the presence of a faithful God.

Suffering Presence Stanley Hauerwas, 2025-02-15 In *Suffering Presence* ethicist Stanley Hauerwas delivers a well formed theological perspective that illuminates the moral life particularly medical care and the care of children and the handicapped

Perspectives on Human Suffering Jeff Malpas, Norelle Lickiss, 2012-04-23 This volume brings together a range of interdisciplinary perspectives on a topic of central importance but which has otherwise tended to be approached from within just one or another disciplinary framework Most of the essays contained here incorporate some degree of interdisciplinarity in their own approach but the volume nevertheless divides into three main sections Philosophical considerations Humanities approaches Legal medical and therapeutic contexts The volume includes essays by philosophers medical practitioners and researchers historians lawyers literary Classical and Judaic scholars The essays are united by a common concern with the question of the human character of suffering and the demands that suffering and the recognition of suffering make upon us

Confidence in Life Matthew Lee Anderson, 2023-12-28 *Confidence in Life* offers a theologically robust evaluation of the good of procreation which emerges out of both careful interactions with contemporary analytic philosophy and a reconstructed reading of Karl Barth's doctrine of procreation While analytic moral philosophy has rarely been brought into close proximity to Barth's work the conjunction underscores the deep difficulty of accounting for procreation's value within non theological frameworks and helps clarify what is distinctive and valuable about Barth's own moral reasoning on this subject Though primarily staged as an intervention in Protestant moral theology *Confidence in Life's* rehabilitation of the Virgin Mary's role in Barth's thought has promise for an ecumenical retrieval of the good of procreating within the economy of redemption and its retrieval of honour as an indispensable aspect of Barth's theology will be of interest to Barth scholars and moral theologians alike

Genetics and Christian Ethics Celia Deane-Drummond, 2006 In the immediate future we are likely to witness significant developments in human genetic science It is therefore of critical importance that Christian ethics engages with the genetics debate since it affects not just the way we perceive ourselves and the natural world but also has wider implications for our society This book considers ethical issues arising out of specific practices in human genetics including genetic screening gene patenting gene therapy genetic counselling as well as feminist concerns Genetics and Christian Ethics argues for a particular theo ethical approach that derives from a modified version of virtue ethics drawing particularly on a Thomistic understanding of the virtues especially prudence or practical wisdom and justice The book demonstrates that a theological voice is highly relevant to contested ethical debates about genetics Theology as Hope Ryan A. Neal, 2009-01-01 Hope is

the leitmotiv of Jürgen Moltmann's theology. Not merely one aspect of his project: hope is the whole of it, the supreme doctrine interpenetrating all others. Indeed, hope is his method. The present study is both historical and developmental while also being analytical and interrogative. This chronological exploration seeks to show the nature, composition and development of Moltmann's doctrine of hope as the distinctive doctrine of his theology implicating all others. Part I establishes Moltmann's doctrine of hope as grounded in God's faithfulness in the cross and resurrection. Part II investigates major doctrines in his project in light of this ground. This design seeks to take advantage of the chronological approach while also integrating the best elements of a topical approach.

Promise and Presence John E. Colwell, 2011-09-22 John Colwell presents a robust sacramental theology for Protestant churches. He maintains that a doctrine of the Trinity leads us to conceive of God's gracious engagement with his creation as one that is mediated through that creation. And this lies at the foundation for an understanding of the sacraments. Colwell further argues that the Church and Scripture confer context, definition and validity on all other sacramental events. The final section reconsiders the seven Sacraments of the Catholic tradition in the light of the understanding of sacramentality developed earlier in the book: baptism, confirmation, the Lord's Supper, cleansing, healing, ministry and marriage. Colwell discusses the Sacraments from an evangelical perspective but with a committed ecumenical intent.

Christian Bioethics C. Ben Mitchell, D. Joy Riley, MD, 2014-12-15 Living in an era of highly technical medicine is comforting and sometimes confusing. How should Christians make life and death decisions? How do we move from an ancient text like the Bible to twenty-first century questions about organ transplantation, stem cell research and human cloning? What kind of care do we owe one another at the end of life? Is euthanasia a Christian option? Using a dialogue format, an ethicist and physician talk about how to think about thorny ethical issues. Combining their backgrounds in medicine and theology, they deal with real-life moral questions in an accessible way. C. Ben Mitchell and D. Joy Riley let readers eavesdrop on their conversation about the training of doctors, the interpretation of the Bible and controversial issues like abortion, assisted suicide, genetic engineering and in vitro fertilization. The book examines these topics under three general headings: the taking of life, the making of life and the faking of life. *Christian Bioethics* is a guidebook for pastors, health care professionals and families anyone facing difficult decisions about health care.

Sinners in the Presence of a Loving God R. Zachary Manis, 2019-06-03 In *Sinners in the Presence of a Loving God* R. Zachary Manis examines in detail the several facets of the problem of hell, considers the reasons why the usual responses to the problem are unsatisfying and suggests how an adequate solution to the problem can be constructed.

Unsettling Arguments Charles R. Pinches, Kelly S. Johnson, Charles M. Collier, 2010-07-02 Scott Bader Saye, Frederick Christian Bauerschmidt, Michael Baxter, Daniel M. The Goals of Medicine Mark J. Hanson, Daniel Callahan, 2000-10-27 Debates over health care have focused for so long on

economics that the proper goals for medicine seem to be taken for granted yet problems in health care stem as much from a lack of agreement about the goals and priorities of medicine as from the way systems function This book asks basic questions about the purposes and ends of medicine and shows that the answers have practical implications for future health care delivery medical research and the education of medical students The Hastings Center coordinated teams of physicians nurses public health experts philosophers theologians politicians health care administrators social workers and lawyers in fourteen countries to explore these issues In this volume they articulate four basic goals of medicine prevention of disease relief of suffering care of the ill and avoidance of premature death and examine them in light of the cultural political and economic pressures under which medicine functions In reporting these findings the contributors touch on a wide range of diverse issues such as genetic technology Chinese medicine care of the elderly and prevention and public health The Goals of Medicine clearly demonstrates the importance of clarifying the purposes of medicine before attempting to change the economic and organizational systems It warns that without such examination any reform efforts may be fruitless

God's Presence in the Life of an Ordinary Woman Kitty McCaffrey, 2012-08-01 God's Presence in the Life of an Ordinary Woman is about an everyday sort of woman who became a Christian early in life She shares the many times when she couldn't feel God with her begged to feel His presence and wondered why He was so busy with everyone else She also shares how she trudged through these times to come again to a full realization of God's presence Through all these times she yearned to serve Him As in childhood now in old age she yearns for His favor

Receiving the Gift of Friendship Hans S. Reinders, 2008-04-14 Does what we are capable of doing define us as human beings If this basic anthropological assumption is true where can that leave those with intellectual disabilities unable to accomplish the things that we propose give us our very humanity Hans Reinders here makes an unusual claim about unusual people those who are profoundly disabled are people just like the rest of us He acknowledges that at first glance this is not an unusual claim given the steps taken within the last few decades to bring the rights of those with disabilities into line with the rights of the mainstream But he argues that cannot be the end of the matter because the disabled are human beings before they are citizens To live a human life properly he says they must not only be included in our institutions and have access to our public spaces they must also be included in other people's lives not just by natural necessity but by choice Receiving the Gift of Friendship consists of three parts 1 Profound Disability 2 Theology and 3 Ethics Overturning the commonsense view of human beings Reinders's argument for a paradigm shift in our relation to people with disabilities is founded on a groundbreaking philosophical theological consideration of humanity and of our basic human commonality Moreover Reinders gives his study human vividness and warmth with stories of the profoundly disabled from his own life and from the work of Jean Vanier and Henri Nouwen in L'Arche communities

The Freedom to Choose Life Scott W. Gustafson, 2024-05-28 In The Brothers Karamazov Fyodor Dostoevsky proposes ministry as the way to resist and overcome the world's evil He employs two plotlines to do so

The action plot concerns the events surrounding the murder of Fyodor Karamazov. All evidence points to Dmitri Karamazov. Rational circumstantial evidence convicts him yet the reader knows he is innocent. The ministry plot occurs in this dark context where small acts of love are performed by The Elder Zosima, Alyosha Karamazov and many others. These acts of love all answer this unspoken question: What can be said and done in Jesus' name that opens the future to new possibilities in contexts heretofore deemed closed and without hope? Asking and answering this question is the essence of ministry and since the question can be asked in any context, ministry is possible anywhere. Dostoevsky's unabashed antisemitism, however, undermines his brilliant analysis. The concluding chapters document how unconfessed sins like antisemitism exert a death-dealing power that undermines our cultures, our communities and our ministries. *The Freedom to Choose Life* shows how ministry resists and overcomes evil by these small acts of love and by the global effects of repenting of humanity's unconfessed sins.
