The Age Of Desire Reflections Of A Radical Psychoanalyst:

The Age of Desire Joel Kovel, 1981 Psychoanalysis as a Subversive Phenomenon Amber M. Trotter, 2019-12-03 In *Psychoanalysis as a Subversive Phenomenon* Social Change Virtue Ethics and Analytic Theory Amber M Trotter examines the radical sociopolitical roots of psychoanalysis and contends that psychoanalytic practices can and should be used to promote social change today Trotter illustrates how analytic theory and practice could function subversively in contemporary American culture This book is recommended for students and scholars of psychology sociology political science cultural studies and philosophy **Hawthorne and Melville** Jana L. Argersinger, Leland S. Person, 2008 Herman Melville and Nathaniel Hawthorne met in 1850 and enjoyed for sixteen months an intense but brief friendship Taking advantage of new interpretive tools such as queer theory globalist studies political and social ideology marketplace analysis psychoanalytical and philosophical applications to literature masculinist theory and critical studies of race the twelve essays in this book focus on a number of provocative personal professional and literary ambiguities existing between the two writers Jana L Argersinger and Leland S Person introduce the volume with a lively summary of the known biographical facts of the two writers relationship and an overview of the relevant scholarship to date Some of the essays that follow broach the possibility of sexual dimensions to the relationship a question that looms like a grand hooded phantom over the field of Melville Hawthorne studies Questions of influence Hawthorne s on Moby Dick and Pierre and Melville s on *The Blithedale Romance* to mention only the most obvious instances are also discussed Other topics covered include professional competitiveness Melville s search for a father figure masculine ambivalence in the marketplace and political literary aspects of nationalism transcendentalism race and other defining issues of Hawthorne and Melville s times Roughly half of the essays focus on biographical issues the others take literary perspectives The essays are informed by a variety of critical approaches as well as by new historical insights and new understandings of the possibilities that existed for male friendships in nineteenth century American culture *Melanie Klein and Critical Social Theory* C. Fred Alford, 1989-01-11 In this thoughtful and lucid book C Fred Alford shows how the psychoanalytic theory of Melanie Klein can be extended to groups and culture and thus can illuminate issues of social theory and moral philosophy of the sort considered by the Frankfurt School He then applies this expanded theory to the politics of large groups the appeal of works of art and the psychological sources of reason Alford s ideas are interesting and well worked out The book is good reading for the intelligent layman as well as for the Freudian psychoanalyst Elise W Snyder M D Yale Medical School Regularly consigned to the backwaters of psychoanalysis Melanie Klein has never received the recognition she deserves for the magnitude of her contributions to the mainstream of psychoanalytic thought Alford s comprehensive study goes far in redressing this historical injustice not only demonstrating that Klein s formulations provide the undergirding for many of the new directions in psychoanalysis but also persuasively demonstrating the importance of her contributions to social and political theory Jerrold M Post M D Professor of Psychiatry

Political Psychology and International Affairs The George Washington University Alford s is an attractive Panglossian formulation argued with considerable panache Alford s book performs a valuable service Martin Stanton Times Higher Education Supplement

Routledge Library Editions: Metaphysics Various Authors,2021-06-23 Reissuing works originally published between 1937 and 1992 this collection of original texts addresses the philosophical realm of metaphysics not only ontology but the philosophy of science religion and morals The theory of values and the theory of absolutes are the subject of more than one volume while others take a broader spectrum and outlay the history of the philosophical arguments The nature of objects and questions of being and identity are addressed from very different perspectives With some volumes by very eminent thinkers this is a great addition to any collection on philosophy

The Listening Self David Michael Levin,2019-03-06 Originally published in 1989 In this interdisciplinary study Dr Levin offers an account of personal growth and self fulfilment based on the development of our capacity for listening This book should be of interest to advanced students of critical theory psychology cultural studies ethics continental philosophy ontology metaphysics

Career Guidance for Social Justice Tristram Hooley,Ronald Sultana,Rie Thomsen,2017-11-22 This edited collection examines the intersections between career guidance social justice and neo liberalism Contributors offer an original and global discussion of the role of career guidance in the struggle for social justice and evaluate the field from a diverse range of theoretical positions Through a series of chapters that positions career guidance within a neoliberal context and presents theories to inform an emancipatory direction for the field this book raises questions offers resources and provides some glimpses of an alternative future for work Drawing on education sociology and political science this book addresses the theoretical basis of career guidance s involvement in social justice as well as the methodological consequences in relation to career guidance research

Global Terrorism Issues and Developments Rene A. Larche,2008 Terrorism is usually described as violence or the perception or threat of imminent violence Terrorism has been used by a broad array of political organisations in furthering their objectives both right wing and left wing political parties nationalistic and religious groups revolutionaries and ruling governments Those labelled terrorists rarely identify themselves as such and typically use other generic terms or terms specific to their situation such as separatist freedom fighter liberator revolutionary vigilante militant paramilitary guerrilla rebel jihadi or mujaheddin or fedayeen or any similar meaning word in other languages Sadly it has become a global profession which has come to colour all aspects of life from travel to office locations to pervasive fear This new book presents important issues and ideas dealing with terrorism

Western Conceptions of the Individual Brian Morris,2024-11-01 This is a comprehensive study of the varying conceptions of the human subject in the Western intellectual tradition Although informed by an anthropological perspective the author draws on material from all the major intellectual disciplines that have contributed to this tradition and offers

biographical and theoretical vignettes of all the major Western scholars By scrutinizing the classical texts of the Western tradition he succeeds in delineating the differing conceptions of the human individual which emerge from these writings and gives a guide to the most important ideas in Western cultural traditions
