The Age Of Revolution The Making Of Britain By Smith Lesley M:

The Victorian Studies Reader Kelly Boyd, Rohan McWilliam, 2024-11-01 Selected as an Outstanding Academic Title in the 2008 CHOICE awards The Victorian Studies Reader gathers together in one volume some of the key pieces on Victorian history society and culture The book draws on new trends in looking at the Victorian Age and includes sections on periodization politics consumerism intellectual life sexuality empire The Victorian Studies Reader is a rich resource essential for all those studying this important period of history

Provincial Police Reform in Early Victorian England Roger Swift, 2021-04-21 The establishment of new police forces in early Victorian England has long attracted historical enquiry and debate albeit with a general focus on London and the urban industrial communities of the Midlands and the North This original study contributes to the debate by examining the nature and process of police reform the changing relationship between the police and the public and their impact on crime in Cambridge a medium sized county town with a rural hinterland It argues that the experience of Cambridge was unique for the Corporation shared co jurisdiction of policing arrangements with the University and this fractious relationship as well as political rivalries between Liberals and Tories impeded the reform process although the force was certified efficient in 1856 Case studies of the careers of individual policemen and of the crimes and criminals they encountered shed additional light on the darker side of life in early Victorian Cambridge and present a different and more nuanced picture of provincial police reform during a seminal period in police history than either the traditional Whig or early revisionist Marxist interpretations implied As such it will support undergraduate courses in local social and criminal justice history during the Victorian period

Behaving Badly Roger Swift, 2006-03-01 This inaugural lecture discusses the complex relationship between Irish migration to Britain in the nineteenth century and the incidence of crime in the British cities in which the migrants settled In particular indications of changes following the period after the Great Famine when migration from Ireland was at its peak are examined using evidence from a number of British cities and possible explanations for the differences between the reality of Irish criminality and British perceptions of it are reported and analysed

Victorian Afterlife John Kucich, Dianne F. Sadoff, 2000

The Quakers in English Society, 1655-1725 Dr. Adrian Davies, 2000 The study also examines many other facets of Quakerism from the literacy rates of Quakers and the level of persecution suffered by followers to the reasons for the sect's decline and concludes with a survey of the changes that had overcome the movement since the heady days of birth

History Today, 1996

The British Library General Catalogue of Printed Books, 1986 to 1987 British Library, 1988

Henrietta Maria and the English Civil Wars Michelle White, 2017-09-29 The influence exercised by Queen Henrietta Maria over her husband Charles I during the English Civil Wars has long been a subject of interest To many of her contemporaries especially those sympathetic to Parliament her French origins and Catholic beliefs meant that she was regarded with great suspicion Later historians picking up on this have spent much time arguing over her political role and

the degree to which she could influence the decisions of her husband What has not been so thoroughly investigated however are issues surrounding the popular perceptions of the Queen that inspired the plethora of pamphlets newsbooks and broadsides Although most of these documents are polemical propaganda devices that tell us little about the actual power wielded by Henrietta Maria they do throw much light on how contemporaries viewed the King and Queen and their relationship The picture created by Charles and Henrietta's enemies was one of a royal household in patriarchal disorder The Queen was characterized as an overly assertive unduly influential foreign Catholic queen consort whilst Charles was portrayed as a submissive and weak husband Such an image had wide political ramifications resulting in accusations that Charles was unfit to rule and thus helping to justify Parliamentary resistance to the monarch Because Charles had permitted his Catholic wife to interfere in state matters he stood accused of threatening the patriarchal order upon which all of society rested and of imperilling the Church of England In this book Michelle White tackles these dual issues of Henrietta's actual and perceived influence and how this was portrayed in popular print by those sympathetic and hostile to her cause In so doing she presents a vivid portrait of a strong willed woman who had a profound influence on the course of English history

A Brief History of Life in the Middle Ages Martyn Whittock, 2013-02-07 Using wide ranging evidence Martyn Whittock shines a light on Britain in the Middle Ages bringing it vividly to life in this fascinating new portrait that brings together the everyday and the extraordinary Thus we glimpse 11th century rural society through a conversation between a ploughman and his master The life of Dick Whittington illuminates the rise of the urban elite The stories of Roger the Raker who drowned in his own sewage a merman imprisoned in Orford Castle and the sufferings of the Jews of Bristol reveal the extraordinary diversity of medieval society Through these characters and events and using the latest discoveries and research the dynamic and engaging panorama of medieval England is revealed *Books in Print*, 1994

Decoding **The Age Of Revolution The Making Of Britain By Smith Lesley M**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
