Eduardo González

The Aleph And Other Stories 1933 1969:

The Aleph and Other Stories, 1933-1969 Jorge Luis Borges, 1978 Dazzling and unmistakable in style resonant in meaning Jorge Luis Borges *The Aleph and Other Stories* contains the best of Borges fiction Included also is a lengthy autobiographical essay written especially for this volume The twenty stories in this book cover the whole span and all the various facets of Borges forty year career as a short story writer The collection is the most definitive and comprehensive available in English Jacket **The Aleph** Jorge Luis Borges, 1973 *The Aleph and Other Stories: 1933-1969* Jorge Luis Borges, 1974 *The Aleph* Jorge Luis Borges, 1971 *A Study Guide for Jorge Luis Borges's "The Aleph"* Gale, Cengage Learning, 2016 A Study Guide for Jorge Luis Borges's *The Aleph* excerpted from Gale's acclaimed *Short Stories for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Short Stories for Students* for all of your research needs **The Cambridge History of Latin American Literature** Roberto Gonzalez Echevarría, Enrique Pupo-Walker, 1996-09-19 The Cambridge History of Latin American Literature is by far the most comprehensive work of its kind ever written Its three volumes cover the whole sweep of Latin American literature including Brazilian from pre Colombian times to the present and contain chapters on Latin American writing in the USA Volume 3 is devoted partly to the history of Brazilian literature from the earliest writing through the colonial period and the Portuguese language traditions of the nineteenth and twentieth centuries and partly also to an extensive bibliographical section in which annotated reading lists relating to the chapters in all three volumes of *The Cambridge History of Latin American Literature* are presented These bibliographies are a unique feature of the History further enhancing its immense value as a reference work **The Borges Enigma** Cynthia Lucy Stephens, 2021 Borges once stated that he had never created a character It's always me subtly disguised This book focuses on the ways in which Borges uses events and experiences from his own life in order to demonstrate how they become the principal structuring motifs of his work It aims to show how these experiences despite being heavily disguised are crucial components of some of Borges's most canonical short stories particularly from the famous collections *Ficciones* and *El Aleph* Exploring the rich tapestry of symmetries doubles and allusions and the roles played by translation and the figure of the creator the book provides new readings of these stories revealing their hidden personal emotional and spiritual dimensions These insights shed fresh light on Borges's supreme literary craftsmanship and the intimate puzzles of his fictions **The Monstered Self** Eduardo González, 1992 Viewing stories and novels from an ethnographic perspective Eduardo González here explores the relationship between myth ritual and death in writings by Borges Vargas Llosa Cortázar and Roa Bastos He then weaves this analysis into a larger cultural fabric composed of the works of Chaucer Shakespeare Joyce Benjamin H G Wells Kafka Poe and others What interests González is the signature of authorial selfhood in narrative and performance which he finds willfully and temptingly disfigured in the works he examines

horrific and erotic subservient and tyrannical charismatic and repellent Searching out the personal image and plot Gonz lez uncovers two fundamental types of narrative one that strips character of moral choice and another in which characters choices deprive them of personal autonomy and hold them in ritual bondage to a group Thus *The Monstered Self* becomes a study of the conflict between individual autonomy and the stereotypes of solidarity Written in a characteristically allusive elliptical style and drawing on psychoanalysis religion mythology and comparative literature *The Monstered Self* is in itself a remarkable performance one that will engage readers in anthropology psychology and cultural history as well as those specifically interested in Latin American narrative

Transnational Dante Heather Renee Sottong, 2025-04-01 Opens the field of Dante Studies to further transnational studies of the *Divine Comedy*'s circulation translation and global influence This fascinating book examines how Dante was repurposed by Argentine politicians and authors who were concerned with the construction of Argentine national identity in the late nineteenth and early twentieth centuries Sottong's work is informed by the theories of Eric Hobsbawm Benedict Anderson and Nicolas Shumway who coined the concepts of invented traditions imagined communities and guiding fictions respectively Sottong has applied these notions to the case of Argentina which after the War of Independence from Spain 1810-1818 had to develop its own national cultural identity In this volume she investigates Dante's transnational influence in Argentina Why did Argentine authors consistently call upon Dante in their attempts to develop Argentine literature What are the textual and thematic characteristics of Dante's *Divine Comedy* that make it an ideal vehicle for literary appropriation What are the historical and cultural factors that account for Dante's enduring popularity in Italy and beyond How did the strong presence of Italians in Argentina influence cultural production in the developing nation And how are the re-writings of Dante in the Argentine canon in dialogue with one another What Sottong found remarkably was that rewriting Dante was a way for Argentine authors to voice their views on the direction that should be taken to develop Argentine letters Dante became something of a literary guide as Argentine intellectuals navigated the complex labyrinth of their national identity The consistent rewriting of the *Divine Comedy* in the Argentine context testifies to the fact that great works of literature can be revived during different periods and even reappropriated by various peoples to foster mythologies of inclusion or exclusion related to national identity

Behind the Great Wall James Whitlark, 1991 This work explores what lies behind the fantastic barrier in a borderland that C G Jung called the unconscious the avant garde writer Kafka termed incomprehensible and Whitlark argues is an entire spectrum of muted awareness

Reviewing **The Aleph And Other Stories 1933 1969**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is truly astonishing.
