Migration and Mutation Carole Birkan-Berz, Oriane Monthéard, Erin Cunningham, 2023-02-23 Spanning four centuries from the Renaissance to today's avant garde Migration and Mutation explores how the sonnet has evolved in and out of translation Contributors examine little studied translation trajectories in the early modern period such as the pivotal role of

France between Italy and England or the first German sonnets and their Italian French Dutch and Scottish origins Essays then shed new light on major European sonneteers In the 19th and 20th centuries including Shakespeare Keats Yeats Rilke and Pessoa alongside lesser known contemporaries and with novel approaches And finally contributors explore how translation and adaptation create metaphorical space in the 21st century Migration and Mutation also pays attention to the political or subversive dimension of the sonnet with essays on women gay or postcolonial reclaimings of the sonnet and recent experiments such as post Soviet Sonnets on shirts by Genrikh Sagpir It takes the sonnet out of the confines of enclosed national traditions bringing it into renewed contact with mostly European but also other cultures
