Nathan G. Burgess,1857 **Exploring the American Civil War through 50 Historic Treasures** Julie L.

Holcomb,2021-05-15 Exploring the American Civil War through 50 Historic Treasures brings together historic objects documents artwork and the natural and built environments to tell the full story of this important event in American history The American Civil War still matters It matters because the war its causes and its consequences continue to influence America as a nation At its core the Civil War was about slavery Began as a fight to secure the future of slavery the Civil War resulted instead in the abolition of slavery The complex racial issues at its core however remain with us today Exploring the American Civil War through 50 Historic Treasures begins with the causes of the war examining objects that tell the story of slavery and its expansion in the nineteenth century Cultural treasures representing the war years explore the battlefield and the homefront and the men and women caught up in the war as well the ways in which the scale of the war forced technological innovations Given the centrality of slavery race and emancipation in the story of the Civil War one section presents objects that detail how free and enslaved blacks transformed the war effort and were in turn transformed by the war In the final section the historic treasures trace the ongoing impact of the war including the dramatic increase in the removal of Confederate monuments in the summer of 2020 Each object s story is detailed with color photos that draw readers into the story of the American Civil War Many of these objects appear here in print for the first time **The**

Magazine Antiques ,1929 **Camera Clues** Joe Nickell,2010-09-12 In Camera Clues Joe Nickell shares his methods of identifying and dating old photos and demonstrates how to distinguish originals from copies and fakes Particularly intriguing are his discussions of camera tricks darkroom manipulations retouching techniques and uses of computer technology to deceive the eye Camera Clues concludes with a look at allegedly paranormal photography from nineteenth century spirit photographs to UFO snapshots **Ann Arbor Baptist** ,1888 **A History of Photography in Canada, Volume 1** Martha

Langford,2025-09-22 From early reports of the invention to its wide application during World War I the idea of photography created anticipation and participation in the modern world The first volume of A History of Photography in Canada captures this phenomenon by looking at hundreds of photographs generated in and about Canada in the making and by listening to the chords they struck in the collective imagination Emphasizing technological readiness and cultural eagerness for the medium Martha Langford shows how photography served ideals of progress and improvement as Canada s settler society looked to master the world by seizing its visible traces The imposition of these programs on Indigenous Peoples and indentured labourers is confronted throughout this volume which offers both narratives and counternarratives of subjectification

Reproducing images of people places events and objects from the unceded territories of the First Nations Inuit and Métis from British North America and from the Dominion of Canada and the Dominion of Newfoundland Langford asks where and when photographs were taken why and by whom How did the making and preservation of a photograph alter the circumstances in which it was produced and how did this affect individual and collective consciousness Alongside accomplished portraits landscapes still lifes and their vernacular counterparts the book draws glimmers of photographic experience from treatises and doggerel official reports and personal diaries newspapers magazines letters and travelogues Anticipation to Participation chronicles eight decades of reinvention and repurposing from a wondrous discovery to the wide adoption of a basic tool for knowledge gathering artmaking and journaling Langford's sweeping narrative rewrites the history of photography from the bottom up vividly expanding the definition of photographic experience *Frank Leslie's Sunday Magazine* ,1883 The New Photo-Miniature ,1904
