The Academic Study of Judaism Jacob Neusner, 1975 **The Academic Study of Judaism** Jacob Neusner, 1977
Library has v 1 only *The Academic Study of Judaism* Jacob Neusner, 1980-01-01 [The Academic Study of Judaism \[Teils.\]](#) Jacob Neusner, 1982 *Jacob Neusner* Aaron W Hughes, 2016-09-13 Biography Neusner is a social commentator a post Holocaust theologian and an outspoken political figure Jacob Neusner born 1932 is one of the most important figures in the shaping of modern American Judaism He was pivotal in transforming the study of Judaism from an insular project only conducted by and of interest to religious adherents to one which now flourishes in the secular setting of the university He is also one of the most colorful creative and difficult figures in the American academy But even those who disagree with Neusner s academic approach to ancient rabbinic texts have to engage with his pioneering methods In this comprehensive biography Aaron Hughes shows Neusner to be much more than a scholar of rabbinics He is a social commentator a post Holocaust theologian and was an outspoken political figure during the height of the cultural wars of the 1980s Neusner s life reflects the story of what happened as Jews migrated to the suburbs in the late 1940s daring to imagine new lives for themselves as they successfully integrated into the fabric of American society It is also the story of how American Jews tried to make sense of the world in the aftermath of the extermination of European Jewry and the subsequent creation of the State of Israel in 1948 and how they sought to define what it meant to be an American Jew Unlike other great American Jewish thinkers Neusner was born in the U S and his Judaism was informed by an American ethos His Judaism is open informed by and informing the world It is an American Judaism one that has enabled American Jews the freest in history to be fully American and fully Jewish *The Documentary History of Judaism and Its Recent Interpreters* Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations Neusner begins with the article written by Professor William Scott Green for the Encyclopaedia Judaica second edition as Green places the documentary hypothesis into the context of Neusner s entire oeuvre Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah s and the Talmuds programs for the social order of Israel the doctrines of economics politics and philosophy set forth in those documents respectively Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and

Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents Neusner concludes with a review of a book by a critic of the documentary hypothesis *Franz Rosenzweig and Jehuda Halevi* Barbara Ellen Galli, Franz Rosenzweig, 1995 Franz Rosenzweig 1886 1929 one of the most daunting modern Jewish thinkers exercises a profound influence on contemporary philosophy and modern Jewish thought In this seminal study Barbara Galli provides the first English translation of Franz Rosenzweig's *Jehuda Halevi Zweiundneunzig Hymnen und Gedichte* a German translation of the poems of the great medieval Jewish poet Jehuda Halevi followed by a lively interpretive response Galli's primary aim is to explore Rosenzweig's statement that his Notes to Halevi's poems exemplify a practical application of the philosophic system he set out in *The Star of Redemption* Through an extended multifaceted investigation of Rosenzweig's thought Galli uncovers his philosophy of translation out of which she determines and unravels his philosophic conclusion and his belief that there is only one language In the final chapters she concentrates on the Notes to the poems and in doing so attempts to philosophize according to Rosenzweig's own mandate full speech is word and response **New Humanities and Academic Disciplines** Jacob Neusner, 2004-10-18 This book is about social change as it is even now being revealed in the creation of a new field of learning in an unprecedented setting and for an as yet unknown cultural and intellectual purpose It is about how a field of learning moves from one kind of institution to another is practiced by new people women not only men and outsiders as well as insiders and for new purposes secular not only religious and in new ways Out of these minute particulars in our imagination we may reconstruct the whole of modern history the universe out of a grain of sand Perhaps no group in the past two hundred years of revolutionary change has moved so far so fast and in so many directions as the Jews from the Introduction **Jacob Neusner on Religion** Aaron W Hughes, 2015-11-19 Jacob Neusner was a prolific and innovative contributor to the study of religion for over fifty years A scholar of rabbinic Judaism Neusner regarded Jewish texts as data to address larger questions in the academic study of religion that he helped to formulate Jacob Neusner on Religion offers the first full critical assessment of his thought on the subject of religion Aaron W Hughes delineates the stages of Neusner's career and provides an overview of Neusner's personal biography and critical reception This book is essential reading for students and scholars interested in Neusner specifically or in the history of Religious Studies Jewish Studies and philosophy of religion more broadly **Methodology in the Academic Teaching of Judaism (Studies in Judaism)** Zev Garber, 1986-12-15
