The American Left Mark E. Kann,1982 *Ideology and Community in the First Wave of Critical Legal Studies* Richard W. Bauman,2002-01-01 Bauman examines several major themes and arguments in the first decade of critical legal scholarship predominantly in the U S in the period dating roughly from the mid 1970s to the mid 1980s **Extremism in America** Lyman Tower Sargent,1995-05 Contains primary source material **The Politics of Plant Closings** John Portz,1990 A paper reprint of the 1988 original It is a political history that describes and analyzes the management of organized knowledge Wheatley takes Flexner and the Carnegie Foundation of 1910 as the model Portz political science Northeastern U combines a synthesis of the literature on urban politics and political economy with a close analysis of plant closings in Pittsburgh Pennsylvania Louisville Kentucky and Waterloo Iowa to illuminate the complexity of constraints upon and range of local government efforts to control the economic damage caused by shutdowns Paper edition unseen 12 95 Annotation copyrighted by Book News Inc Portland OR *Patterns of American Jurisprudence* Neil Duxbury,1995-06-08 This unique study offers a comprehensive analysis of American jurisprudence from its emergence in the later stages of the nineteenth century through to the present day The author argues that it is a mistake to view American jurisprudence as a collection of movements and schools which have emerged in opposition to each other By offering a highly original analysis of legal formalism legal realism policy science process jurisprudence has evolved as a collection of themes which reflect broader American intellectual and cultural concerns Leaders from the 1960s David De Leon,1994-06-22 The throngs at Woodstock Jane Fonda in Hanoi I Have a Dream burning draft cards fire in the streets these images of the 1960s are still very much alive today What happened to the people and principles that dominated that decade Which leaders from those turbulent years had the most lasting effect on our lives today How well have the principles for which those leaders fought so strongly withstood the test of time This thought provoking biographical dictionary allows the reader to study the leaders both conservative and liberal their ideals and their enduring influence With major sections on racial democracy peace and freedom sexuality and gender the environment radical culture and visions of alternative societies Leaders from the 1960s includes entries on a wide selection of nationally prominent activists of the 1960s In addition to those who dominated only the sixties the volume includes earlier activists who came into prominence in the 1960s and activists of the era who came into prominence since the 1960s Each entry provides a biographical sketch but the focus of the entries is on the person s basic concepts or the essence of his or her work and the public response it generated Included are extensive bibliographies on the individuals and the period *American Studies* Jack Salzman,American Studies Association,1986-08-29 A major three volume bibliography including an additional supplement of an annotated listing of American Studies monographs published between 1900 and 1988 Radical Paradoxes: Dilemmas of the American Left: 1945-1970 Peter Clecak,1973

Environmental Policy presents comprehensive analyses of the politics surrounding decision making on such environmental issues as land use toxic waste management new federalism and economic incentive It recognizes that environmental policy making is a blend of politics technology and economics and provides a sophisticated understanding of the interrelationship of the three The contributors to this volume examine the underlying value systems of the proponents of government dominated solutions and private enterprise dominated solutions to the questions of environmental policy This book is unique in that it exposes the biases inherent in both sides of the debate analyzing the differing views on the effectiveness of such policy evaluation strategies as cost benefit analysis and regulatory agency control It provides conservative and liberal opinions on the social and economic impact of the Reagan administration s effort to shape environmental policy Controversies in Environmental Policy recognizes the fundamental differences in values strategies and desired outcomes among those involved in the debates on environmental policy Disguised by a fragile consensus throughout the 1970s these divisions emerged with the election of the Reagan administration The basic divisions are not new and are consistent with the differences in other policy areas *John Dos Passos's Transatlantic Chronicling* Aaron Shaheen,Rosa María Bautista Cordero,2023-08-18 I never could keep the world properly divided into gods and demons for very long wrote John Dos Passos whose predilection toward nuance and tolerance brought him to see himself as a chronicler a writer who might portray political situations and characters but would not deliberately lead the reader to a predetermined conclusion Privileging the tangible over the ideological Dos Passos s writing between the two World Wars reveals the enormous human costs of modern warfare and ensuing political upheavals This wide ranging and engaging collection of essays explores the work of Dos Passos during a time that challenged writers to find new ways to understand and render the unfolding of history Taking their foci from a variety of disciplines including fashion theater and travel writing the contributors extend the scholarship on Dos Passos beyond his best known U S A trilogy Including scholars from both sides of the Atlantic the volume takes on such topics as how writers should position their labor in relation to that of blue collar workers and how Dos Passos s views of Europe changed from fascination to disillusionment Examinations of the Modernist s *Adventures of a Young Man* *Manhattan Transfer* and *The Republic of Honest Men* increase our understanding of the work of a complicated figure in American literature set against a backdrop of rapidly evolving technology growing religious skepticism and political turmoil in the wake of World War I
