Howard Stein, Glenn Young, 2000-02-01 A collection of one act plays from American playwrights which cover such themes as love fantasy politics grief marriage crime and deceit **Wendy Wasserstein** Gail Ciociola, 2015-08-31 Although Wasserstein calls herself a humanist her works reflect a political rhetoric if cloaked in humor that she herself could not imagine to be anything but feminist Shaped by literal cultural and materialistic feminist theory Wasserstein illustrates the impact of the women's movement on the lives of her female characters The five major works with their near sequel effect let us see her characters college years mid twenties mid thirties and middle age Through the use of a newly devised critical context called fem en act ment or textual or performance drama that is guided by feminist disposition thematically and stylistically the author here allows for a fresh reading of the Pulitzer Prize winning playwright *From Aphra Behn to Fun Home* Carey Purcell, 2019-12-04 Theatre has long been considered a feminine interest for which women consistently purchase the majority of tickets while the shows they are seeing typically are written and brought to the stage by men Furthermore the stories these productions tell are often about men and the complex leading roles in these shows are written for and performed by male actors Despite this imbalance the feminist voice presses to be heard and has done so with more success than ever before In *From Aphra Behn to Fun Home A Cultural History of Feminist Theatre* Carey Purcell traces the evolution of these important artists and productions over several centuries After examining the roots of feminist theatre in early Greek plays and looking at occasional works produced before the twentieth century Purcell then identifies the key players and productions that have emerged over the last several decades This book covers the heyday of the second wave feminist movement which saw the growth of female centric theatre groups and highlights the work of playwrights such as Caryl Churchill Pam Gems and Wendy Wasserstein Other prominent artists discussed here include playwrights Paula Vogel Lynn

and Tony award winning directors Garry Hynes and Julie Taymor The volume also examines diversity in contemporary feminist theatre with discussions of such playwrights as Young Jean Lee and Lynn Nottage and a look toward the future Purcell explores the very nature of feminist theater does it qualify if a play is written by a woman or does it just need to feature strong female characters as well as how notable activist work for feminism has played a pivotal role in theatre An engaging survey of female artists on stage and behind the scenes From Aphra Behn to Fun Home will be of interest to theatregoers and anyone interested in the invaluable contributions of women in the performing arts

Writing and Seeing Rui Manuel G. de Carvalho Homem, Maria de Fátima Lambert, 2006 The essays in this volume are informed by a variety of theoretical assumptions and of critical methodologies but they all share an interest in the intersections of word and image in a variety of media This unifying rationale secures the present collection's central position in the current critical context defined as it predominantly is by ways of reading that are based on a relational nexus The intertextual the intermedial the intersemiotic are indeed foregrounded and combined in these essays conceptually as much as in the critical practices favoured by the various contributions Studies of literature in its relation to pictorial genres enjoy a relative prominence in the volume but the range of media and of approaches considered is broad enough to include photography film video television comic strips animated film public art material culture The backgrounds of contributors are likewise diverse culturally academically linguistically The volume combines contributions by prominent scholars and critics with essays by younger scholars from a variety of backgrounds The resulting plurality of perspective is indeed a source of new insights into the relations between writing and seeing and it contributes to making this collection an exciting new contribution to word and image studies
