Story Of Deep Delight:

The American Vision of Robert Penn Warren William Bedford Clark, 2021-12-14 In 1976 the bicentennial year Robert Penn Warren told Bill Moyers that he was in love with America but his love for the nation was more often than not troubled and angry Warren once remarked that any intelligent person is inclined to criticize his country more strongly than he will criticize anything else And he should It s a way of criticizing himself too Trying to live more intelligently and more fully In The American Vision of Robert Penn Warren a noted Warren scholar traces the evolution of our first poet laureate s distinctive stance toward the American experiment in democracy showing how Warren sought to balance off the claims of self and society in the New World This book surveys the full six decades of Warren s career combining close reading with a historian s eye for social and political context While pointedly avoiding the reductive pitfalls of the new historicism Clark documents the informing role the Great Depression played in shaping Warren s attitudes toward art and politics and he demonstrates the necessity of regarding Warren s major achievements in fiction and verse as forms of public speech Read in this light Warren s vision offers a set of possibilities for renegotiating America s covenant with its Founders on new and pragmatic terms Based solidly on the best previous commentary on Warren and his work Clark s study represents a new approach to its subject and incorporates insights and information garnered from the Warren Papers at Yale A wide ranging account of the interplay between an author s imagination and contemporary history this book should prove of interest to all students of American culture especially those concerned with the interrelationships of literature politics and ideology Written in a lively and direct style it will appeal to specialists and general readers alike The Legacy of Robert Penn Warren David Madden, 2000-08-01 Robert Penn Warren was unique among twentieth century American writers for having achieved excellence in a broad and assorted range of genres poems novels plays critical works historical essays personal essays biography and innovative textbooks In this collection of essays critics and poets among the finest Warren scholars assess Warren s legacy within his various genres and illuminate his centrality to twentieth century American culture Although Warren was best known for his novel All the King s Men the fact that most of these essays focus on his poetry attests to the urgency these poets and scholars feel about the need to call attention to this relatively neglected aspect of his work Although their approaches and themes are varied the pieces in The Legacy of Robert Penn Warren are united in their assertion that the writer s true legacy is that he was in a century of increasing specialization a myriad minded Renaissance man The Story Paradox Jonathan Gottschall, 2021-11-23 Storytelling a tradition that built human civilization may soon destroy it Humans are storytelling animals Stories are what make our societies possible Countless books celebrate their virtues But Jonathan Gottschall an expert on the science of stories argues that there is a dark side to storytelling we can no longer ignore Storytelling the very tradition that built human civilization may be the thing that destroys it In The Story Paradox Gottschall explores how a broad consortium of psychologists communications specialists neuroscientists and literary quants are using

the scientific method to study how stories affect our brains The results challenge the idea that storytelling is an obvious force for good in human life Yes storytelling can bind groups together but it is also the main force dragging people apart And it is the best method we've ever devised for manipulating each other by circumventing rational thought Behind all civilization's greatest ills environmental destruction runaway demagogues warfare you will always find the same master factor a mind disordering story Gottschall argues that societies succeed or fail depending on how they manage these tensions And it has only become harder as new technologies that amplify the effects of disinformation campaigns conspiracy theories and fake news make separating fact from fiction nearly impossible With clarity and conviction Gottschall reveals why our biggest asset has become our greatest threat and what if anything can be done It is a call to stop asking How we can change the world through stories and start asking How can we save the world from stories **Long Story Short** John Kitchen,2010-09-01

God has written a grand story His Story And He wants you to discover your own story in His Pastor John Kitchen takes you on a unique journey from Genesis to Revelation unfolding God's overarching plan so your life can contribute to and move with God's great eternal Story Garrison Tales from Tonquin Robert Penn Warren,2001-03-01 *Strange Good Fortune: Essays on Contemporary Poetry (p)* ,2001 **A Story of Deep Delight** Thomas McNamee,1992 Lives interlock break apart and recombine in a southern novel that surges forward through heartbreak farce triumph betrayal and ultimately love An ambitious first novel The Philadelphia Inquirer that sweeps through three eras of shattering change that formed the American South **South Toward Home** Julia Reed,2018-07-31 In considering the pleasures and absurdities of her native culture Julia Reed quotes another Southern writer Willie Morris who said It's the juxtapositions that get you down here These juxtapositions are for Julia the soul of the South and in her warmhearted and funny new book South Toward Home she chronicles her adventures through the highs and the lows of Southern life taking us everywhere from dive bars and the Delta Hot Tamale Festival to an impromptu shindig on a Mississippi River sandbar and a coveted seat on a Mardi Gras float She writes about the region's music and food its pesky critters and prodigious drinking habits its inhabitants' penchant for making their own fun and crucially their gift for laughing at themselves With her distinctive voice and knowing eye Julia also provides her take on the South's more embarrassing characteristics from the politics of lust and the persistence of dry counties to the seemingly bottomless propensity for committing a whole lot of craziness in the name of the Lord No matter what she writes My fellow Southerners have brought me the greatest joy on the page over the airwaves around the dinner table at the bar or hell in the checkout line South Toward Home with a foreword by Jon Meacham is Julia Reed's valentine to the place she knows and loves best Robert Penn Warren's Modernist Spirituality Robert Steven Koppelman,1995 Beginning with an overview of Warren's career as a Fugitive at Vanderbilt and then later as a formidable New Critic Koppelman argues that Warren's regard for the spiritual aesthetic of both literary language and form can be traced to his early study of poetic metaphor To illustrate Warren's mature vision Koppelman centers his study on two novels and two

poetry collections *All the King's Men* *A Place to Come To* *Promises Poems* 1954 1956 and *Now and Then Poems* 1976 1978 He also examines the critical studies that concentrate on Warren's vision of time history and spiritual fulfillment as well as those essays by Warren that complement his poems and novels in such a way as to elicit the reader's participation in the redemption of their narrators

Robert Penn Warren and the American Imagination Hugh Ruppersburg, 1990 The myth of America the gap between American ideals and the actualities of American life is a central and controlling metaphor in the works of Robert Penn Warren Ranging across Warren's distinguished sixty five year career Robert Penn Warren and the American Imagination identifies the concerns that stem from Warren's vision of American history as a struggle to restore the lost ideals of the founding fathers and shows how they resonate through his writings From his 1928 biography of the abolitionist John Brown to the late poems of *Altitudes and Extensions* Warren returned again and again to themes related to democracy regionalism personal liberties individual responsibilities minority relations and above all the loss of ideals Ruppersburg initially focuses on Warren's expression of these themes in three major narrative poems *Brother to the Dragons* portrays slavery in all its horror and its consequences for Jeffersonian idealism *Audubon* A Vision extols the power of imagination in one man's quest to assert an American identity in the wilderness and *Chief Joseph of the Nez Perce* regards the victimization of Native Americans and their exclusion from traditional versions of American history as evidence of flaws in the founding vision In his nonfiction works *Segregation* and *Who Speaks for the Negro* Warren depicted the civil rights movement as a struggle for identity and individualism Ruppersburg traces the development of Warren's attitudes arguing that his support of the civil rights movement paradoxically stemmed from agrarianism which by the 1950s meant something very different to him from the agrarianism of *I'll Take My Stand* In addition Warren hoped that the civil rights movement would restore some of the nation's original revolutionary ardor and idealism The book closes with an examination of Warren's views on the future of democracy and the individual in a world dominated and threatened by science and technology Looking particularly at *The Legacy of the Civil War* *Democracy and Poetry* and the poem *New Dawn* Ruppersburg concludes that Warren was skeptical about our prospects for survival Still through his advocacy of the arts and the primacy of the individual Warren affirmed the values that he believed would help Western culture to endure Robert Penn Warren sought to explore the meaning of the American experience to validate the promise and the dangers of American ideals and to urge the nation to take stock of itself and struggle for control of its fate in history Through this obsessive search for America's identity Ruppersburg demonstrates Warren affirmed his own position as one of the most accomplished and significant of modern American writers
