Hwang, 2018-12-17 The Meaning of My Neighbor's Faith addresses two of the most critical challenges of our time immigration and religious diversity The diverse group of contributors representing a variety of religious traditions disciplines and methodologies explore the meaning of my neighbor's faith in the age of migration Each author reflects on the meaning of religious traditions in the context of the unprecedented migrations of people who look and believe differently than their hosts The volume is the work of scholars dedicated to advancing religious understanding of the debate and discussions on immigration in the light of religious diversity in America and other places in the world **The Other Face of God: When the Stranger Calls us Home** Mary Jo Leddy, 2011 **The Dark Years?** Jacob L.

Goodson, 2020-08-04 In 1997 and 1998 the American secular philosopher Richard Rorty published a set of predictions about the twenty first century ranging from the years 2014 95 He predicted for instance the election of a strong man in the 2016 presidential race and the proliferation of gun violence starting in 2014 He labels the years from 2014 44 the darkest years of American history politics and society From 2045 95 Rorty thinks his own vision for social hope will be implemented within American society a vision that includes charity in the Pauline sense solidarity and sympathy Rorty considers himself a leftist liberal and a philosopher of hope So why would a philosopher of hope predict such darkness and despair In The Dark Years Philosophy Politics and the Problem of Predictions philosopher and political theorist Jacob L Goodson explains the fullness of Rorty's predictions the problem of making predictions within the social sciences and the reasons why even Rorty's vision for life after the dark years fails us on the standards of hope Goodson argues that we ought to challenge the monopoly that American politics has as our object of hope Goodson makes the case for a melancholic yet redemptive hope Neighbor Love through Fearful Days Jason A. Mahn, 2021-08-03 Neighbor Love through Fearful Days is a reflection on pandemics the Covid 19 pandemic the accompanying economic collapse a summer of climate chaos and the pandemic of white supremacy as well as on the calling to serve thy neighbor and work toward the common good even and especially in times of crisis Mahn's

real time reflections begin with an entry dated March 17 2020 after the college where he teaches moved online and his family began sheltering in place they end with an entry dated August 31 2020 when the college reopened for an unprecedented fall term Through the intervening entries he reflects on perennial questions about purpose faith and vocation as they take on a newfound urgency as cities lock down economies reopen and close again and our fractured country teeters on the edge of civil war Each entry grapples with the anxieties and opportunities the suffering and sense of being summoned that characterize that same period Jason A Mahn's evocative narrative is a story about living through a time when the world as we know it is being leveled by pandemics and it is also a deeply philosophical exploration of what it means to live well In the pages of this book Mahn invites readers to muse on the difficult balance between self care and other care _the role of love in social justice and how white privilege might be atoned for and how amid intense suffering to practice a faith that is not escapist but embraces a hope more durable than optimism and a public strategic love more fierce and enduring than previously imagined Ultimately these reflections acknowledge the immense challenge of living a purposeful life in the middle of crisis but invite readers to the shared hope that from the ashen stillness we may just hear new callings to imagine healing cultivate hope and love neighbors in creative ways

Vigilant Memory R. Clifton Spargo, 2006-09 Vigilant Memory focuses on the particular role of Emmanuel Levinas's thought in reasserting the ethical parameters for poststructuralist criticism in the aftermath of the Holocaust More than simply situating Levinas's ethics within the larger context of his philosophy R. Clifton Spargo offers a new explanation of its significance in relation to history In critical readings of the limits and also the heretofore untapped possibilities of Levinasian ethics Spargo explores the impact of the Holocaust on Levinas's various figures of injustice while examining the place of mourning the bad conscience the victim and the stranger neighbor as they appear in Levinas's work Ultimately Spargo ranges beyond Levinas's explicit philosophical or implicit political positions to calculate the necessary function of the memory of injustice in our cultural and political discourses on the characteristics of a just society In this original and magisterial study Spargo uses Levinas's work to approach our understanding of the suffering and death of others and in doing so reintroduces an essential ethical element to the reading of literature culture and everyday life
