

AP U.S. Government & Politics Unit 4

American Political Ideologies and Beliefs

Core American Values		Political Attitudes and Socialization	
Individualism Each person is responsible for herself, free to do what she chooses to do		Political socialization The process of a person obtaining their political ideology: family/parents, peers, education, media, religion all sources	
Equality of opportunity Each person has an opportunity to succeed, however equality of outcome is not guaranteed		Globalization U.S. political culture has both influenced and been influenced by the values of other countries	
Free enterprise An economic system based mostly on markets and freedom of people to choose what to buy and sell		Generational effects Different voting patterns and political beliefs for people in different generations	
Rule of law No person is above the law		Lifecycle effects People focus on different issues at different points in life	
Limited government Governmental power is limited by the Constitution		Major political events That occur especially during young adulthood influence political attitudes and beliefs	
Public Opinion Polling			
Types of polls		Elements of a scientific poll	
Opinion poll Poll to measure public opinion on a particular issue		Random sample All persons in the population have an equal chance being selected	
Benchmark poll Used to find out where a candidate stands before any campaigning, learn strengths, weaknesses, what issues to focus on		Stratified sample Population is divided into subgroups and weighted based on population demographics	
Tracking poll A continuous poll to chart changes in opinion over time		Sampling error A polling error arising from using only a sample of a population; +/- 3% is an acceptable margin of error	
Entrance/exit poll Taken as people enter/exit polling places on election day; used to predict election outcome, to gain insight into voter behavior, and to analyze how different demographic groups voted		Wording of question Must be neutral/unbiased, can't lead respondents towards a certain answer	
		Type and format of question Open/ended, multiple choice, answer choices, etc., can affect the poll results	
American Political Ideologies			
	Conservative	Liberal	Libertarian
Marketplace	Less economic regulation	More economic regulation	Little or no regulation beyond protection of property rights
Taxation	Lower taxes	Higher taxes on those with higher incomes	Minimal taxation

Students Guide To American Political Thought

Jack N. Rakove, Colleen A. Sheehan

Students Guide To American Political Thought:

A Student's Guide to American Political Thought George W. Carey, 2004 Who are the most influential thinkers and which are the most important concepts events and documents in the study of the American political tradition How ought we regard the beliefs and motivations of the founders the debate over the ratification of the Constitution the historical circumstances of the Declaration of Independence the rise of the modern presidency and the advent of judicial supremacy These are a few of the fascinating questions canvassed by George W Carey in A Student's Guide to American Political Thought Carey's primer instructs students on the fundamental matters of American political theory while telling them where to turn to obtain a better grasp on the ideas that have shaped the American political heritage

History of American Political Thought Bryan-Paul Frost, Jeffrey Sikkenga, 2003-01-01 Revised and updated this long awaited second edition provides a comprehensive introduction to what the most thoughtful Americans have said about the American experience from the colonial period to the present The book examines the political thought of the most important American statesmen activists and writers across era and ideologies helping another generation of students scholars and citizens to understand more fully the meaning of America This new second edition of the book includes new essays on Walt Whitman Lyndon Baines Johnson Ronald Reagan and Barack Obama Significant revisions and additions have also been made to many of the original essays increasing the breadth and depth of the collection

A Student's Guide to American Political Thought Carey, George Wescott Carey, Paul T. Heyne, 2000 American Political Thought Keith E. Whittington, 2016 In American Political Thought Readings and Materials Keith E Whittington's historical organization of readings and materials offers a fresh alternative to traditional anthologies contextualizing key pieces in new and unique ways

Conservative Thought and American Constitutionalism since the New Deal Johnathan O'Neill, 2022-11-29 An intellectual history of American conservatism since the New Deal The New Deal fundamentally changed the institutions of American constitutional government and in turn the relationship of Americans to their government Johnathan O'Neill's Conservative Thought and American Constitutionalism since the New Deal examines how various types of conservative thinkers responded to this significant turning point in the second half of the twentieth century O'Neill identifies four fundamental transformations engendered by the New Deal the rise of the administrative state the erosion of federalism the ascendance of the modern presidency and the development of modern judicial review He then considers how various schools of conservative thought traditionalists neoconservatives libertarians Straussians responded to these major changes in American politics and culture Conservatives frequently argued among themselves and their responses to the New Deal ranged from adaptation to condemnation to political mobilization Ultimately the New Deal pulled American governance and society permanently leftward Although some of the New Deal's liberal gains have been eroded a true conservative counterrevolution was never O'Neill argues a realistic possibility He concludes with a plea for conservative thinkers to seriously reconsider the role of

Congress a body that is relatively ignored by conservative intellectuals in favor of the courts and the presidency in America's constitutional order. *Conservative Thought and American Constitutionalism* since the New Deal explores the scope and significance of conservative constitutional analysis amid the broader field of American political thought. *Conservatives and the Constitution* Ken I. Kersch, 2019-03-28 Recovers a contested evolving tradition of conservative constitutional argument that shaped the past and is bidding to make the future. **The Cambridge Companion to the Federalist Papers** Jack N. Rakove, Colleen A. Sheehan, 2020-03-12 A multifaceted approach to *The Federalist* that covers both its historical value and its continuing political relevance. **Defending the Republic** Bruce Frohnen, Kenneth L. Grasso, 2022-10-07 In recent years our constitutional order has increasingly come under attack as irredeemably undemocratic, racist, and oppressive. At the same time it is increasingly obvious that political practices in the United States have strayed very far from the founders' designs and become deeply dysfunctional. The time is thus ripe for renewed reflection about the American political tradition. This volume reintroduces readers to the conservative tradition of political and constitutional discourse. It brings together prominent political scientists and legal scholars, all of whom were deeply influenced by the life and work of the eminent constitutional scholar George W. Carey. For over 40 years Carey strove mightily to explain the nature and requirements of our political tradition. How it fostered meaningful, virtuous self-government and how our constitutional tradition has been derailed by progressivist ideology. He is perhaps best known for his concept of constitutional morality, the understanding that our republican constitutional order can be sustained only by a combination of formal mechanisms (e.g., separation of powers and unwritten norms, standards of behavior that act to foster deliberation and consensus) as well as keeping political actors within the boundaries of their constitutional offices. Contributors including Francis Canavan, Claes G. Ryn, Paul Edward Gottfried, and Peter Augustine Lawler discuss and develop Carey's key insights, applying them to issues from the nature of majoritarian government to the purposes of constitutionalism to the decline of virtue that has accompanied the expansion of power among national and international elites. Each essay provides penetrating analysis of key aspects of our tradition, its inherent purposes, growth, and subsequent derailment, as well as the resources remaining within that tradition for the rebuilding of our constitutional order and a decent common life. **American Political Science Research Guide** George W. Johnson, 2012-12-06 The American Political Science Research Guide to their efforts. Individuals in administration is a new series dealing generally with American political positions. It will also find that the APSRG offers a means for keeping current on public government and specifically with public administration, state and local government policy questions despite the normal restriction of the legislative and executive branches and the time and circumstance of the judiciary. The key to the entire program is the use of the database of the Political Science Series. As an innovative idea, the APSRG is an approach to political research which focuses upon a Universal Reference System. Combining a single area within the discipline of political science with the definitive URS Supplement and a science. The first in a proposed series of refined indexing

procedure the APSRG is pro softcover research guides the APSRG is reproduced under the supervision of the same scholarly representative of the guiding principle of providers who develop that annual supplement Student's Guide to Elections CQ Press,2008-06-03 The first elections reference specifically created to support students and teachers in U S government course Student's Guide to Elections is an informative and engaging reference tool for young researchers seeking information on voting the electoral process and the history of U S elections It offers accessible access to the key topics in high school U S government and U S history curricula A comprehensive single volume resource it features essays encyclopedic entries and primary source documents to help students understand the history and significance of the U S electoral process The user friendly design includes boxed features time lines photos maps charts tables and political cartoons Student's Guide to Elections is the first title in a brand new Student's Guide series from CQ Press Uniquely the Student's Guide series of books is written so that students need no prior knowledge to understand the essays encyclopedia entries or primary sources in these resources With the 2008 presidential election looming in November this volume will prove to be an indispensable resource for high school and public libraries and a teaching resource for courses on U S government and political system

Resources in Education ,2001-04 *Books and Pamphlets, Including Serials and Contributions to Periodicals* Library of Congress. Copyright Office,1968 **Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... Wherein the Copyright Has Been Completed by the Deposit of Two Copies in the Office** Library of Congress. Copyright Office,1969 **Averroes and Averroism in Medieval Jewish Thought** ,2024-03-25 The Andalusian Muslim philosopher Averroes 1126 1198 is known for his authoritative commentaries on Aristotle and for his challenging ideas about the relationship between philosophy and religion and the place of religion in society Among Jewish authors he found many admirers and just as many harsh critics This volume brings together for the first time essays investigating Averroes's complex reception in different philosophical topics and among several Jewish authors with special attention to its relation to the reception of Maimonides Pablo Dreizik Professor of Philosophy at the University in Buenos Aires has featured this volume in a radio presentation on Radio Sefarad which represents the voice of the Federation of Jewish Communities of Spain The presentation is available here for all interested Radio Sefarad **Natural Law and Religious Freedom** J. Daryl Charles,2017-07-20 Every successive generation finds fresh reasons for the study of natural law Current interest in the natural law may well be due to a pervasive moral pessimism in the Western cultural context and wider contemporary geopolitical challenges Those geopolitical challenges result from two significant and worrisome global developments unprecedented violent persecution of religious minorities on several continents and a growing climate of secular hostility toward religious faith in Western societies Natural Law and Religious Freedom aims to address what is relatively absent from the literature by demonstrating the importance of natural law ethics in both establishing and preserving basic human rights of which religious freedom has pride of place

Probing contemporary challenges to natural law thinking that are both internal and external to religious faith and examining the character and constitution of natural law ethics Natural Law and Religious Freedom will be of interest to theologians ethicists and philosophers as well as policy analysts politicians and activists who are concerned to anchor religious freedom and human rights policy considerations in an enduring way

History and Material Culture Karen Harvey,2017-09-18 Sources are the raw material of History but whereas the written word has traditionally been seen as the principal source historians now recognize the value of sources beyond text In this new edition of History and Material Culture contributors consider a range of objects from an eighteenth century bed curtain to a twenty first century shopping trolley which can help historians develop new interpretations and new knowledge about the past Containing two new chapters on healing objects in East Africa and the shopping trolley in the social world this book examines a variety of material sources from around the globe and across centuries to assess how such sources can be used to study the distant and the recent past In a revised introduction Karen Harvey discusses some of the principal issues raised when historians use material culture particularly in the context of the material turn and suggests some initial steps for those unfamiliar with these kinds of sources While the sources are discussed from interdisciplinary perspectives the emphasis of the book is on what historians stand to gain from using material culture as well as what historians have to offer the broader study of material culture Clearly written and accessible this book is the ideal introduction to the opportunities and challenges of researching material culture and is essential reading for all students of historical theory and method

American Democracy in Context John Anthony Maltese,Joseph A. Pika,W. Phillips Shively,2019-11-08 Discover what makes American democracy unique and how its government impacts your life American Democracy in Context provides a combined comparative and historical approach to inspire students to better understand American government and become active citizens Bestselling authors Maltese Pika and Shively explain the distinctive features of how Americans practice democracy how they vote translate election results into representation of interests make policy decisions enforce laws and maintain justice and how those practices differ from other democracies throughout the world The emphasis is always on the American political system but the search for understanding encourages students to examine how the American system has developed over time historical context and how it compares with similar practices in other democracies comparative context This combined approach motivates students to understand why politics is relevant to their everyday lives and how they can affect changes and make a difference This title is accompanied by a complete teaching and learning package Digital Option Courseware SAGE Vantage is an intuitive digital platform that delivers this text s content and course materials in a learning experience that offers auto graded assignments and interactive multimedia tools all carefully designed to ignite student engagement and drive critical thinking Built with you and your students in mind it offers simple course set up and enables students to better prepare for class Assignable Video with Assessment Assignable

America's Bachelor Uncle Bob Pepperman Taylor,1996 At last an account that takes Thoreau seriously as a political thinker and makes an unconventional but persuasive case that Thoreau was deeply concerned with our political community its citizens its values and institutions and its future A fascinating book easy to recommend Robert Booth Fowler author of *The Dance with Community*

The Greening of Protestant Thought Robert Booth Fowler,2000-11-09 The Greening of Protestant Thought traces the increasing influence of environmentalism on American Protestantism since the first Earth Day which took place in 1970 Robert Booth Fowler explores the extent to which ecological concerns permeate Protestant thought and examines contemporary controversies within and between mainline and fundamentalist Protestantism over the Bible s teachings about the environment Fowler explores the historical roots of environmentalism in Protestant thought including debates over God s relationship to nature and the significance of the current environmental crisis for the history of Christianity Although he argues that mainline Protestantism is becoming increasingly green he also examines the theological basis for many fundamentalists hostility toward the environmental movement In addition Fowler considers Protestantism s policy agendas for environmental change as well as the impact on mainline Protestant thinking of modern eco theologies process and creation theologies and ecofeminism
