Studie Ueber Kafka:

Kafka-Studien Jost Schillemeit, 2004

Kreuzeswissenschaft - Studie über Johannes vom Kreuz Edith

Stein, 2023-12-09 In Kreuzeswissenschaft Studie über Johannes vom Kreuz untersucht Edith Stein das tiefgründige Werk des spanischen Mystikers Johannes vom Kreuz. In einer sorgfältigen Analyse seiner theologischen Konzepte und mystischen Erfahrungen entfaltet Stein die wesentlichen Elemente der Kreuzestheologie, die sowohl für die christliche Spiritualität als auch für das moderne Verständnis von Leiden und Erlösung von zentraler Bedeutung sind. Ihre stilistisch prägnante und philosophisch fundamentierte Schreibweise zieht den Leser in die innere Welt des Glaubens und der Erfahrungen. Die Johannes vom Kreuz in seinen Werken schildert Steins Forschungsliteratur eröffnet somit einen außergewöhnlichen Zugang zu den stofflichen und spirituellen Dimensionen des leidvollen Gotteserlebnisses. Edith Stein, eine Philosophin und Karmelitin, war nicht nur eine bedeutende Denkerin des 20. Jahrhunderts, sondern auch eine mystische Suchende. Ihre intensive Auseinandersetzung mit der phänomenologischen Methode und die tiefen Einblicke in den christlichen Glauben sind das Resultat ihrer eigenen spirituellen Reise, die von der jüdischen Tradition zur Karmeliterinnen-Ordensgemeinschaft führte. Steins Engagement für das Mystische und das Leitbild der Assoziation mit Gott motivierten sie, die Gedanken von Johannes vom Kreuz zu erforschen und zu verbreiten. Dieses Werk eignet sich für Leser, die ein tieferes Verständnis für die Verbindung zwischen Glauben und Leiden suchen. Es ist besonders wertvoll für Theologen, Philosophen und alle, die im Glauben nach spiritueller Tiefe und Einsicht streben. Die Lektüre von Steins Analyse wird nicht nur den intellektuellen Horizont erweitern, sondern auch zur persönlichen Reflexion anregen und einen Zugang zu einer der tiefendsten spirituellen Traditionen des Christentums eröffnen.

Studie Über Kafka Siegfried Weitzmann, Vorwort Robert Weltsch, 1970

Aneignung und

Reflexion: Studien zur Rezeption Søren Kierkegaards Heiko Schulz, 2011 Der Band enthält eine Sammlung von deutsch- und englischsprachigen Aufsätzen, die sich mit der Rezeption Søren Kierkegaards befassen und zwar am Leitfaden der Begriffe Aneignung und Reflexion. Der Doppelsinn im Genitiv des Untertitels ist dabei durchaus beabsichtigt. Denn es geht nicht nur um die explizite Aneignung sowie die implizite Reflexion des Kierkegaard'schen Denkens in ihrer Wirkungsgeschichte, sondern auch um Vorläufer und exemplarische Quellen seines eigenen Denkens. Der Schwerpunkt in der Rekonstruktion der Rezeptionsgeschichte liegt auf den sog. pseudonymen Werken und deren Wirkung in der vornehmlich innerdeutschen Philosophie und Theologie des 19. und 20. Jahrhunderts während der Rückgang auf die Quellen primär Kierkegaards Auseinandersetzung mit einigen Hauptvertretern des post-hegelianischen Denkens nachzeichnet. Beide Textgruppen fördern zahlreiche überraschende, bislang unbekannte oder aber zu Unrecht marginalisierte Zusammenhänge in der Genese wie in der komplexen Wirkungsgeschichte des Kierkegaard'schen Denkens zutage.

Constructive Destruction Richard T. Gray, 2012-01-02 The study presents a thorough investigation of Kafka's aphoristic writings examining them in terms of the history of the aphorism in Germany and paying special regard to Kafka's contemporary Austrian aphorists.

Emphasis is placed on the role of the aphorism in the development of Kafka's literary creativity. Aphoristic discourse presented itself to Kafka as a possible manner of resolving specific conflicts in his life and art above all the crisis of communication, the individuality of the self. Aphoristic structure provides the transitional link between Kafka's early perspectivistic narratives and the parables of the later period.

Investigating Franz Kafka's "Der Bau" Andrea Ebarb, 2023-04-27 In 2016 the Israeli Supreme Court ruled that Max Brod's posthumous papers, which included a collection of Kafka's manuscripts, be transferred to the National Library of Israel in Jerusalem. If Kafka's writings may be seen to belong to Jewish national culture and if they may be considered part of Israel's heritage, then their analysis within a Jewish framework should be both viable and valuable. This volume is dedicated to the research of Franz Kafka's late narrative *The Burrow* and its autobiographical and theological significance. Research is extended to incorporate many fields of study: architecture, sound studies, philosophy, cultural studies, Jewish studies, literary studies, to illustrate the dynamics at work within the text, which reveal the Jewish aspects implicitly thematized. Examination of the structure created the nature of sound perceived, the atmosphere experienced, and the acts performed by the protagonist serve as the foundation of this analysis and offer new access to Kafka's work by presenting an interpretive space. Semantic approach: *Der Bau* is presented as a life concept given the task of constituting identity, highlighting the critical link between the literary and biographical Kafka and demonstrating the necessity of understanding the author as a Jewish writer to understand his late narrative. For her outstanding research project, Andrea Newsom Ebarb was awarded the *Forschungsförderpreis der Vereinigung der Freunde der Universität Mainz e.V.* in 2023.

Kafka's Stereoscopes Isak Winkel Holm, 2019-09-19 In 1911 Franz Kafka encountered the Kaiser Panorama, a stereoscopic peep show offering an illusion of three-dimensional depth. After the experience, he began to emulate the apparatus in his literary sketches, developing a style we might call stereoscopic juxtaposing, like the optical stereoscope: two images of the same object seen from slightly different perspectives. Isak Winkel Holm argues that Kafka's stereoscopic style is crucial to an understanding of the relation between literature and politics in Kafka's work. At the level of content, the stereoscopic style offers a representation of the basic order of a specific community. At the level of form, the stereoscopic style is structured as the juxtaposition of two dissimilar images of the same community. At the level of function, finally, the style provokes a reconsideration and perhaps even a reconfiguration of the social order itself. With insights from literary studies, philosophical aesthetics, and political theory, *Kafka's Stereoscopes* offers a detailed but highly readable argument for the relevance of Kafka's literary works in today's political reality.

The Year's Work Modern Language Studies Graham Orton, 1965

Brentano Studien, 1998 *Volume 8, Tome I: Kierkegaard's International Reception - Northern and Western Europe* Jon Stewart, 2016-12-05 Although Kierkegaard's reception was initially more or less limited to Scandinavia, it has for a long time now been a highly international affair. As his writings were translated into different languages, his reputation spread, and he became read more and more by people increasingly distant from his native Denmark. While in

Scandinavia the attack on the Church in the last years of his life became something of a cause célèbre later many different aspects of his work became the object of serious scholarly investigation well beyond the original northern borders As his reputation grew he was co-opted by a number of different philosophical and religious movements in different contexts throughout the world The three tomes of this volume attempt to record the history of this reception according to national and linguistic categories Tome I covers the reception of Kierkegaard in Northern and Western Europe The articles on Denmark Norway Sweden Finland and Iceland can be said to trace Kierkegaard's influence in its more or less native Nordic Protestant context Since the authors in these countries with the exception of Finland were not dependent on translations or other intermediaries this represents the earliest tradition of Kierkegaard reception The early German translations of his works opened the door for the next phase of the reception which expanded beyond the borders of the Nordic countries The articles in the section on Western Europe trace his influence in Great Britain the Netherlands and Flanders Germany and Austria and France All of these countries and linguistic groups have their own extensive tradition of Kierkegaard reception

Kafka's Social Discourse Mark E. Blum, 2011-05-12 Franz Kafka is among the most significant 20th century voices to examine the absurdity and terror posed for the individual by what his contemporary Max Weber termed the iron cage of society Ferdinand Tönnies had defined the problem of finding community within society for Kafka and his peers in his 1887 book *Gemeinschaft und Gesellschaft* Kafka took up this issue by focusing upon the social discourse of human relationships In this book Mark E. Blum examines Kafka's three novels *Amerika* *The Trial* and *The Castle* in their exploration of how community is formed or eroded in the interpersonal relations of its protagonists Critical literature has recognized Kafka's ability to narrate the gestural moment of alienation or communion This social discourse was augmented however by a dimension virtually no commentator has recognized Kafka's conversation with past and present authors Kafka encoded authors and their texts representing every century of the evolution of modernism and its societal problems from Bunyan and Defoe through Pope and Lessing to Fontane and Thomas Mann The inter-textual conversation Kafka conducted can enable us to appreciate the profound human problem of realizing community within society Cultural historians as well as literary critics will be enriched by the evidence of these encoded cultural conversations Kafka's *Imperial Messenger* may finally be heard in the full history of his emanations Kafka encoded not only past authors but painters as well Kafka had been known as a graphic artist in his youth and was informed by expressionism and cubism as he matured Kafka's encodings of literature as well as fine art are not solely of the work to which he refers but the community of authors or painters and their success or failure of community Kafka's encodings were meant as an extra-textual readings for astute readers but also as a lesson to his fellow authors whom he held accountable in his correspondence as cultural messengers

Benjamin Studien Helga Geyer-Ryan, 2002 The first volume of Benjamin Studies publishes the keynote lectures of the first Congress of the International Walter Benjamin Association which took place in Amsterdam July 1997 Its title bears witness to the most central concepts of Benjamin's

philosophy of culture Strongly influenced as he was by Kant Benjamin never lost his inclination to analyse the components of reality as fashioned by ourselves Because he was also a materialist for him the modes of fashioning were shaped in turn by the times and places we occupy in history As a consequence Benjamin s theory assigns a pivotal role in the interaction between the world and its inhabitants to the media language with its plethora of discourses the arts and the whole technology of reproduction The historical and social development of the media is translated according to him into our instruments of perception and this perception constructs the elements of the world the knowledge of this construction and the knowledge of the constructor The self knowledge of the constructor is what we call experience Within this broad epistemological framework the diversity and complexity of Benjamin s project acquires a fundamental coherence and is therefore able to accommodate the temporal volatility of the phenomena of our world It s not surprising therefore that Perception Experience offers the most stimulating variety of topics and that the keynote lectures reflect merely an intensification of interest in certain areas within a much larger field of investigation The texts presented here pinpoint the central preoccupations of today s debates amongst Benjamin scholars preoccupations which are themselves responses to our own historical imperatives Kierkegaard Bibliography Peter Šajda,2017 **Volume 12, Tome I: Kierkegaard's**

Influence on Literature, Criticism and Art Jon Stewart,2016-12-05 While Kierkegaard is primarily known as a philosopher or religious thinker his writings have also been used extensively by literary writers critics and artists worldwide who have been attracted to his creative mixing of genres his complex use of pseudonyms his rhetoric and literary style and his rich images parables and allegories The goal of the present volume is to document this influence in different language groups and traditions Tome I explores Kierkegaard s influence on literature and art in the Germanophone world He was an important source of inspiration for German writers such as Theodor Fontane Thomas Mann Rainer Maria Rilke Alfred Andersch and Martin Walser Kierkegaard s influence was particularly strong in Austria during the generation of modernist authors such as Rudolf Kassner Karl Kraus Robert Musil and Hermann Broch Due presumably in part to the German translations of Kierkegaard in the Austrian cultural journal *Der Brenner* Kierkegaard continued to be used by later figures such as the novelist and playwright Thomas Bernhard His thought was also appropriated in Switzerland through the works of Max Frisch and Friedrich Dürrenmatt The famous Czech author Franz Kafka identified personally with Kierkegaard s love story with Regine Olsen and made use of his reflections on this and other topics **The Journal of Hygiene** George Henry Falkiner Nuttall,1926 Issues for 1906 17 include reports on plague investigation in India 6th 10th reports and Plague supplements no 1 5 and Parasitology v 1 5 *A Franz Kafka Encyclopedia* Richard T. Gray,Ruth V. Gross,Rolf J. Goebel,Clayton Koelb,2005-08-30 Known for depicting alienation frustration and the victimization of the individual by impenetrable bureaucracies Kafka s works have given rise to the term Kafkaesque This encyclopedia details Kafka s life and writings Included are more than 800 alphabetically arranged entries on his works characters family members and

acquaintances themes and other topics Most of the entries cite works for further reading and the Encyclopedia closes with a selected general bibliography

Approaches to Personal Identity in Kafka's Short Fiction Leena Eilittä,1999 This study examines the relationship between on the one hand Kafka s presentation of problems of human identity in selected works of his short fiction and on the other three important theoretical discourses of the time Freudian psychoanalysis Social Darwinism and Kierkegaard s religious existential philosophy It is suggested that at various stages in Kafka s writing career these discourses were influential in shaping his developing attempts in his short fiction to cope with the problem of identity Readings of selected works from Kafka s short fiction are incorporated into a framework of evidence which expands our knowledge about the intellectual contexts in which these works were composed and attests to the extent and nature of Kafka s knowledge of these discourses through his reading of literary and cultural journals
