## **Studies In Functional Stylistics Linguistic Literary Studies In Eastern Europe:**

**Studies in Functional Stylistics** Jan Chloupek, Jiri Nekvapil, Jiří Nekvapil, 1993-01-01 The 15 contributions in the present collection can be divided roughly into three groups 1 Papers directly following up functional stylistics and the theory of language culture elaborated in the classical period of the Prague Linguistic School 2 Papers concerning the problems of style in a wider communicative arena These contributions are closely related to contemporary text linguistics and also deal with problems involving psycholinguistics sociolinguistics and semiotics 3 Papers having at least in some part a pronounced historiographic character These contributions reflect the fact that contemporary Czech linguistic research is firmly anchored in the Prague linguistic tradition Although the authors frame of reference is mainly Czech and the current language situation in the Czech Republic the majority of contributions were intended to have a more general linguistic character and general linguistic validity The American Bibliography of Slavic and East European Studies Patt Leonard, Rebecca

Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology *Linguistic & Literary Studies in Eastern Europe*, 1979

**Computational Stylistics in Poetry, Prose, and Drama** Anne-Sophie Bories, Petr Plecháč, Pablo Ruiz Fabo, 2022-12-19 This volume responds to the current interest in computational and statistical methods to describe and analyse metre style and poeticity particularly insofar as they can open up new research perspectives in literature linguistics and literary history The contributions are representative of the diversity of approaches methods and goals of a thriving research community Although most papers focus on written poetry including computer generated poetry the volume also features analyses of spoken poetry narrative prose and drama The contributions employ a variety of methods and techniques ranging from motif analysis network analysis machine learning and Natural Language Processing The volume pays particular attention to annotation one of the most basic practices in computational stylistics This contribution to the growing dynamic field of digital literary studies will be useful to both students and scholars looking for an overview of current trends relevant methods and possible results at a crucial moment in the development of novel approaches when one needs to keep in mind the qualitative hermeneutical benefit made possible by such quantitative efforts **Russian Language Studies in North America**

Veronika Makarova, 2013-10-01 Russian Language Studies in North America New Perspectives from Theoretical and Applied Linguistics offers a unique collection of research papers representing current directions in Russian language studies in Canada and the United States Traditionally Slavic and Russian studies in these countries have centered around literature history politics and culture This volume reflects recent changes in Russian studies by focusing on language structure language use and teaching methodology The volume brings together several generations of scholars from young promising researchers to those with long established reputations in the field **The Literary-Linguistic Analysis of the Bible**

,2024-09-16 This collection of essays explores the rich intellectual heritage of Russian Formalism and the Prague School of Linguistics to illuminate their influence on the field of biblical studies and apply their constructive and creative potential for advancing linguistic theory discourse analysis and literary interpretation of the texts of the Old and New Testaments in their original languages *Theory and Practice in Corpus Linguistics* ,1990 **International Journal of the Sociology of Language** ,1974 **The Prague Bulletin of Mathematical Linguistics** ,1997 *The Message of the Jerusalem Council in the Acts of the Apostles* Zachary K. Dawson,2022-03-28 By applying a linguistic stylistic analysis this study argues that Luke s construal of the Jerusalem Council in Acts 15 and its related passages attempt to subvert a tradition within Second Temple Jewish literature that threatened the unity of multi ethnic churches Central and Eastern European Literary Theory and the West Michał Mrugalski,Schamma Schahadat,Irina Wutsdorff,2022-12-05 Literary theory flourished in Central and Eastern Europe throughout the twentieth century but its relation to Western literary scholarship is complex This book sheds light on the entangled histories of exchange and influence both within the region known as Central and Eastern Europe and between the region and the West The exchange of ideas between scholars in the East and West was facilitated by both personal and institutional relations both official and informal encounters For the longest time however intellectual exchange was thwarted by political tensions that led to large parts of Central and Eastern Europe being isolated from the West A few literary theories nevertheless made it into Western scholarly discourses via exiled scholars Some of these scholars such as Mikhail Bakhtin become widely known in the West and their thought was transposed onto new Western cultural contexts others such as Olga Freidenberg were barely noticed outside of Russian and Poland This volume draws attention to the schools circles and concepts that shaped the development of theory in Central and Eastern Europe as well as the histoire croise e the history of translations transformations and migrations that conditioned its relationship with the West The Routledge Handbook of Translation Studies and Linguistics Kirsten Malmkjaer,2017-12-14 The Routledge Handbook of Translation Studies and Linguistics explores the interrelationships between translation studies and linguistics in six sections of state of the art chapters written by leading specialists from around the world The first part begins by addressing the relationships between translation studies and linguistics as major topics of study in themselves before focusing in individual chapters on the relationships between translation on the one hand and semantics semiotics and the sound system of language on the other Part II explores the nature of meaning and the ways in which meaning can be shared in text pairs that are related to each other as first written texts and their translations while Part III focuses on the relationships between translation and interpreting and the written and spoken word Part IV considers the users of language and situations involving more than one language and Part V addresses technological tools that can assist language users Finally Part VI presents chapters on the links between areas of applied linguistics and translation and interpreting With an introduction by the editor and an extensive bibliography this handbook is an indispensable resource for advanced students of translation studies

interpreting studies and applied linguistics      *Contrastive Functional Analysis* Andrew Chesterman,1998-01-01 The concept of similarity lies at the heart of this book on contrastive analysis The author aims to show how contrastive analysis and translation theory make use of similarity in different ways He also explains how it relates to the problematic notions of equivalence and tertium comparationis      *Occasional Papers in Systemic Linguistics* ,1992      **Folia Linguistica** ,1994

**The Prague School of Structural and Functional Linguistics** Philip A. Luelsdorff,1994-11-07 The importance of the Prague School for the rise of structuralism and for integration of the theoretical linguistics of today can hardly be overestimated The volume brings together 13 papers showing the main results of the research of the Prague School and of its continuation in the domains of phonemics and written language morphemics and word formation lexicon syntax and semantics text structures stylistics and typology The authors all actively contributed to the domain they are treating here

**Foundations of Pragmatics** Wolfram Bublitz,Neal R. Norrick,2011-06-30 Open publication Opening the 9 volume series Handbooks of Pragmatics this handbook provides a comprehensive overview of the foundations of pragmatics It covers the central theories and approaches as well as key concepts and topics characteristic of mainstream pragmatics i e the traditional and most widespread approach to the ways and means of using language in authentic social contexts The in depth articles provide reliable orientational overviews useful to researchers students and teachers They are both state of the art reviews of their topics and critical evaluations in the light of subsequent developments Topics are thus considered within their scholarly context and also critically evaluated from current perspectives The five major sections of the handbook are dedicated to the Conceptual and Theoretical Foundations with a historiographic overview of the establishment and subsequent development of pragmatics Key Topics investigating indexicality reference and other concepts that were the first to make their way from grammar into pragmatics and mainstream notions like speech acts types of inference the Place of Pragmatics in the Description of Discourse delimiting pragmatics from grammar semantics prosody literary criticism and Methods and Tools
