Studies In Human Sexual Behavior The American Scene:

Studies in Human Sexual Behavior Ailon Shiloh, 1970 *Studies in Human Sexual Behavior : the American Scene*
Richard Paul Mitchell, 1970 **Studies in Human Sexual Behavior: the American Scene** Ailon Shiloh, 1970 **Sex and Reason** Richard A. Posner, 2009-07-01 Sexual drives are rooted in biology but we don't act on them blindly. Indeed, as the eminently readable judge and legal scholar Richard Posner shows, we make quite rational choices about sex based on the costs and benefits perceived. Drawing on the fields of biology, law, history, religion, and economics, this sweeping study examines societies from ancient Greece to today's Sweden and issues from masturbation, incest, taboos, date rape, and gay marriage to Baby M. The first comprehensive approach to sexuality and its social controls, Posner's rational choice theory surprises, explains, predicts, and totally absorbs. *In Harm's Way* Joel Feinberg, Jules L. Coleman, Allen Buchanan, 1994-06-24 This 1994 volume contains fifteen essays by leading philosophers exploring themes developed in the work of Joel Feinberg.

Intercourse (Volume 2 of 2) (EasyRead Super Large 18pt Edition) , *Intercourse* Andrea Dworkin, 2009-09-14 *Intercourse* is a book that moves through the sexed world of dominance and submission. It moves in descending circles, not in a straight line, and as in a vortex, each spiral goes down deeper. Its formal model is Dante's *Inferno*; its lyrical debt is to Rimbaud. The equality it envisions is rooted in the dreams of women, silent generations, pioneer voices, lone rebels, and masses who agitated, demanded, cried out, broke laws, and even begged. The begging was a substitute for retaliatory violence, doing bodily harm back to those who use or injure you. I want women to be done with begging. The public censure of women, as if we are rabid, because we speak without apology about the world in which we live, is a strategy of threat that usually works. Men often react to women's words, speaking and writing as if they were acts of violence. Sometimes men react to women's words with violence. So we lower our voices. Women whisper. Women apologize. Women shut up. Women trivialize what we know. Women shrink. Women pull back. Most women have experienced enough dominance from men: control, violence, insult, contempt, that no threat seems empty. *Intercourse* does not say "forgive me and love me." It does not say "I forgive you, I love you." For a woman writer to thrive or, arguably, to survive in these current hard times, forgiveness and love must be subtext. No, I say, no. *Intercourse* is search and assertion, passion and fury, and its form no less than its content deserves critical scrutiny and respect. PREFACE *Intercourse (EasyRead Comfort Edition)* Andrea Dworkin, 2007 *Prostitution and the State in Italy, 1860-1915* Mary Gibson, 2000 Traces the history of prostitution during the period when all prostitutes were required to register with the police, live in licensed brothels, undergo health examinations, and be treated in a special hospital if they were infected with venereal disease. Records of the era are used to examine how laws affected prostitutes' lives. Gibson teaches history at John Jay College of Criminal Justice and at City University of New York. First published in 1986 by Rutgers The State University. This second edition contains a new introduction, a new Part I, and a new bibliography. (U.S.),1970 First multi year cumulation covers six years 1965 70 Total Institutions Samuel E. Wallace,2017-09-08 Total institutions are defined in this reader not as a separate class of social establishments that exercise complete or nearly complete control over their population but rather as specific institutions which exhibit to an intense degree certain characteristics found in all institutions The issue therefore is not which institutions are total and which are not but rather how much totality does each of our institutions display Representing an important new approach to problems of social control this book concentrates on dynamics how institutions change in the extent or nature of their totality over time and how they display totality in different ways rather than the mere enumeration of common traits The Devil's Chain Keely Stauter-Halsted,2016-02-19 In the half century before Poland s long awaited political independence in 1918 anxiety surrounding the country s burgeoning sex industry fueled nearly constant public debate The Devil s Chain is the first book to examine the world of commercial sex throughout the partitioned Polish territories uncovering a previously hidden conversation about sexuality gender propriety and social class Keely Stauter Halsted situates the preoccupation with prostitution in the context of Poland s struggle for political independence and its difficult transition to modernity She traces the Poles growing anxiety about white slavery venereal disease and eugenics by examining the regulation of the female body the rise of medical authority and the role of social reformers in addressing the problem of paid sex Stauter Halsted argues that the sale of sex was positioned at the juncture of mass and elite cultures affecting nearly every aspect of urban life and bringing together sharply divergent social classes in what had long been a radically stratified society She captures the experiences of the impoverished women who turned to the streets and draws a vivid picture of the social milieu that shaped their choices The Devil s Chain demonstrates that discussions of prostitution and its attendant disorders sexual deviancy alcoholism child abuse vagrancy and other related problems reflected differing visions for the future of the Polish nation
