Studies In Leading And Organizing Schools:

Studies in Leading and Organizing Schools Cecil Miskel, Wayne K. Hoy, 2003-04-01 This volume provides a mix of beginning and established scholars and a range of theoretical perspectives Eight separate but related analyses were selected for publication this year The book begins with a chapter by Sims and Miskel which examines national reading policy as part of a broader federal government agenda on children s literacy Using a model of punctuated equilibrium they trace the peaks of congressional and media attention to literacy Their findings reveal that the broad level of literacy has remained a rather active and durable policy issue for more than three decades When however the analysis shifts to different targets that is from elementary and secondary school students to adults and youth to LEP individuals there are distinct patterns of punctuation and equilibrium The researchers conclude that the specific issue of children s literacy in the 1990s is the latest version or episode of literacy policy produced by shifting images and venues

Trust and School Life Dimitri Van Maele, Patrick B. Forsyth, Mieke Van Houtte, 2014-01-31 This book samples recent and emerging trust research in education including an array of conceptual approaches measurement innovations and explored determinants and outcomes of trust The collection of pathways explores the phenomenon of trust and establishes the significance of trust relationships in school life It emboldens the claim that trust merits continued attention of both scholars and practitioners because of the role it plays in the production of equity and excellence Divided into four parts the book explores trust under the rubrics of learning teaching leading and bridging The book proposes a variety of directions for future research These include the simultaneous investigation of trust from the perspectives of various trusters and at both the individual and group levels longitudinal research designs and an elaboration of methods

Leadership and School Quality Michael DiPaola, Wayne K. Hoy, 2015-03-01 Leadership and School Quality is the twelfth in a series on research and theory dedicated to advancing our understanding of schools through empirical study and theoretical analysis Hence the chapters include analyses that investigate relationships between school organizations and leadership behaviors that have an impact on teacher and school effectiveness **Thinking and Acting Systemically** Alan Daly, Kara Finnigan, 2016-05-19 This volume argues that districts are important as a lever for change given the limited success of school by school efforts Policies that focus on skill development recognize and support performance create opportunities for collaboration build leader capacity and create networks of knowledge sharing hold great potential for improving districts but it will require a paradigm shift in the way we view our public school system and those who work within it away from blame and toward complex systems change Leading Schools Successfully Christopher Day, David Gurr, 2013-07-24 Leading Schools Successfully Stories from the field considers international research focussing on leadership in schools Based on the ISSPP International Successful School Principalship Project which has conducted over one hundred multiple perspective case studies of successful school principals from more than a dozen countries the book captures the exhilaration of being a principal who grows and sustains success from those practitioners who are acknowledged as exhibiting outstanding leadership Whilst much is known about successful school leaders the book reinforces the argument that it is neither possible nor appropriate to generalise specific strategies that should be adopted to ensure success for all schools at all times in all settings Instead success calls for a high level of judgement wisdom artistry and sheer hard work on the part of principals adapting for their particular context the knowledge about leading schools successfully Reflection sections in each chapter ask the reader to consider further issues which each chapter raises Topics considered include the importance of school principals to school success turning around under performing schools values led leadership sustaining successful leadership leading in multi cultural settings issues and implications for the future With international contributions from experts in the field the book offers a new perspective on leadership in schools and will be of interest to school principals and researchers

Leading Schools of Excellence and Equity Kathleen M. Brown, Jennifer L. Benkowitz, Anthony J. Muttillio, Thad Urban, 2010-11-01 The purpose of this empirical inquiry of state recognized Honor Schools of Excellence was to explore how these schools of distinction are or are not promoting and supporting both academic excellence and systemic equity for all students In Phase One quantitative data were collected through equity audits to scan for and then document systemic patterns of equity and inequity across multiple domains of student learning and activities within 24 schools In Phase Two the 24 schools were ranked based solely on minority achievement and then separated into two types of schools small gap SG

schools and large gap LG schools Through site visits n 16 and the use of semi structured interviews with principals assistant principals teachers and parent leaders n 80 qualitative data were then collected to document best practices and effective strategies that principals use to confront and change past practices anchored in open and residual racism and class discrimination The data were analyzed through the theoretical framework of academic optimism Three differences between the SG schools and the LG schools were found encouraging academic achievement offering instructional feedback and expecting excellence To truly honor excellence we need to embrace equity As such in schools where principals support model and monitor a teamwork approach a balanced approach a strong sense of purpose and an insistent disposition to assure that all students are served well and that all are encouraged to perform at their highest level the outcomes of interest are better
