Aeronautics and Space Report of the President ... Activities United States. President,1985 **The Use of Foreign Precedents by Constitutional Judges** Tania Groppi,Marie-Claire Ponthoreau,2013-03-28 In 2007 the International Association of Constitutional Law established an Interest Group on The Use of Foreign Precedents by Constitutional Judges to conduct a survey of the use of foreign precedents by Supreme and Constitutional Courts in deciding constitutional cases Its purpose was to determine through empirical analysis employing both quantitative and qualitative indicators the extent to which foreign case law is cited The survey aimed to test the reliability of studies describing and reporting instances of transjudicial communication between Courts The research also provides useful insights into the extent to which a progressive constitutional convergence may be taking place between common law and civil law traditions The present work includes studies by scholars from African American Asian European Latin American and Oceania countries representing jurisdictions belonging to both common law and civil law traditions and countries employing both centralised and decentralised systems of judicial review The results published here for the first time give us the best evidence yet of the existence and limits of a transnational constitutional communication between courts **Aeronautics and Space Report of the President** United States. Interaction Between Aspect and Voice in

Russian Youri A. Poupynin, 1999

The Twitter Presidency Brian L. Ott, Greg Dickinson, 2019-01-24

The Twitter Presidency explores the rhetorical style of President Donald J Trump attending to both his general manner of speaking as well as to his preferred modality Trump's manner the authors argue reflects an aesthetics of white rage and it is rooted in authoritarianism narcissism and demagoguery His preferred modality of speaking namely through Twitter effectively channels and transmits the affective dimensions of white rage by taking advantage of the platform's defining characteristics which include simplicity impulsivity and incivility There is then a structural homology between Trump's general communication practices and the specific platform Twitter he uses to communicate with his base This commonality between communication practices and communication platform manner and modality struck a powerful emotive chord with his followers who feel aggrieved at the decentering of white masculinity In addition to charting the defining characteristics of Trump's discourse The Twitter Presidency exposes how Trump's rhetorical style threatens democratic norms principles and institutions The Routledge Handbook of Russian International Relations Studies Maria Lagutina, Natalia

Tsvetkova, Alexander Sergunin, 2023-02-27 This handbook examines the study of international relations IR in Russia giving a comprehensive analysis of historical theoretic conceptual geographical and institutional aspects It identifies the place and role of Russia in global IR and discusses the factors that facilitate or impede the development of Russian IR studies The contributors represent diverse Russian regions and IR schools and offer an overview of different intellectual traditions and key IR paradigms in the post Soviet era Filling the vacuum in international understanding of the Russian perspective on pivotal international issues they demonstrate the continuity and change in Russia's international policy course over the past three decades and explain how different foreign policy schools and concepts have affected Russian foreign policy making and the decision making process Providing a unique contribution to the discussion on non Western IR theory this handbook will appeal to scholars and students of international relations Russian studies world politics and international studies **Report**

Analysis of selected biomedical research programs** United States. President's Biomedical Research Panel, 1976 **Congressional Record** United States. Congress, 2000 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789-1824, the Register of Debates in Congress 1824-1837, and the Congressional Globe 1833-1873 **An Historical Syntax of the English Language** F. Th. Visser, 2023-05-08 Frederik Theodor Visser's *An Historical Syntax of the English Language* published in four massive volumes between 1963 and 1973 is certainly one of the cornerstones of research in English linguistics. Visser's achievements can hardly be overestimated. Before the advent of modern corpus linguistics, he compiled a remarkable wealth of detailed philological data from all periods of English and combined this with current grammatical analyses of his time. This has made this publication an indispensable resource for anyone investigating the history of English syntax. This reproduction of Visser's volumes is more than welcome and timely as the volumes have been out of print for quite some time and were sometimes a little bit difficult to navigate. Having a searchable and easy-to-use online version, although maybe not perfect, available now means a revival for scholarship that celebrates its fiftieth birthday without losing any of its relevance.
