

Chapter 14: Social Psychology

- **Social Psychology:** *scientific study of how we think about, influence, and relate to each other*
 - *Emphasis on the situation, rather than the person*
- **Fundamental Attribution Error**
 - **Attribution Theory:** *we explain someone's behavior by crediting either the situation or the person's disposition*
 - *If you have a hostile child and you say it's because they have an aggressive personality you're saying it's their disposition, but if you say it's because of stress or abuse it's the situation*
 - **Fundamental attribution error:** *tendency for observers, when analyzing another's behavior, to underestimate the impact of the situation, and overestimate personal disposition*
 - *Ex: getting cut off on the highway – you say they're a jerk so they cut you off (disposition), but it's possible that the situation led to them cutting you off*
 - *More pronounced in Western (individualistic cultures) than Eastern (collectivistic cultures)*
 - *Observations of self vs. others*
 - *Effects of Attribution – personal, political, employment*
- **Attitudes and Actions**
 - **Attitudes:** *feelings, often influenced by our beliefs, that predispose our reactions to objects people and events*
 - **Attitudes affect actions**
 - **Central route to persuasion:** *focus on arguments and respond with favorable thoughts*
 - **Peripheral route to persuasion:** *influenced by incidental cues (ex: speakers attractiveness)*
 - **Attitudes follow behavior:** *I act therefore I believe*
 - **Foot-in-the-door phenomenon:** *the tendency for people who have first agreed to a small request to comply later with a larger request*
 - **Role Playing Affect Attitudes**
 - **Role:** *set of expectations (norms) about social position, that define how those in that position ought to behave*
 - *Ex: Stanford prison study*
 - **Person-situation interaction:** *there's no such thing as bad people, people do bad things because of the situation that they're in (Zimbardo's theory)*
 - **Actions Affect Attitudes**
 - **Cognitive Dissonance:** *Relief from tension*
 - *When our attitudes and actions are opposed, we experience tension, change attitude to bring it into line with actions*
- **Conformity:** *complying with social pressure*
 - **Automatic mimicry**

Wisdom Learning Wendelin Küpers, Olen Gunnlaugson, 2016-12-01 In traditional business circles wisdom is viewed with a certain scepticism which is in part due to its historical associations with wisdom traditions and spiritual cultures However in business today wisdom is emerging not only as a viable but also a necessary organizational and management practice In particular practical wisdom is being updated and retranslated for today s issues and concerns in organizations In recent years leadership and organizational studies have initiated important changes in the way in which business as usual is conducted In response to the increasingly complex and uncertain conditions of our international business environment a growing community of scholar practitioners are pushing the boundaries of traditional organizational and leadership thinking and acting making inroads into processes and applications of practical wisdom and ways of wise leading and managing Given the unprecedented levels of challenges dynamics and uncertainties that today s organizations are exposed to there is a need for a more integrative and sustainable approach to managing Following the need for a reconsideration and revival of the meaning of wisdom the editors explore vitalizing possibilities for the learning of wise practices in organizing and leading This expansive range of domains where wisdom is currently being explored suggests a promising number of perspectives and possibilities for future inquiries and explorations into the nexus of wisdom and organization leadership management education and learning that benefits from cross disciplinary synergies This book will be of interest to those seeking to understand the growing significance of wisdom in relation to learning and teaching especially

in business and management education **Siblings in Adolescence** Aiden Sisler,Angela Ittel,2014-11-27 How do brothers and sisters shape one another Siblings in Adolescence provides a comprehensive overview of the most up to date international empirical research on the sibling bond during the critical adolescent years The authors examine how the relationship impacts on adolescent development as well as the effect on and within the family using evidence from behaviour genetics cross cultural studies and research utilizing both quantitative and qualitative methods The book presents a multi faceted dynamic view of the adolescent sibling relationship drawing on perspectives from sociological psychological and ecological and systems science It introduces a novel theoretical perspective which covers sibling dynamics across various key environments such as their families communities and cultures Parents and siblings will also find useful coverage of the following issues school and life transitions parental separation health illness and disability diverse family experiences Siblings in Adolescence will be indispensable for advanced undergraduate and postgraduate students studying human development and will supplement postgraduate courses for teachers counsellors and social youth and health workers It will also be required reading for all those who work and do research with families and young people Cross-Cultural Management David C. Thomas,Kerr Inkson,2021-01-20 We are reminded daily of the globally interconnected business world in which we live Events on one side of the globe reverberate instantaneously in the other Globalization has many effects but one of the most important is the dramatic increase in the opportunity and need to interact with people who are culturally different from us We are exposed on a daily basis to a wide variety of attitudes values beliefs and assumptions that culturally different individuals hold about appropriate behavior In order to thrive and in some cases even to survive as managers we must learn to understand and integrate these differences David Thomas and Kerr Inkson offer students an authoritative yet approachable perspective in Introduction to Cross Cultural Management 1st Edition **Handbook of Stress, 2nd Ed** Leo Goldberger,Shlomo Breznitz,2010-06-15 Presenting authoritative up to date information in convenient handbook form this premier reference covers an extensive range of current topics on the causes symptoms and treatments of stress In this second edition new chapters have been added on crime victimization sexual abuse multiple roles gender and distress AIDS chronic illness aging the burnout phenomenon psychosomatic disorders biomedical indices of stress and more New research has been added dealing with personality emotion and stress cognitive processes depression bereavement work stress post traumatic stress response alcoholism stress management and more *Directory of Grants, Contracts, and Interagency Agreements, 1969-1974* ,1974 Managing Nongovernmental Organizations Frederik Claeysé,2014-03-26 The idea that international development aid needs to be better managed and coordinated gained currency in the early 1990s The increasing emphasis on management has resulted in the present vogue of managing for development results as one of the central tenets in the discourse on international aid But how appropriate are these ideas tools and techniques for non governmental development organizations NGOs and how much does geographic context matter Examining the current

debate on aid effectiveness and the role of NGOs in contributing to it this book highlights the critical importance of understanding how the global and the local interact to increase aid efficacy and develop more culturally astute ways of managing NGOs With a focus on NGOs active in sub Saharan Africa as case studies author Frederik Claey demonstrates that NGOs are not mere passive recipients of management knowledge and practices emanating from the global governance structure of international aid but actively engage with these ideas and practices to translate and rework them through a local cultural lens This process results in the emergence of unique hybrid management systems that combine the pressure to become more business like with the mission to satisfy the demands of the communities they serve

Advances in Experimental Social Psychology, 1991-09-25 **Advances in Experimental Social Psychology** **Downsizing** David Ekerdt, 2020-06-16 As life unfolds things tend to accumulate When older adults undergo health residential and marital changes they will face a reckoning with their lifelong store of possessions special ordinary and forgotten Such a predicament now confronts tens of millions of Americans as the Baby Boom cohort passes into retirement and beyond Despite what a thriving industry of clutter manuals tells us for most older adults downsizing is no simple task Drawing on in depth interviews with recent movers in over a hundred diverse U S households David Ekerdt analyzes the downsizing process and what it says about the meaning and management of possessions He details how households approach and accomplish downsizing exploring the decision making process and the effectiveness of different strategies From an expert gerontological perspective he considers the cognitive physical emotional and social tasks that the process entails and the role of factors such as gender and class on the divestment of things Ekerdt finds that despite the fatigue and emotional challenges people encounter afterward they report satisfaction in having completed a downsizing and feel empowerment on the other side of the task Offering an empathetic and practical look at one of life s major transitions Downsizing brings forward the voices of elders so that older adults their families and friends and practitioners working with older clients can understand and benefit from their experience
