## Study Of Communism:

*The Practice and Theory of Bolshevism* Bertrand Russell, 2020-12-11 The Practice and Theory of Bolshevism is a work by Bertrand Russell dealing with the situation in Russia within a few years after the revolution and essential aspects of Bolshevik theory The book is an excellent review of Communism in the early days of the Soviet Union Russell is adherent to the communist idea but points out some practical faults which will be proven accurate in following years leading to inevitable failure of the system This careful study provides a further insight to the movement in Russia and a better understanding of Bolshevism    The Naked Rise of Communism Frank L. **Communism in Mexico** Karl M. Schmitt, 2014-11-06 The ease with which Cuba slipped into its relationship with Communism revived in the United States its recurring nightmare in which other Latin American countries particularly Mexico become satellites of Russia or Red China But such an occurrence is most unlikely in Mexico according to Karl Schmitt former intelligence research analyst with the United States Department of State Communism in Mexico traces efforts during the early twentieth century to create a Soviet style society in one of the largest and most strategically situated of the Latin American countries Schmitt writes authoritatively of the Mexican Communist movement tracing its development from an early and potentially powerful political economic base to the increasingly fragmented and weakened collection of parties and front groups of the 1960s He follows the various schisms and factional divisions to the mid 1950s when the process of disintegration became most noticeable and explores and analyzes in detail Communist attempts since then to establish unity among the many quarreling and frustrated groups of the now splintered movement Three Communist parties in Mexico a score of front groups and numerous infiltration cells in non Communist organizations such as student and labor groups all recognize in a broad way a common and ultimate goal the creation of a Soviet style society But their attempts at unity have consistently led only to further bickering and frustration This period is subjected to a thorough study and analysis in an effort to understand and explain the Communists lack of success Schmitt presciently concludes that Communism's future in Mexico will be as cloudy as its past and that the accelerating economy and improving social conditions there will serve to weaken the movement still further    *The Forging of Finnish-American Communism, 1917-1924* Auvo Kostiainen, 1978    *Research Report, Publication List* Massachusetts Institute of Technology. On Contradiction were later extracted are also translated here in their entirety      **Mao's Road to Power: The pre-Marxist period, 1912-1920** Zedong Mao, Nancy Jane Hodes, 1992 This third volume in the series Mao's Road to Power contains documentation regarding Mao's military thoughts and information about the conflict between guerilla war in the overall strategy of the Chinese revolution during the years 1928-1930      **Haiti, Wyclef Jean & the Scavengers** Jacques Guillaume, 2011-01-26 THE WORDS OF WYCLEF JEAN I want to assure my countrymen that I will continue to work for Haiti's renewal though the board has determined that I am not a resident of Haiti home is where the heart is and my heart has and will always be in Haiti This ruling just tells me that I can't officially seek the office of president More importantly there is no one who can tell me to stop my work in Haiti and there is no one who could I think of my daughter Angelina and it makes me want to redouble my efforts to help give all the children in Haiti better days I also want to honor the memory of my father a minister I know that he would tell me that even though I've faced a setback I must continue in all my good faith efforts to help Haiti turn a corner to a better and brighter future Do not think that my role in the future of Haiti is over it's just a different role than I had anticipated it to be
