

THE STUDY OF SOCIETY METHODS AND PROBLEMS

Edited by

F. C. BARTLETT, M.A., F.R.S., Hon. D.Ph.

M. GINSBERG, M.A., D.Lit.

E. J. LINDGREN, M.A., Ph.D.

R. H. THOULESS, M.A., Ph.D.

Addressed both to research workers in the social sciences and to intelligent and interested members of the public, this book is an attempt to state clearly what psychology, anthropology and sociology have done and can do in their respective fields to aid in the solution of pressing social problems.

Lindgren, Morris Ginsberg, 1944 **Problems and Methods in the Study of Politics** Ian Shapiro, Rogers M. Smith, Tarek E. Masoud, 2004-09-09 The study of politics seems endlessly beset by debates about method At the core of these debates is a single unifying concern should political scientists view themselves primarily as scientists developing ever more sophisticated tools and studying only those phenomena to which such tools may fruitfully be applied Or should they instead try to illuminate the large complicated untidy problems thrown up in the world even if the chance to offer definitive explanations is low Is there necessarily a tension between these two endeavours Are some domains of political inquiry more amenable to the building up of reliable scientific knowledge than others and if so how should we deploy our efforts In this book some of the world s most prominent students of politics offer original discussions of these pressing questions eschewing narrow methodological diatribes to explore what political science is and how political scientists should aspire to do their work

Social Research Methods Sigmund Grønmo, 2023-11-22 Framing research as the process of asking and answering questions this book demonstrates how to identify good research questions and how to structure and explore them successfully Whether you are just beginning your research journey or are a seasoned traveller it helps you Decide what you want to achieve with your research Know what options you have to explore your goals Navigate the nuances of different research approaches Understand the decisions of other researchers Choose what path best suits your project Through real life examples demonstrating different types of research the book introduces qualitative quantitative and mixed methods approaches so you can compare different methods at every stage of the research process from initial idea and design to data collection and analysis This new edition includes new chapters on collecting and analysing mixed methods data and additional content on qualitative data analysis New examples reflect the cultural and global diversity of social research and extra visual aids and summaries support understanding of key research concepts and stages The book is accompanied by an online teaching guide including videos additional case studies annotated articles and critical thinking exercises
