## School Librarians are Linked to Improved Standardized Reading Test Scores

School

Librarian

Improved Reading Scores

Studies conducted over the past two decades, both in Colorado and nationwide, show that students in schools with endorsed librarians score better on standardized achievement tests in reading, compared with students in schools without endorsed librarians.

This increase in scores exists regardless of:

Student Poverty Level<sup>1</sup>

In a Colorado study, the presence of school librarians positively impacted students' standardized reading scores even when controlling for student poverty (free and reduced-cost meal status).

Overall Staffing Losses<sup>2</sup>

In a national study, even if schools had overall staff declines between 2004 and 2008, students' standardized reading scores were better in schools that maintained or gained a librarian during this time period.

What other school library characteristics are associated with better test scores?

School Librarians Teaching Information Literacy Skills to Students<sup>3</sup>

Staffed by Endorsed Librarian<sup>1</sup>

Collaborative Planning Between School Librarians & Teachers<sup>3,4</sup>

Extended Library & Staff Hours<sup>3</sup>

School Librarians Providing In-Service Training to Teachers<sup>3</sup>

Larger & Newer Collections<sup>3,4,5</sup>

More Student Visits<sup>3</sup>

Flexible Scheduling<sup>3</sup>

Higher Expenditures<sup>3,4,5</sup>
