Study Of Religions

Hillary P. Rodrigues, John S Harding

Study Of Religions:

A Comparative Study of Religions J.N.K. Mugambi, 2010-12-29 This book is the result of concerted teamwork among the academia staff of the Department of Religious Studies University of Nairobi between 1986 and 1990. The Project was prompted by the necessity to produce relevant and comprehensive textbooks for the undergraduate degree programme. The book has remained in demand confirming the relevance and quality of its content covering the whole range of major religions of the world with extensive geographical and historical scope. It includes a specific section on African Religion thus placing the African Religious Heritage within the mainstream of the comparative study of the world's religions. Introduction to the Study of Religion Hillary P. Rodrigues, John S. Harding, 2008-08-20 Why do people study religion? How have they studied it in the past? How do we study religion today? Is the academic study of religion the same as religious education? These and many other questions are addressed in this engaging introduction to the discipline of religious studies written by two experienced university teachers. The authors have crafted this book to familiarize novice students with key concepts and terminology in the study of religion. More advanced students will find a varied array of theoretical perspectives and methodological approaches to the field. Topics include definitions of religion, perspectives in the study and teaching of religion, how religion began to be studied, traditional perspectives, philosophical and theological, how people experience religion, perspectives in the study of religious consciousness and perception, phenomenological and psychological, studying religion within communities, social and cultural perspectives, anthropological, sociological, political and economic, judging religion, critical perspectives, feminist approaches, the interaction of popular literature and religion, contextual perspectives, historical and comparative. The book encourages students to think critically about the theories and methods presented. Students will find arguments for the strengths and limitations of these approaches, understand connections among religious studies and other intellectual movements, and develop their own ideas of how they might want to go about the study of religion. Summary boxes, a timeline, a glossary, and other pedagogic aids help students grasp key concepts along with a companion website at www.sastor.com.

The Study of Religion George D. Chryssides, Ron Geaves, 2013-12-05 This updated textbook unravels the complex issues related to methodology and theory in the study of religion. It equips students with the knowledge needed for the academic study of religion, explaining the history of the methodology, including ideas of key theorists, and discusses key issues in the field such as gender, phenomenology, and the insider/outsider discourse. Updated throughout, additional material includes a new chapter on colonialism and post colonialism, a new chapter on insider/outsider discourse, coverage of cyber religion and the internet as a research tool in religious studies. Study and classroom features in each chapter include chapter outlines, case studies, boxed key concepts, discussion questions, chapter bibliographies. The text is illustrated throughout with 35 images, and extra resources can be found online, including additional coverage of levels of religion. **Philosophy and the Study of Religions** Kevin Schilbrack, 2013-12-12 *Philosophy and the Study of Religions: A Manifesto* advocates a radical

transformation of the discipline from its current narrow focus on questions of God to a fully global form of critical reflection on religions in all their variety and dimensions Opens the discipline of philosophy of religion to the religious diversity that characterizes the world today Builds bridges between philosophy of religion and the other interpretative and explanatory approaches in the field of religious studies Provides a manifesto for a global approach to the subject that is a practice centred rather than a belief centred activity Gives attention to reflexive critical studies of religion as socially constructed and historically located

Studying Religion Russell McCutcheon, 2024-01-22 Widely used as a primer a class text or just a provocation to critical thinking Studying Religion clearly explains the methods and theories employed in the academic study of religion by tackling the problem of how scholars define and then study religion Written for all newcomers to the field its brief chapters explore the three main ways in which religion is defined and along the way also consider a range of related topics from the history and functions of religion to its public discourse religion in the courts and the classification of diverse groups into world religions The works of classic and contemporary scholars from Karl Marx and Sigmund Freud to Bruce Lincoln and Naomi Goldenberg are analyzed and explored in readable chapters and detailed supporting materials Studying Religion represents a shift away from the traditional descriptive and comparative approach and instead uses the study of religion to invite readers to consider how they divide up name and come to know the world around them This edition also includes a new final chapter Identification Matters adding to the case studies included throughout this book to present a collection of contemporary instances where different approaches to defining and studying religion make it possible to study other issues of contemporary relevance including those involving gender race and the rights of indigenous peoples The new chapter makes explicit the practical topics of identity and status that have always been implicit throughout the entire book bringing into the classroom a wide variety of timely and relevant topics that can be better understood by its approach This book therefore remains invaluable to all students of religious studies whether in the introductory class or as an example of an alternative way of approaching the field

Guide to the Study of Religion Willi Braun, Russell McCutcheon, 2000-01-01 What is religion Can it be defined at all Or is it too easily defined in far too many ways so as to make a religion a drifting signifier or whatever one's pleasure is Does the study of religion require special perhaps religious tools of analysis and explanation What is the difference between a knowledge of religion derived from practicing it and a knowledge about religion derived from nonreligious modes of inquiry Sooner or later any serious student of religion must face these questions if religious practices are to be investigated in the light of the terms and aims of the social and human sciences in the modern university The Guide to the Study of Religion provides a map of the key concepts and thought structures for imagining and studying religion as a class of everyday social practices that lend themselves to no more or less difficult explanation than any other class of social phenomena

Approaches to the Study of Religion Peter Connolly, 1999-01-01 It has been argued that religious studies is a polymethodic discipline and that the student of religion should be familiar with the approaches of the

major disciplines concerned with understanding the nature of religion not least because the approach adopted has profound influence on the phenomena chose for investigation and the conclusions reached This book is the first textbook specifically designed for undergraduate students that provides the essential background on methods of the major relevant disciplines Presenting each of the significant approaches to religion in an informed manner the book brings together experienced researchers from feminism anthropology sociology phenomenology psychology philosophy and theology It presents a consistent approach throughout with each chapter dealing with the same themes the historical development of the approach the characteristics of the approach and the surrounding issues and debates

Introduction to the Study of Religion

Hillary P. Rodrigues, John S Harding, 2023-11-07 The thoroughly updated second edition provides an engaging introduction to the discipline of religious studies Summary boxes discussion questions a glossary a chronology of key figures and texts and other pedagogic aids help students grasp key concepts

Studying Religion Russell T. McCutcheon, 2014-12-05 Widely used as a primer a text and a provocation to critical thinking Studying Religion aims to develop students skills The book clearly explains the methods and theories employed in the study of religion Essays are offered on a range of topics from the history and functions of religion to public discourse on religion and the classification of religions The works of key scholars from Karl Marx Ludwig Wittgenstein and Rudolf Otto to Mircea Eliade James G Frazer and Sigmund Freud are analysed and explored Studying Religion represents a shift away from the traditional focus of describing the exotic or curious religious Other to an examination of how religious behaviours and institutions are studied The book will be invaluable to students of religious studies

Understanding Theories of Religion Ivan Strenski, 2015-03-30 Featuring comprehensive updates and additions the second edition of Understanding Theories of Religion explores the development of major theories of religion through the works of classic and contemporary figures A new edition of this introductory text exploring the core methods and theorists in religion spanning the sixteenth century through to the latest theoretical trends Features an entirely new section covering religion and postmodernism race sex and gender and religion and postcolonialism Examines the development of religious theories through the work of classic and contemporary figures from the history of anthropology sociology psychology philosophy and theology Reveals how the study of religion evolved in response to great cultural conflicts and major historical events Student friendly features include chapter introductions and summaries biographical vignettes a timeline a glossary and many other learning aids

Why Study Religion? Terry C. Muck, 2016-06-21 Why Studying Religion Matters in a Pluralistic Context This brief primer explains why Christian students should study religion how they should go about it and why it is important in our contemporary pluralistic context Senior religion scholar Terry Muck introduces the discipline and explains how it can be approached by Christian students He explores the contemporary significance of studying religion in a complex multicultural world and concludes by addressing the skills students must bring to the study of religion in the twenty first century Written in accessible prose suitable for undergraduates this introduction can be used to supplement any

standard religion textbook *Religion Enters the Academy* James Turner, 2012-12-01 Religious studies also known as comparative religion or history of religions emerged as a field of study in colleges and universities on both sides of the Atlantic during the late nineteenth century In Europe as previous historians have demonstrated the discipline grew from long established traditions of university based philological scholarship But in the United States James Turner argues religious studies developed outside the academy Until about 1820 Turner contends even learned Americans showed little interest in non European religions a subject that had fascinated their counterparts in Europe since the end of the seventeenth century Growing concerns about the status of Christianity generated American interest in comparing it to other great religions and the resulting writings eventually produced the academic discipline of religious studies in U S universities Fostered especially by learned Protestant ministers this new discipline focused on canonical texts the bibles of other great world religions This rather narrow approach provoked the philosopher and psychologist William James to challenge academic religious studies in 1902 with his celebrated and groundbreaking *Varieties of Religious Experience* Theory and Method in the Study of Religion Carl Olson, 2003 This anthology provides students with a useful collection of theoretical essays concerning the nature of religion and the methodological means by which scholars analytically approach the subject Organized in a point counterpoint fashion this volume will foster in class discussion and the honing of a student's own critical perspectives

The World's Religions Stewart R. Sutherland, Peter Clarke, 1988 **The Study of Religions** Stanley Arthur Cook, 1914 **Theory and Method in the Study of Religion**, 2013-09-26 Theory and Method are two words that cause considerable consternation in the academic study of religion Although everyone claims to be aware of and to engage them the fact of the matter is that they remain poorly understood Some see the terms as irritants that get in the way of data interpretation and translation Others may invoke them sporadically to appear in vogue but then return quickly and myopically to their material and with little concern for the larger issues that such terms raise To contribute to these debates the present volume reproduces select articles from *Method and Theory in the Study of Religion* MTSR from the first 25 volumes of the journal and allows a group of younger scholars to introduce and review them asking if the issues raised are still relevant to the field Contributors include Matt Sheedy Robert A Segal James B Apple Neil McMullin Rebekka King Russell McCutcheon Craig Martin Donal Wiebe Emma Cohen Robert N McCauley E Thomas Lawson Steven Engler Mark Q Gardiner Bruce Lincoln Sarah E Rollens Burton Mack Yasmin Merchant Herb Bergh Jennifer Hall Darlene Juschka Ella Paldam and Armin Geertz *The Study of Religions* Stanley Cook, 2014-09-17 The purpose of this volume is to take a long view of problems relating to our conceptions of God and man which will have to be handled after the passing of what the author thinks is an impending crisis in religious thought It is a plea for an independence which will enable individuals to work out their career for the general welfare It aims to suggest the attitude to be assumed sympathetic but unprejudiced and the methods to be applied inductive psychological historical in the study of religion as embodied in belief and behavior Its

twelve chapters deal with The Comparative Study of Religions Some Aspects of the Evolution of Thought Specialism and Individualism General Features and Application Survivals and their Significance General Remarks and Examples Environment and Change History and Some Aspects of the Development of Civilization and Religion Development and Continuity two chapters Failure and Success and Conclusion It is to be remarked that the author is not making a direct contribution to the science of comparative religion his purpose is to show the pitfalls along the road and the way to escape them to those who would do so While his leanings are decidedly conservative the evolutionary view of religion is fundamental to his treatment Considerable space is given to the data furnished by Biblical sources and to their suggestiveness as guides in study The result is a meaty book which does not tempt however to rapid perusal Indeed the volume is a veritable mental gymnastic with rewards reserved for the persevering reader It will interest mainly the teacher and student of the philosophy of religion the methodologist and the lecturer on the history of religion Homiletic Review Volume 69 **The World's Religions** Peter Clarke, Stewart Sutherland, 1991 An Introduction to the Study of Comparative Religion F.B. Jevons, 2018-05-23 Reproduction of the original An Introduction to the Study of Comparative Religion by F B Jevons **The Study of Religion** John S. Harding, Hillary Rodrigues, 2014 This Reader introduces students of religion to its most common current perspectives and approaches and provides an understanding of how the discipline developed

Study Of Religions Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Study Of Religions**," compiled by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.

Study Of Religions Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Study Of Religions free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Study Of Religions free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a

specific topic. While downloading Study Of Religions free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Study Of Religions. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Study Of Religions any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Study Of Religions Books

1. Where can I buy Study Of Religions books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Study Of Religions book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Study Of Religions books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Study Of Religions audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect

for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
