methods of economic evaluation use of economic instruments and cost benefit analysis Applications section includes case studies on water availability sewerage and waste water treatment navigation hydro electric and multipurpose reservoirs flooding hydrometric data and coastal zone management Essential reading for those studying environmental economics modules in Departments of Environmental Management Geography and Engineering researchers in hydrology as well as professionals and policy makers in water companies water authorities NGO s and government agencies Gender, Behavior, and Health Samiha El-Katsha,Susan Watts,2002 An estimated 200 million people in the world suffer from schistosomiasis bilharzia and according to the World Health Organization it ranks second behind malaria in terms of socioeconomic and public health importance in tropical and subtropical areas The disease was present in Egypt in the Old Kingdom c 2600 BCE and in 1998 it was estimated that almost six million Egyptians one fifth of the rural population were infected Thus it remains one of the most serious public health problems in rural Egypt This study is the first to paint a broad picture of schistosomiasis in rural Egypt The authors research in three Nile Delta villages between 1991 and 1997 provides an in depth community level view of patterns of transmission and strategies for control An analysis of recent research and policy presents the national context for the study Schistosomiasis is primarily a behavioral disease associated with human behavior in relation to water especially canals strategies for disease control and treatment need to consider what people do where when and why Gender Behavior and Health stresses an area of particular concern to social scientists gender issues are most fully revealed at the local level where an infection such as schistosomiasis is transmitted diagnosed treated and ultimately it is hoped prevented This book is unique in presenting schistosomiasis primarily from the viewpoint of the social sciences yet fully incorporating material from the biomedical sciences and other relevant disciplines *Culture and Meaning in Health Services Research* Elisa J Sobo,2016-06-16 Culture and Meaning in Health Services Research is a practical guide to applying interpretive qualitative methods to pressing healthcare delivery problems A leading medical anthropologist who has spent many years working in applied healthcare settings Sobo combines sophisticated theoretical insights and methodological rigor with authentic real world examples and applications In addition to clearly explaining the nuanced practice of ethnography and guiding the reader through specific methods that can be used in focus groups or interviewing to yield useful findings Sobo considers the social relationships and power dynamics that influence field entry data ownership research deliverables and authorship decisions Crafted to communicate the importance of culture and meaning across the many disciplines engaged in health services research this book is ideal for courses in such fields as public health and health administration nursing anthropology health psychology and sociology Research Report London School of Hygiene and Tropical Medicine,1992 *Measuring Childcare Practices* Marie T. Ruel,Mary Arimond,2003 To thrive young children need more than food It is now widely recognized that they also require a healthy and sanitary environment and adequate care and feeding practices As governments and NGOs initiate programs to ensure child survival

health and development the need for simple methods and indicators to measure the effectiveness of these programs grows With a strong focus on methodology this food policy review describes measurement approaches problems and solutions and offers practical suggestions for monitoring and evaluating child nutrition programs *Lard, Lice and Longevity* Ralf Futselaar,2008 *Lard Lice and Longevity* reconstructs economic policies implemented in Denmark and the Netherlands during the German occupation It clearly shows that the experiences of both these countries during World War I and during the 1930s equipped them to introduce extensive and intrusive economic controls to ward off a subsistence crisis In spite of the strong similarities between the two countries in terms of policies and economic order there remains a glaring difference between the two Throughout the occupation years the Netherlands suffered a markedly higher level of child mortality than before or after the war caused by an upsurge of infectious diseases Child health in Denmark on the other hand declined during the occupation years and infectious diseases rose only marginally there In spite of similar policies hence the outcome in terms of the biological standard of living was dissimilar By closely investigating the impact of various policies on everyday life and the amounts of goods available to different groups of consumers this study identifies the causes of this remarkable divergence **The Citizens at Risk** Pedro Jacobi,Marianne Kjellen,Gordon McGranahan,Jacob Songsore,Charles Surjadi,2010-09-23 Local environments such as cities and neighbourhoods are becoming a focal point for those concerned with environmental justice and sustainability *The Citizens at Risk* takes up this emerging agenda and analyses the key issues in a refreshingly simple yet sophisticated style Taking a comparative look at cities in Africa Asia and Latin America the book examines the changing nature of urban environmental risks the rules governing the distribution of such risks and their differential impact how the risks arise and who is responsible The authors clearly describe the most pressing urban environmental challenges such as improving health conditions in deprived urban settlements ensuring sustainable urban development in a globalizing world and achieving environmental justice along with the greening of development They argue that current debates on sustainable development fail to come to terms with these challenges and call for a more politically and ethically explicit approach For policy makers students academics activists or concerned general readers this book applies a wealth of empirical analysis and theoretical insight to the interaction of citizens their cities and their environment *Kerala Sociologist* ,1995 *Economic and Political Weekly* ,1994-04 *Waterlines* ,1997 *Linking Water Supply, Sanitation and Hygiene in Northern Ghana* Stephen Bugu Kendie,2002 **Bulletin of the World Health Organization** World Health Organization,1996 *Enfo Newsletter* ,1994 **Directory of Published Proceedings** ,2004 *Papua and New Guinea Medical Journal* ,1995 *Lifestyle Psychiatry: Investigating Health Behaviours for Mental Well-Being* Joseph Firth,Philip B. Ward,Brendon Stubbs,2019-10-18 Recent years have seen a substantial increase in both academic and clinical interest around how lifestyle behaviors such as exercise sleep and diet can influence mental health The aim of this Research Topic is to produce a novel body of work contributing towards the field of Lifestyle Psychiatry i e the use of lifestyle

interventions in the treatment of mental disorders In this way the Research Topic aims to a present important behavioral targets for lifestyle modification in public health and or clinical settings and b examine the efficacy and implementation of lifestyle interventions for people with mental health conditions Collectively this research presented within this Research Topic can increase understanding and inform evidence based practice of Lifestyle Psychiatry while providing clear directions for future research required to take the field forward **Journal of Rural Development** ,2002 *American Journal of Public Health* ,1995 Includes section Books and reports
