Office for Subject Cataloging Policy,1991 **Expert Cake Decorating made easy** Antoine Deschamps,2021 For some cake decorating is a hobby and for others it is a career The amateurs are those who find it fun and gratifying to bake the cakes and then decorate them for their family and friend save money by doing it themselves With expert training along with good decorating tips and ideas anyone can master this art With this art form you will be able to stretch your imagination If you continue building your skills you will experience the joy of making others happy with your expertise The art of decorating cakes takes place when a man or woman has turned the kitchen into an art studio When a cake is decorated in an artistic design it is pleasing to both the creator and the recipient Creating a cake does not have to be a stressful experience you just need to get creative Don t be afraid to try new ideas and techniques For the amateur it is the simple cake decorating tips which are the best ways to help you get started Decorating can be as simple as using a stencil and dusting confectioner s sugar or cocoa powder on the top of a cake Cakes can be iced with butter cream royal fondant or cooked icing Adding to the icing cakes can be topped with flowers spun sugar or candy Cakes can be created to look like a hot dog pizza or just about anything you have the imagination to create If you want to be an amateur cake decorator you will need to learn the basics and pick up as many of the tips you can There are many tips and ideas widely available You may decide to continue making and decorating cakes as a pastime or you may decide to look into making a career out of decorating and baking cakes The Wilton schools have several students who have a professional goal in mind Wilton schools have classes designed for anyone who loves cake decorating Wilton classes are taught at several local retailers throughout the United States and Canada Here are some of the Wilton school tips and hints on icing a cake Wilton schools prefer to use Duncan Hines cake mixes because the batter volume is the same every time you make it Adding a teaspoon or two of Wilton Meringue Powder to the mix will make the cake rise higher When preparing your pans use a 2 inch wide paintbrush to paint on the shortening If an area is still shiny apply more shortening and dust with flour Only fill your cake pans half full Let your cake cool completely rest in an airtight container for a day or even overnight before you ice it Cut the mounded portion of the cake off with a leveler or a serrated knife to make the cake level and fit together easier Turn the cake over and brush the cake with a wide paintbrush to remove the crumbs Use a lot of icing to ice the top of the cake Never let your spatula touch the cake You will have crumbs in your icing if you do If you are having a difficult time in icing the sides of the cake Wilton has a tip number 789 which is made just for icing the sides of the cake Let the cake rest for 15 minutes after you have iced it Then smooth out the cake by using parchment paper To do this place the parchment paper on the cake and gently smooth out the icing If you have a cake mix which only makes one layer Then turn it into a torte Slice the cake horizontally By adding a ring of icing from a decorating bag through a tip you will be able to create a dam on the outside of the bottom half of the cake For a filling use the pudding

from a child's pudding cup and spread it inside the ring. Top with the other half of the cake and ice as directed. You will need to choose a source of instruction. The culinary schools are colleges and will give you a degree making you more marketable if you choose to look for employment in this line of work. However, if you just want to be an expert, there are many types of schools and classes you can take to achieve this. Some of the courses can be taken on location, online, or you can find web sites which will give you instruction by video or walking you through it step by step.
