My Beloved Life Amitava Kumar,2025-01-28 An absorbing exceptionally moving novel that traces the arc of a man's life an ordinary life made exceptional by the fact that he has loved and has been loved in turn Jadunath Kunwar's beginnings are humble even inauspicious In 1935 in a village near George Orwell's birthplace Jadu's mother while pregnant with him nearly dies from a cobra bite When we see Jadu again he is in college meeting the Sherpa who first summited Everest and wondering what it means to be modern As his life skates between the mythical and the mundane and as changes big and small sweep across India Jadu finds meaning in the most unexpected places He befriends poets and politicians He becomes a historian And he has a daughter Jugnu a television journalist with a career in the United States whose own story recasts the past in a new light Piercing fleet footed and undeniably resonant here is a novel from a singularly gifted writer about how we tell stories and write history how individuals play a counterpoint to big movements how no single life is without consequence

**The Mahabharata Patriline** Simon Pearse Brodbeck,2017-03-02 The Sanskrit Mahabharata which contains the Bhagavad Gita is sorely neglected as a classic perhaps the classic of world literature and is of particularly timely human importance in today's globalised and war torn world This book is a chronological survey of the Sanskrit Mahabharata's central royal patriline a family tree that is also a list of kings Brodbeck explores the importance and implications of patrilineal maintenance within the royal culture depicted by the text and shows how patrilineal memory comes up against the fact that in every generation a wife must be involved with the consequent danger that the children might not sustain the memorial tradition of their paternal family The Mahabharata Patriline bridges a gap in text critical methodology between the traditional philological approach and more recent trends in gender and literary theory Studying the Mahabharata as an integral literary unit and as a story stretched over dozens of generations this book casts particular light on the events of the more recent generations and suggests that the text's internal narrators are members of the family whose story they tell

**Childrens Literature and the Politics of Equality** Pat Pinsent,2013-07-04 First published in 1997 In this book the author intends to explore some of the many questions which arise as a result of increasing awareness in our society about equality issues Can the attempt to make books for children consistent with contemporary views about equality go too far In any case are children

really as much influenced by books and other material as some educationalists would claim What can or should we do about the classics Of the past And are today s children s writers so much better at avoiding giving offence to minorities How much are children affected by the kind of prejudices and preconceptions that we all grow up with but don t always succeed in acknowledging in later life

Home Truths: Fictions of the South Asian Diaspora in Britain Susheila Nasta,2017-04-20 The figure of the diasporic or migrant writer has recently come to be seen as the Everyman of the late modern period a symbol of the global and the local a cultural traveller who can traverse the national political and ethnic boundaries of the new millennium Home Truths Fictions of the South Asian Diaspora in Britain seeks not only to place the individual works of now world famous writers such as VS Naipaul Salman Rushdie Sam Selvon or Hanif Kureishi within a diverse tradition of immigrant writing that has evolved in Britain since the Second World War but also locates their work as well as many lesser known writers such as Attia Hosain GV Desani Aubrey Menen Ravinder Randhawa and Romesh Gunsekera within a historical cultural and aesthetic framework which has its roots prior to postwar migrations and derives from long established indigenous traditions as well as colonial and post colonial visions of home and abroad Close critical readings combine with a historical and theoretical overview in this first book to chart the crucial role played by writers of South Asian origin in the belated acceptance of a literary poetics of black and Asian writing in Britain today

**Contemporary English-Language Indian Children's Literature** Michelle Superle,2011-05-09 Concurrent with increasing scholarly attention toward national children s literatures Contemporary English language Indian Children s Literature explores an emerging body of work that has thus far garnered little serious critical attention Superle critically examines the ways Indian children s writers have represented childhood in relation to the Indian nation Indian cultural identity and Indian girlhood From a framework of postcolonial and feminist theories children s novels published between 1988 and 2008 in India are compared with those from the United Kingdom and North America from the same period considering the differing ideologies and the current textual constructions of childhood at play in each Broadly Superle contends that over the past twenty years an aspirational view of childhood has developed in this literature a view that positions children as powerful participants in the project of enabling positive social transformation Her main argument formed after recognizing several overarching thematic and structural patterns in more than one hundred texts is that the novels comprise an aspirational literature with a transformative agenda they imagine apparently empowered child characters who perform in diverse ways in the process of successfully creating and shaping the ideal Indian nation their own well adjusted bicultural identities in the diaspora and or their own empowered girlhoods Michelle Superle is a Professor in the department of Communications at Okanagan College She has taught children s literature composition and creative writing courses at various Canadian universities and has published articles in Papers and IRCL
