Parrish,2023-10-03 AN INSTANT NEW YORK TIMES BESTSELLER Few things will change your trajectory in life or business as much as learning to think clearly Yet few of us recognize opportunities to think in the first place You might believe you re thinking clearly in the moments that matter most But in all likelihood when the pressure is on you won t be thinking at all And your subsequent actions will inevitably move you further from the results you ultimately seek love belonging success wealth victory According to Farnam Street founder Shane Parrish we must get better at recognizing these opportunities for what they are and deploying our cognitive ability in order to achieve the life we want Clear Thinking gives you the tools to recognize the moments that have the potential to transform your trajectory and reshape how you navigate the critical space between stimulus and response As Parrish shows we may imagine we are the protagonists in the story of our lives But the sad truth is most of us run on autopilot Our behavioral defaults groomed by biology evolution and culture are primed to run the show for us if we don t intervene At our worst we react to events without reasoning not even realizing that we ve missed an opportunity to think at all At our best we recognize these moments for what they are and apply the full capacity of our reasoning and rationality to them Through stories mental models and more Parrish offers the missing link between behavioral science and real life outcomes The result is a must have manual for optimizing decision making gaining competitive advantage and living a more intentional life      **Admission Assessment Exam Review - E-Book**
