action displaying their athletic prowess at skiing ice hockey skating curling bobsleigh His pictures propel us between sky and land skaters twirl skiers jump fir trees sway But the mountains also harbor more contemplative personal moments his honeymoon with his young wife Bibi at Chamonix skiing through silence as soft as down the quiet poetry of a winter landscape Beautifully reproduced in duo tone this collection of winter photographs the majority of which are published here for the first time reiterate Lartigue's position as one of the great masters of twentieth century photography *British Books in Print*, 1979 *An Historic Record and Pictorial Description of the Town of Meriden, Connecticut and Men who Have Made it* Charles Bancroft Gillespie, 1906 *A Century of Mountaineering, 1857-1957* Arnold Lunn, Schweizerische Stiftung für Alpine Forschungen, 1957 *Peter Priggins, the College Scout* Joseph Hewlett, 1841 **Space, Place and Religious Landscapes** Darrelyn Gunzburg, Bernadette Brady, 2020-10-01 Exploring sacred mountains around the world this book examines whether bonding and reverence to a mountain is intrinsic to the mountain constructed by people or a mutual encounter Chapters explore mountains in England Scotland Wales Italy Ireland the Himalaya Japan Greece USA Asia and South America and embrace the union of sky landscape and people to examine the religious dynamics between human and non human entities This book takes as its starting point the fact that mountains physically mediate between land and sky and act as metaphors for bridges from one realm to another recognising that mountains are relational and that landscapes form personal and group cosmologies The book fuses ideas of space place and material religion with cultural environmentalism and takes an interconnected approach to material religious landscapes In this way it fills the gap between lived religious traditions personal reflection phenomenology historical context environmental philosophy myths and performativity In defining material religion as active engagement with mountain forming and humanshaping landscapes the research and ideas presented here provide theories that are widely applicable to other forms of material religion Rose-Belford's Canadian Monthly and National Review, 1878 *The Mirror of Literature, Amusement, and Instruction*, 1837 Containing original essays historical narratives biographical memoirs sketches of society topographical descriptions novels and tales anecdotes select extracts from new and expensive works the spirit of the public journals discoveries in the arts and sciences useful domestic hints etc etc etc *The Mirror of Literature, Amusement, and Instruction* Reuben Percy, John Timbs, 1838 Containing original essays historical narratives biographical memoirs sketches of society topographical descriptions novels and tales anecdotes select extracts from new and expensive works the spirit of the public journals discoveries in the arts and sciences useful domestic hints etc etc etc
