Summits Move With The Tide Poems:

Summits Move with the Tide Mei-mei Berssenbrugge, 1982 Asian American Playwrights Miles Liu, 2002-05-30 In the late nineteenth century Asian American drama made its debut with the spotlight firmly on the lives and struggles of Asians in North America rather than on the cultures and traditions of the Asian homeland Today Asian American playwrights continue to challenge the limitations of established theatrical conventions and direct popular attention toward issues and experiences that might otherwise be ignored or marginalized While Asian American literature came into full bloom in the last 25 years Asian American drama has yet to receive the kind of critical attention it warrants This reference book serves as a versatile vehicle for exploring the field of Asian American drama from its recorded conception to its present stage Included are alphabetically arranged entries for 52 Asian American dramatists of origins from India Pakistan Vietnam the Philippines Japan Korea and China Each entry includes relevant biographical information that contextualizes the works of a playwright an interpretive description of selected plays that spotlights recurring themes and plots a summary of the playwright's critical reception and a bibliography of primary and secondary works The entries are written by expert contributors and reflect the ethnic diversity of the Asian American community The volume closes with a selected general bibliography which includes anthologies scholarly studies and periodicals Contemporary American Poetry Lloyd M. Davis, 1985 Lists over 5 200 titles of books published by American poets between 1973 and 1983 **Asian American Poets** Guiyou Huang, 2002-05-30 Even though Asian American literature is enjoying an impressive critical popularity attention has focused primarily on longer narrative forms such as the novel And despite the proliferation of a large number of poets of Asian descent in the 20th century Asian American poetry remains a neglected area of study Poetry as an elite genre has not reached the level of popularity of the novel or short story partly due to the difficulties of reading and interpreting poetic texts The lack of criticism on Asian American poetry speaks to the urgent need for scholarship in this area since perhaps more than any other genre poetry most forcefully captures the intense feelings and emotions that Asian Americans have experienced about themselves and their world This reference book overviews the tremendous cultural contributions of Asian American poets Included are alphabetically arranged entries on 48 American poets of Asian descent most of whom have been active during the latter half of the 20th century Each entry begins with a short biography which sometimes includes information drawn from personal interviews The entries then discuss the poet's major works and themes including such concerns as family racism sexism identity language and politics A survey of the poet's critical reception follows In many cases the existing criticism is scant and the entries offer new readings of neglected works The entries conclude with bibliographies of primary and secondary texts and the volume closes with a selected general bibliography The Forbidden Stitch Shirley Lim, Mayumi Tsutakawa, Margarita Donnelly, 1989 This first U S anthology of work by Asian American women contains poetry prose and graphic art and a section of reviews of previously published literature These women in contrast to their

foremothers repeatedly identify themselves through their art Very often they do this by showing who they are not not male not white The works reveal their pride in their cultural heritage ISBN 0 934971 10 2 Encyclopedia of American Literature of the Sea and Great Lakes Jill B. Gidmark,2000-11-30 The sea and Great Lakes have inspired American authors from colonial times to the present to produce enduring literary works This reference is a comprehensive survey of American sea literature The scope of the encyclopedia ranges from the earliest printed matter produced in the colonies to contemporary experiments in published prose poetry and drama The book also acknowledges how literature gives rise to adaptations and resonances in music and film and includes coverage of nonliterary topics that have nonetheless shaped American literature of the sea and Great Lakes The alphabetical arrangement of the reference facilitates access to facts about major literary works characters authors themes vessels places and ideas that are central to American sea literature Each of the several hundred entries is written by an expert contributor and many provide bibliographical information While the encyclopedia includes entries for white male canonical writers such as Herman Melville and Jack London it also gives considerable attention to women at sea and to ethnically diverse authors works and themes The volume concludes with a chronology and a list of works for further reading *Asian North American Identities* Eleanor Rose Ty,Donald C. Goellnicht,2004 The nine essays in Asian North American Identities explore how Asian North Americans are no longer caught between worlds of the old and the new the east and the west and the south and the north Moving beyond national and diasporic models of ethnic identity to focus on the individual feelings and experiences of those who are not part of a dominant white majority the essays collected here draw from a wide range of sources including novels art photography poetry cinema theatre and popular culture The book illustrates how Asian North Americans are developing new ways of seeing and thinking about themselves by eluding imposed identities and creating spaces that offer alternative sites from which to speak and imagine Contributors are Jeanne Yu Mei Chiu Patricia Chu Rocio G Davis Donald C Goellnicht Karlyn Koh Josephine Lee Leilani Nishime Caroline Rody Jeffrey J Santa Ana Malini Johar Schueller and Eleanor Ty *The Greenwood Encyclopedia of Asian American Literature* Guiyou Huang,2008-12-30 Asian American literature dates back to the close of the 19th century and during the years following World War II it significantly expanded in volume and diversity Monumental in scope this encyclopedia surveys Asian American literature from its origins through 2007 Included are more than 270 alphabetically arranged entries on writers major works significant historical events and important terms and concepts Thus the encyclopedia gives special attention to the historical social cultural and legal contexts surrounding Asian American literature and central to the Asian American experience Each entry is written by an expert contributor and cites works for further reading and the encyclopedia closes with a selected general bibliography of essential print and electronic resources While literature students will value this encyclopedia as a guide to writings by Asian Americans the encyclopedia also supports the social studies curriculum by helping students use literature to learn about Asian American history and culture as it pertains to writers from a host of

Asian ethnic and cultural backgrounds including Afghans Chinese Japanese Koreans Filipinos Iranians Indians Vietnamese Hawaiians and other Asian Pacific Islanders The encyclopedia supports the literature curriculum by helping students learn more about Asian American literature In addition it supports the social studies curriculum by helping students learn about the Asian American historical and cultural experience American Women Poets in the 21st Century Claudia Rankine, Juliana Spahr, 2013-10-01 Poetry in America is flourishing in this new millennium and asking serious questions of itself Is writing marked by gender and if so how What does it mean to be experimental How can lyric forms be authentic This volume builds on the energetic tensions inherent in these questions focusing on ten major American women poets whose collective work shows an incredible range of poetic practice Each section of the book is devoted to a single poet and contains new poems a brief statement of poetics by the poet herself in which she explores the forces personal aesthetic political informing her creative work a critical essay on the poet's work a biographical statement and a bibliography listing works by and about the poet Underscoring the dynamic give and take between poets and the culture at large this anthology is indispensable for anyone interested in poetry gender and the creative process CONTRIBUTORS Rae Armantrout Mei mei Berssenbrugge Lucie Brock Broido Jorie Graham Barbara Guest Lyn Hejinian Brenda Hillman Susan Howe Ann Lauterbach Harryette Mullen **The Continuum Encyclopedia of American Literature** Steven R.
