Library, 1990 **Finnish Summer Houses** Jari Jetsonen, Jetsonen Sirkkaliisa, 2008-03-20 Summer is when Finland is at its spellbinding best Emerging from a seven month long winter Finns head outdoors to savor the magical light of the all too brief Scandinavian summer Cityscapes give way to pristine lakes endless forests and idyllic seaside vistas The Finnish summer house offers a unique opportunity for their owners to relax get back intouch with nature and enjoy outdoor activities such as boating swimming and hiking Not surprisingly the architecture of the Finnish summer house occupies an almost mythic even mystical place in the hearts of their inhabitants as well as their architects Indeed many Finnish architects regard the design of their own summer residence or weekend studio as one of their most important works For them the summer house is not only a place to spend leisure time but also a chance to study specific technical details and experiment with new spatial concepts Finnish Summer Houses presents in detail twenty villas cottages and cabins by architects such as Eliel Saarinen Oiva Kallio Alvar Aalto and Juhani Pallasmaa among many others Authors Jari and Sirkkaliisa Jetsonen use contemporary photographs archival images drawings and plans to illustrate the diversity found in the designs of Finnish summer residences From Lars Sonck s Lasses Villa 1895 with its traditional farmhouse elements and Alvar Aalto s Muuratsalo Experimental House 195254 to Erkki Kairamo s sparse Villa Aulikki 19952003 which seems to grow out of its landscape the works in this book are of a highly personal nature indeed most of the summer houses are still used by the architect or the families of their children The very best examples of these fantastic summer homes are collected here making Finnish Summer Houses an inspiration for anyone dreaming about a summer home of their own Corporate Architecture in Finland in the 1940s and 1950s Tuija Mikkonen, 2005 This book offers a new approach to architectural history connectiong two points of view architecture and buisness management
