Strange Secrets Real Government On The Unknown:

Strange Secrets Nick Redfern, Andy Roberts, 2003-05-20 IF YOU THOUGHT THAT THE X FILES WAS ONLY FICTION THINK AGAIN For as long as extraterrestrial and paranormal phenomena have been investigated the official government response to any events deemed otherworldly or unexplainable has been well documented DENIAL Not because they aren't interested in UFOs monsters and psychic abilities but because they have their own secret agendas for using this knowledge In this thoroughly researched compendium of conspiracies and cover ups the remarkable findings that have been documented and supposedly debunked by the governments of the United States Great Britain and the former Soviet Union are finally revealed including Attempts by the U S Air Force to build a fleet of nuclear powered flying saucers The British military's files on the Loch Ness monster and other mysterious beasts The Cold War race between the CIA and the KGB to create the perfect psychic spy assassin The real story behind the enigmatic Men in Black who terrify UFO witnesses into silence For anyone who wants to know the truth or the truth behind the truth *Strange Secrets* is the ultimate resource to understanding exactly what the government doesn't want us to know and why they want to keep us in the dark

Memoirs of a Monster Hunter Nick Redfern, 2007-08-14 The British paranormal investigator recounts his five year journey through America in pursuit of the monstrous unknown in this memoir For centuries people across the world have had a fascination with monsters and strange creatures They marvel at the tales and legends of the Bigfoot of the Pacific Northwest of the Abominable Snowman of the Himalayas of the infamous and diabolical Moth Man of West Virginia of fire breathing dragons and of those dark denizens of the deep lake monsters and sea serpents But do such creatures really exist Can it be true that our planet is home to fantastic beasts that lurk deep within its forests and waters *Memoirs of a Monster Hunter* proves the answer is a resounding yes In this follow up to his wildly successful *Three Men Chasing Monsters* paranormal investigator and author Nick Redfern chronicles his surreal road trip through the United States and beyond in search of all things monstrous His strange adventures lasted five years and saw him doggedly pursuing a menagerie of creatures including gargoyles giant birds and what some believe are living dinosaurs Follow Redfern as he Explores the El Yunque rainforest of Puerto Rico in search of the terrifying Chupacabras a razor clawed glowing eyed beast that is part giant bat and part vampire Seeks out the Goat Man a menacing creature that evokes imagery of both demons and the fabled cloven hoofed Centaurs of ancient mythology and is said to inhabit the forests of East Texas Chases after what many people believe are real life flesh and blood werewolves that surface from hidden lairs and prowl the countryside when the Moon is full Part X Files part Crocodile Hunter with a mix of Jurassic Park and Fear and Loathing in Las Vegas *Memoirs of a Monster Hunter* takes you on a roller coaster ride into the unknown Read personal accounts of the monsters that inhabit your wildest imagination and your worst nightmares The creatures you were told couldn't possibly exist really do Praise for *Memoirs of a Monster Hunter* This is one of the best books I've read in years Redfern sweeps you away on his personal adventure Around the world from

romance to ghastly beasts to the cosmos Redfern has candidly shared the wonders of his young life Joshua P Warren author of *Pet Ghosts and How to Hunt Ghosts* **Starstruck** Albert A. Harrison,2007 We live in an era of exploding scientific knowledge about the universe and our place and future within it Much of this new knowledge conflicts with earlier wisdom and some has frightening implications Cosmic evolution space exploration the search for extraterrestrial life and concerns about humanity s future prompt us to seek new answers to old existential questions Where did we come from Why are we here Are we alone What will become of us In our search for answers we turn to science religion myth and varying combinations thereof Exploring an ambiguous region between recognized findings and unfettered imagination Starstruck explores the multifaceted far reaching and often contentious attempts of people with contrasting worldviews to develop convincing and satisfying interpretations of rapidly accumulating discoveries in physics astronomy and biology **The Loch Ness Monster** Stuart A. Kallen,2008-08 The cold murky waters of Scotland s Loch Ness have been hiding mysterious monsters for nearly 2 000 years This book delves into the fables facts and fallacies surrounding the Loch Ness monster and takes the reader on a fascinating journey to the heart of the Nessie legend **Modern Science and the Paranormal** Marie D. Jones,2009-01-15 This book uses scientific theory to explain some of the extrascientific phenomena such as UFOs and poltergeists A Covert Agenda Nick Redfern,2014-06-29 Researcher Nick Redfern discovered that the British government has been tracking UFOs since 1947 The Ministry of Defence has documented and investigated hundreds of Royal Air Force police and public encounters with UFOs But it has never acknowledged these activities and has deliberately prevented its citizens from discovering these UFO encounters But according to Redfern this conspiracy of silence is cracking After decades of cover up the truth can finally be told UFOs are real and the British government knows it **Body Snatchers in the Desert** Nick Redfern,2005-06-21 *Body Snatchers in the Desert* reveals the events that really happened in the New Mexico desert in 1947 that birthed the Roswell Myth RAAF captures flying saucer on ranch in Roswell region Ever since this provocative headline appeared on July 8 1947 conspiracy theorists have sincerely believed that the U S government has maintained an extensive operation of cover up and denial regarding its knowledge of alien life But there was in fact no UFO crash with dead alien bodies What really happened on that fateful day is much more sinister The persistent rumors surrounding the UFO crash in Roswell New Mexico are part of a bigger conspiracy one orchestrated and fostered by the government itself as a smokescreen to bury a truth that is much darker and disturbingly far more believable Now through never before revealed testimony from military whistleblowers eyewitness intelligence reports and an astonishing body of corroborative evidence Nick Redfern lays out a shockingly plausible new theory on the Roswell incident that the crash site discovery of prototype military aircraft would expose a damning secret a highly confidential U S government sanctioned program to conduct medical experiments on deformed handicapped disfigured and diseased Japanese POWs exploited as expendable victims by their captors An important account that forces us to take a closer look at both the Roswell story and

post war American history *Body Snatchers in the Desert* casts a startling new light on a shocking conspiracy more than half a century in the making

The Atheist's Bible Geoff Linsley, 2008-07 Did God create the universe If so who created him The Atheist's Bible tackles these complex and important ancient mysteries With the discoveries of modern science author Geoff Linsley offers a new look at the questions most philosophers throughout history have thought unanswerable Mysteries such as Why does the universe exist as it does and When did it come about are thought to be demystified by modern science Mixing scientific knowledge with common sense Linsley answers these questions in an easy to understand dialogue The Atheist's Bible compiles the case for an atheistic universe in a thorough discussion provides facts that science has gathered about existence and creates a new view of the nature of the universe Linsley searched through scientific discussions of how nature operates through religious wisdom and through topics thought to be paranormal to present the first complete theory regarding the origin and evolution of existence and humanity A collection of several books with individual purposes The Atheist's Bible furthers the understanding of reality and helps to overcome the fear of the unknown Linsley challenges the realm of theism and looks outside of it to explain how the universe functions The depth of research and the volume of information given make this book exceptional Linsley treats faith respectfully and doesn't get into baseless arguments against views that oppose his own This book is well written very informational and entertaining

PSience (Volume 2 of 2) (Easyread Super Large 24pt Edition) , *Invoking the Beyond*: Paul D. Collins, Phillip D. Collins, 2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way was paved for a new set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond
