Studies In Anglistics:

Studies in Anglistics Gunnel Melchers, Beatrice Warren, 1995 The aim of the book is to reflect linguistic research at a university department of English It is restricted to lexicology grammar and language contact The importance of corpus based studies in anglistics is evident in all sections but particularly so in the lexicology section which contains articles on corpus and discourse typology Apart from these the articles in this section range from studies of Old English words to teenagers swearwords in present day London Although a majority of the articles deal with pragmatic aspects of words there are also more traditional studies of word formation and figures of speech The grammar section deals with some grammatical problems of past and present English eg third person plural personal pronouns in Old English zero relatives and nuclear and peripheral clauses in modern English It also contains an article on the development of English grammar examples and one on the part of a model in foreign language learning The section devoted to language contact contains an article concerned with the influence of one English variety on another and three concerned with English influence on Norwegian and Swedish

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Towards a Dialogic Anglistics Werner Delanoy, Jörg Helbig, Allan James, 2007 When one looks at the history of English Studies there has been a noticeable proliferation of research interests since the 1970s As a result of such development attempts have been made to create a new basis for communication and cooperation inside Anglistics and across disciplines Making a case for a Dialogic Anglistics is such an attempt A Dialogic Anglistics is based on a normative concept of dialogue aiming for egalitarian forms of cooperation both inside between and across disciplines leading to the redefinition of old and creation of manifold new directions for English Studies In the nineteen articles presented in this volume dialogic encounters are encouraged both within and between different fields within Anglistics Furthermore dialogic links are created with colleagues from other academic disciplines American Studies in Europe, Their History and Present Organization, Volume 2 Sigmund Skard, 2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas

Small Corpus Studies and ELT Mohsen Ghadessy, Alex Henry, Robert L. Roseberry, 2001-10-30 Recent developments in this field of small corpus studies largely brought about by the personal computer have yielded remarkable insights into the nature and use of real language This book presents work by a number of leading researchers in the field and covers a series of topics directly related to language teaching and language research The ultimate aim of this book is to encourage the exploitation of small corpora by the ELT profession to make language learning more effective In addition to descriptions of the basic corpus analysis tools chapters in the collection cover syllabus and materials design comparisons of different genres descriptions of local and functional grammars compilation and use of learner corpora and making cross

linguistic comparisons The message of this collection is that language use is purposeful and culture specific and that small corpus analysis is an effective method of linguistic investigation Preface by John Sinclair *Corpus Linguistics* Ana María Hornero Corsico, Ana María Hornero, María José Luzón, Silvia Murillo Ornat, 2008 The aim of this volume is to present a state of the art view on corpus studies This collection of papers presented at the XII Susanne H bner Seminar in November 2003 at the University of Zaragoza comprises both quantitative and qualitative analyses and studies on both written and oral corpora Structured in seven sections the book covers a wide range of approaches and methodologies and reflects current linguistic research The papers have been written by scholars from a large number of universities mainly from Europe but also from the USA and Asia The volume offers contributions on diachronic studies pragmatic analyses and cognitive linguistics as well as on translation and English for Specific Purposes The book includes several papers on corpus design and reports on research on oral corpora At a more specific level the papers analyse aspects such as politeness issues dialectology comparable corpora discourse markers the expression of evidentiality and writer stance metaphor and metonymy conditional sentences evaluative adjectives delexicalised verbs and nominalization **Corpus-based Studies in English** Magnus Ljung, 1997 ISBN

Stanley E. Porter, 2000-06-01 The first part of this volume includes a summary of this important area of study in both Septuagintal and New Testament Greek and a review of these issues in the context of linguistic research generally A second part includes contributions on aspects of research into the Greek of both Testaments featuring both new areas of research such as critical discourse analysis and more traditional issues such as the nature of the Septuagint translation

Multilinguals' Verbalisation and Perception of Emotions Pia Resnik, 2018-06-18 This book investigates the interplay of language emotion and gender in a multilingual context and provides rich insights into the complexities of bilingualism and the field of emotion research as well as the intersection of both Combining quantitative and qualitative analyses of data the book examines multilinguals verbalisation and perception of emotions in their first language and English their second language L2 The research looks at crosslinguistic intercultural and gender based differences thereby highlighting the challenges faced by multilinguals in this context and the potential risks of miscommunication and misinterpretation Results support the call for a change of paradigm towards a holistic approach to multilingualism and emotion research and highlight the similarities and differences in L2 users of English when expressing their emotions in the different languages The book will appeal to anyone interested in research on emotions in the context of bi multilingualism or second language acquisition as well as those teaching or learning multiple languages *The Affective Dimension in Second Language Acquisition* Danuta Gabryś-Barker, Joanna Bielska, 2013-05-03 Affectivity is at the core of everything we do in life Thus its development is also

central to learning acquisition and is important for educational contexts The studies presented in this volume consider the different contexts of language learning and examine different types of participants in this process Most of them look at a formal instruction context while others look beyond the classroom and even report on the author s own affectivity and its involvement in learning experiences Affectivity is discussed here in relation to learners but also to teachers in their own professional contexts of teaching foreign languages In the majority of cases affectivity is explored in the case of bilinguals but there are also articles which focus on multilingual language users and their affectivity as an evolving factor Corpora

Galore John M. Kirk,2000 *An Annotated Bibliography of European Anglicisms* Manfred Görlach,2002-05-09 This companion volume to the Dictionary of European Anglicisms and English in Europe also edited by Professor Görlach provides a critical bibliography of works concerned with the import of English words and phrases into sixteen European languages The book covers an international range of foreign word dictionaries etymological dictionaries and general dictionaries books and articles devoted to the influence of English on the language in question works restricted to individual levels of influence e g phonology morphology etc works dealing with the English influence in specific fields in individual styles regions or social classes corpus oriented studies and major works documenting earlier influences of English **Metadiscourse in L1 and**

L2 English Annelie Adel,2006-01-01 The pervasive phenomenon of metadiscourse commentary on the ongoing discourse is beginning to take its rightful place among the major topics of discourse studies This book makes simultaneous contributions to the theory of metadiscourse corpus based methods of studying such phenomena and our knowledge of metadiscourse use in written English After comprehensively reviewing previous research it introduces a more rigorous and empirical approach to metadiscourse studies del presents a new model of metadiscourse based on Jakobson s functions of language and other conceptual tools including explicit features for defining metadiscourse a taxonomy of the functions it serves and maps of the boundaries between it and related phenomena A large scale study of writing by L1 and L2 university students is presented in which the L2 speakers overuse of metadiscourse strongly marks them as lacking in communicative competence This work is of interest both to linguists and to educators concerned with writing in English *Corpora and Language Teaching* Karin

Aijmer,2009 Articles in this volume discuss the role and effectiveness of corpora and corpus linguistic techniques for language teaching but also deal with broader issues such as the relationship between corpora and second language teaching and how the different perspectives of foreign language teachers and applied linguists can be reconciled **Introducing**

New Hypertexts on Interpreting (Studies) Cornelia Zwischenberger,Karin Reithofer,Sylvi Rennert,2023-04-15 The contributions in this volume are a reflection of the entire range of Interpreting Studies from explorations of research methodology and interpreting quality research to public service interpreting today and in the past risk management strategies in court interpreting and the interdependencies of interpreters in project networks They address questions such as who can be called an interpreter present new approaches to interpreter education and discuss advances in technology both
