

Robert and Elizabeth Barrett Browning: An Annotated Bibliography for 1971

By William S. Peterson and Richard C. Keenan

FOR SOME YEARS SCHOLARS and nonspecialist readers interested in the Brownings have felt the need for a supplement to that truly remarkable and invaluable volume, *Robert Browning: A Bibliography, 1830-1950* by L. N. Broughton, C. S. Northup, and Robert Pearsall (1953; hereafter, for the sake of brevity, cited as BNP). In Boyd Litinger and K. L. Knickerbocker's *The Browning Critics* (1965) we were given a checklist of Robert Browning scholarship for the period of 1951 through May 1965; and of course by consulting the standard annual bibliographies and the checklists published regularly in the *Browning Newsletter*, it was possible (albeit time-consuming) to track down the more important titles. Nevertheless, what many have longed for is a supplement to BNP that would measure up to the original in depth, accuracy, and comprehensiveness.

Accordingly the two of us are now preparing, with the assistance of Professor William Whitla, an annotated bibliography of primary and secondary Browning materials for the years 1951 through 1970. Although BNP is our acknowledged model, we have departed from it in several respects: (1) We have divided the items into only three sections rather than the five in BNP. For two of the BNP sections ("Verse Criticism, Appreciation, Parody" and "Musical Settings to Browning's Poems") we have not found sufficient material to justify separate categories; and it would be equally fruitless to retain the BNP section entitled "A Calendar of Letters," since the Browning Institute will soon publish a much more comprehensive checklist of letters compiled by Messrs. Philip Kelley and Ronald Hudson. (2) Except for a few completely self-explanatory titles, we are providing fuller and more frequent annotations than did BNP. (3) We have adopted a slightly different numbering system that will enable us to cite cross-references to both BNP items and items in our own volume without confusion. (Our item numbers contain
