Salina, 2014-03-05

Develop a positive working relationship between researchers and community groups focusing on HIV AIDS prevention and discover how to evaluate HIV AIDS programs An indispensable manual for everyone involved with HIV AIDS research prevention techniques and the needs of individuals with HIV AIDS *HIV AIDS Prevention Current Issues in Community Practice* covers everything from the likelihood of condom usage by college women to the psychological effects on minority men infected with the HIV AIDS virus Essential reading for psychologists research scientists who work with communities or who are involved in AIDS prevention programs and for care takers of people with HIV AIDS *Contemporary Topics in HIV AIDS Prevention* covers the necessary collaborative steps needed to create a positive researcher community based organization COB partnership that will benefit researchers and those affected by the disease In *HIV AIDS Prevention* you will examine many different models designed to effectively foster a positive researcher CBO relationship while learning how to overcome problems you may encounter when researching a social issue or working with a researcher This book also explains how and why many HIV prevention programs have been poorly evaluated due to a lack of funds and social politics In addition

you will discover how you can obtain and or perform a true evaluation of an HIV prevention program In HIV AIDS Prevention you will explore many important issues and factors that help create successful programs including factors necessary for valid HIV AIDS prevention program evaluations assessments of coping strategies psychological variables and the physical well being of African American and Latino men living with HIV AIDS steps for the collaborative process between researchers and community groups making a good match between community based organizations and researchers HIV AIDS Prevention gives you pertinent information and guidelines for selecting a community based organization to work with and the steps to creating a successful relationship This book will give you the strategies and information you need in order to give pastoral support and prevention education to at risk individuals You will discover what is necessary for a true HIV AIDS prevention program evaluation

Solution-oriented Social Work Practice Gilbert J. Greene, Mo Yee Lee, 2011 Too often in practice there is a tendency to pathologize clients requiring a diagnosis as part of the helping relationship Suppose however that most of the client problems that social workers encounter have more to do with the vagaries of life and not with what clients are doing wrong This powerful idea is the philosophy behind the strengths based approaches to social work This groundbreaking practice handbook takes this concept one step further combining the different strengths based approaches into an overarching model of solution oriented social work for greater impact The strengths perspective emphasizes client strengths goal setting and a shared definition of positive outcome Solution focused therapy approaches ongoing problems when they have temporarily abated amplifying exceptions as solutions This natural but rarely explored pairing is one component in the challenging and effective practice framework presented here by the authors two seasoned practitioners with over 50 years of combined experience By integrating the most useful aspects of the major approaches a step by step plan for action emerges With this text in hand you will Integrate elements from the strengths perspective solution focused therapy narrative therapy and the strategic therapy of the Mental Research Institute the MRI approach into an effective and eclectic framework Build and practice your skills using case examples transcripts and practical advice Equip yourself with the tools you need to emphasize clients strengths Challenge the diagnosis first medical model of behavioral health care Collaborate with clients to get past thinking first order change and more to acting outside the box second order change Learn to work with a wide variety of clients including individuals groups and families involuntary clients clients with severe mental illness and clients in crisis For any student or practitioner interested in working with clients towards collaborative and empowering change this is the essential text

International Community Psychology Stephanie Reich, Manuel Riemer, Isaac Prilleltensky, Maritza Montero, 2007-07-03 Community psychology CP has a rich history and presence internationally that many people may not be aware of Today s increasingly global environment encourages reviewing the world wide goals and practices of CP The desire to promote collective well being clearly transcends geographical boundaries The goal of developing a global perspective and discourse between countries has been delayed by the lack of a single accessible source for information This book provides

the first in depth guide to global community psychology research and practice history and development theories and innovations presented in one field defining volume Included are contributions from countries with long histories of oppression social movements and political turmoil long time democracies and former dictatorships Fully formed CP establishments compare with fledgling ventures into the field The contributors document the complex relationships between CP and ideological currents other strands of psychology and social science cultural and historical traditions and economic developments The goals of this book are several Promote international collaboration enhance theory utilization and development identify biases and barriers in the field accrue critical mass for a discipline that is often marginalized minimize the pervasive US centric view of the field Practitioners and researchers will find in International Community Psychology new perspectives on the communities they serve As a text for advanced and graduate level courses it depicts a robust field with a legitimate mission When concepts of community and sometimes even of psychology may not always translate from one nation to the next this book provides a world of needed context

Social Justice in Clinical Practice Dawn Belkin Martinez, Ann Fleck-Henderson, 2014-03-14 Social work theory and ethics places social justice at its core and recognises that many clients from oppressed and marginalized communities frequently suffer greater forms and degrees of physical and mental illness However social justice work has all too often been conceptualized as a macro intervention separate and distinct from clinical practice This practical text is designed to help social workers intervene around the impact of socio political factors with their clients and integrate social justice into their clinical work Based on past radical traditions it introduces and applies a liberation health framework which merges clinical and macro work into a singular unified way of working with individuals families and communities Opening with a chapter on the theory and historical roots of liberation social work practice each subsequent chapter goes on to look at a particular population group or individual case study including LGBT communities Mental health illness Violence Addiction Working with ethnic minorities Health Written by a team of experienced lecturers and practitioners Social Justice in Clinical Practice provides a clear focussed practice oriented model of clinical social work for both social work practitioners and students

Diverse Families, Competent Families Janet F. Gillespie, Judy Primavera, 2014-07-16 Are you prepared to deliver effective services to a wide range of families and family situations Diverse Families Competent Families provides human service professionals with a portrait of the real lives and practical challenges of our nation s families as they face a new millennium It examines family adaptation and competence in a variety of contexts and situations such as day to day issues of coping and survival as well as major milestones such as sending children off to school and becoming a caregiver for a family member This unique book also spans multiple levels of families existence examining home school and the larger community to provide you with an understanding of the societal dynamics that can have an influence on families With Diverse Families Competent Families you ll explore the need to reexamine the ways that single parent families are viewed and the risks inherent in over generalizing about this type of family ways that men can

make the most of their experience as fathers the relationship between parents perceptions of teacher behavior and how willing they are to become involved at school the ways in which changes or disruptions in a family s functioning can influence their children s academic skills the results of an innovative intervention for sandwiched generation mothers who must simultaneously care for an older family member and attend to the needs of their own children ways to help Mexican immigrant parents feel more effective in their parenting roles In *Diverse Families Competent Families* you will discover new and positive ways to view families particularly ethnic minority families low income families immigrant families and families who are coping with specific life stressors such as financial loss unemployment divorce and death

PROMOTION DE LA SANTE ET AUTONOMISATION DANS LE CONTEXTE AFRICAIN David Houžto, Glenn Laverack, 2014-02-26 Le terme promotion de la sant en Afrique pr s de 30 ans apr s l adoption de la Charte d Ottawa continue d avoir des connotations compl tement hors du sens que lui conf re cette charte Cela n est pas tonnante quand on sait que la notion de sant dans ce contexte africain quivaut la lutte contre la maladie travers les soins de sant dispens s par des professionnels de la sant dans des formations sanitaires et les h pitaux L volution que connaît le continent depuis quelques d cennies est de donner un peu plus de place la communaut travers les relais communautaires dans une participation communautaire vid e de son contenu car le pouvoir n est jamais pass entre les mains des communaut s C est au vu de tout ceci que le pr sent ouvrage sa raison d tre pour expliquer les fondements de l autonomisation communautaire et de la promotion de la sant avec leur importance pour la r gion africaine en proie aux mauvais indicateurs de sant comparativement aux autres r gions du monde

Health Promotion Jackie Green, Keith Tones, 2010-02-15 Beginning with a critical appraisal of the concept itself the second edition of *Health Promotion Planning and Strategies* outlines models for defining health promotion and sets out the factors involved in planning health promotion programmes that work Locating the principles and strategies of health promotion within an emerging sphere of multidisciplinary health the authors show how these can be applied within a range of contexts and settings In an attempt to bridge the gap that persists between ideological perspectives and practical implementations they delve beyond the rhetoric of empowerment and show how it can be incorporated into practice Focusing particularly on the synergistic relationship between policy and education the book re appraises the notion of health education an idea which has become marginalised in recent years and shows the fundamental importance of education in creating individual choice and generating effective advocacy for social change The question of evidence is central to the text and the book examines methods of evaluation and the role it plays in creating more effective health promotion programmes The new edition offers coverage of values and ethics working with communities the settings approach and social marketing It also provides students with a glossary of key terms Internationally relevant and multidisciplinary this is an essential text for students of health studies health promotion public health interprofessional social care courses and all healthcare professionals

Health Care Systems: Rethinking health care systems Jonathan Watson, Pavel Ovseiko, 2005 This collection covers the organization

financing and regulation of health care systems in four clear contexts reforming health care systems understanding health care politics financing and delivering health care rethinking health care systems
