Studies In Freemasonry And The Compagnonnage:

Studies in Freemasonry and the Compagnonnage René Guénon, 2004 Ren Gu non 1886 1951 was one of the great luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of intellectual fashion His extensive writings now finally available in English are a providential treasure trove for the modern seeker while pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents they direct the reader also to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization Studies in Freemasonry and the Compagnonnage is both an attempt to rediscover the lost roots of Masonry and a fascinating look into the many controversies swirling around the subject of Masonry in serious intellectual circles during the first half of the twentieth century It must also be classed along with Symbols of Sacred Science Spiritual Authority and Temporal Power Traditional Forms and Cosmic Cycles The Esoterism of Dante Insights into Christian Esoterism and Insights into Islamic Esoterism and Taoism not to mention related sections in many of his other books as one of Ren Gu non s masterful excursions into esoteric myth symbolism and secret history Freemasonry may indeed be as Gu non ultimately concluded a largely degenerated and thus no longer strictly operative offshoot of a true initiatory lineage yet its symbolism like that of the original Rosicrucians remains profound traditional and therefore ultimately legitimate And given that the Spirit bloweth where it listeth it is always possible that symbolism of this order may awaken in a receptive soul intimations of the Truth and the Way which can be of inestimable of value in the path to the Path the quest for a living initiatory spirituality

Freemasonry Giuliano Di Bernardo, 2020-01-20 Freemasonry A Philosophical Investigation By Giuliano Di Bernardo The purpose of this investigation is to answer the following questions Is there a philosophy of Freemasonry And if there is what is the philosophy that characterizes Masonic thought Is there a Masonic anthropology What relationship can there be between it and the anthropologies that are based on other visions of life In what documents is this anthropology codified Masonic thought is not the expression of a philosophy if by philosophy we mean a complete system containing the totality of the areas traditionally contemplated by philosophical reflection However Freemasonry is upheld by a specific practical philosophy that concerns man his nature and his purposes This is why the essential core of practical Masonic philosophy is Masonic anthropology During the course of Freemasonry Masonic thought has also developed a discourse about man even defining and codifying some of his essential characteristics which can be grouped into the quintuple Of these freedom and transcendence are the two fundamental notions around which the entire Masonic anthropological system is centered These theoretical conclusions are supported by historical sources of Freemasonry formed by Anderson s Constitutions and Declarations of the United Grand Lodge of England In spite of the multiplicity of sources and the difficulties interpreting

them we can identify a stable and unitary Masonic thought This provides an initial contribution to the philosophical interpretation of Freemasonry and its image of man Alchemically Stoned - The Psychedelic Secret of Freemasonry P.D. Newman,2017-06-21 P D Newman s bold and daring theory provides a radical interpretation of Masonic symbolism In the tradition of Wasson Hofmann and Ruck in *The Road to Eleusis Unveiling the Secret of the Mysteries* 1978 and Heinrich s *Strange Fruit Alchemy Religion and Magical Foods* 1995 Newman suggests that practical psychoactive pharmacology rather than philosophy lies concealed in the root of some of our allegories and mysteries Admitting to being more than a mere theoretician Newman draws from his own personal experiences and a wide range of sources in presenting his theory in a logical manner which merits consideration Arturo De Hoyos 33 Grand Archivist and Grand Historian Ancient and Accepted Scottish Rite Southern Jurisdiction **Studies in Hinduism** René Guénon,2001 A study of various aspects of the traditional metaphysical doctrines of the Hindu Tradition along with extensive book and article reviews Prophet for a Dark Age Graham Rooth,2008-03-14 Rene Guenon is a major figure for anyone who recognises a need to rediscover the spiritual roots from which Western society has become so comprehensively alienated Immersing himself in the search for spiritual truth he chose Islam as the vehicle for his spiritual life *Symbols of Sacred Science* René Guénon,2004 In *Symbols of Sacred Science* Gu non a master of precise even mathematical metaphysical exposition reveals himself as a consummate exegete of myth and symbolism as well superior in many ways to Mircea Eliade and comparable perhaps only to his respected friend Ananda K Coomaraswamy This extraordinary text unveils the cosmological meanings of root symbols organized under such general headings as The Center of the World Cyclic Manifestation Symboic Weapons Axial Symbolism and the Symbolsim of Passage The Symbolism of Building and The Symbolism of the Heart Far more than a simple catalogue of myths and symbols from many traditions *Symbols of the Sacred Science* lays the foundation for a universal esoteric symbology In this work Gu non demonstrates the fundamental unity across all cultures and ages of the images with which the Absolute clothes itself in its cosmic self revelation *Ritual America* Craig Heimbichner,Adam Parfrey,2012-03-06 Adam Parfrey is one of the nation s most provocative publishers Seattle Weekly Secret society historian Craig Heimbichner follows the Middle Path to wisdom He works the graveyard shift in the secret lodge Joan d Arc Paranoia magazine Secret societies now a staple of bestseller novels are pictured as sinister cults that use hooded albinos to menace truth seekers Some conspiracy books claim that fraternal orders are the work of serpentine aliens and interbred humans who wish to supplant earth of its energy and later its very existence On the other side of the aisle books by high ranked Freemasons skeptical in tone but no less partisan in approach protect their organization s public image by denying the existence of its most contentious ideas *Ritual America* reveals the biggest secret of them all that the influence of fraternal brotherhoods on this country is vast fundamental and hidden in plain view In the early twentieth century as many as one third of America belonged to a secret society And though fezzes and tiny car parades are almost a thing of the past the Gnostic beliefs of Masonic orders are now so much a part of the

American mind that the surrounding pomp and circumstance has become faintly unnecessary The authors of Ritual America contextualize hundreds of rare and many never before printed images with entertaining and far reaching commentary making an esoteric subject provocative exciting and approachable Adam Parfrey is the author of Cult Rapture Revelations of the Apocalyptic Mind and It's a Man's World Men's Adventure Magazines the Postwar Pulps He is editor of the influential Apocalypse Culture series Love Sex Fear Death The Inside Story of the Process Church of the Final Judgment Craig Heimbichner has recently appeared on a National Geographic documentary about the Bohemian Grove contributed to the Feral House compilation Secret and Suppressed II and wrote about the famous occult order the O T O in Blood and Altar

The Reign of Quantity & the Signs of the Times René Guénon,2001 The reign of quantity gives a concise but comprehensive view of the present state of affairs in the world as it appears from the point of view of the ancient wisdom formerly common both to the East and to the West but now almost entirely lost sight of The author indicates with his fabled clarity and directness the precise nature of the modern deviation and devotes special attention to the development of modern philosophy and science and to the part played by them with their accompanying notions of progress and evolution in the formation of the industrial and democratic society which we now regard as normal Guénon sees history as a descent from Form or Quality toward Matter or Quantity but after the Reign of Quantity modern materialism and the rise of the masses Guénon predicts a reign of inverted quality just before the end of the age the triumph of the counter initiation the kingdom of Antichrist This text is considered the magnum opus among Guénon's texts of civilizational criticism as is Symbols of Sacred Science among his studies on symbols and cosmology and Man and His Becoming according to the Vedanta among his more purely metaphysical works Descripci n del editor **The Apocalypse of the Aquarian Age** Albert Amao Soria

Ph.D.,2021-02-23 Humanity has stepped at the beginning of the Water Carrier Age's threshold Its influence is gradually being felt in all areas of life This is the time for spiritual renewal and the turning point for the shifting of consciousness Contrary to the period of mental bondage prejudice and religious bigotry which was the Piscean Era characteristic we are awakening to another chapter of human history leading to the realization of the Oneness of life and the human race's interconnectedness The world is currently undergoing radical socio economic and political upheavals because we are transitioning from one chapter of human history to another Some religious leaders and sensationalistic New Age writers have taken these dramatic changes as signs of the end of the world Contrary to that this work postulate that the challenging events indicate the close of one chapter of human history and the beginning of a new one We embrace and celebrate the coming of a new age of enlightenment the awareness of human beings brotherhood The Reign of Quantity and the Signs of the Times René Guénon,2001 The Reign of Quantity gives a concise but comprehensive view of the present state of affairs in the world as it appears from the point of view of the ancient wisdom formerly common both to the East and to the West but now almost entirely lost sight of The author indicates with his fabled clarity and directness the precise nature of the modern

deviation and devotes special attention to the development of modern philosophy and science and to the part played by them with their accompanying notions of progress and evolution in the formation of the industrial and democratic society which we now regard as normal Gu non sees history as a descent from Form or Quality toward Matter or Quantity but after the Reign of Quantity modern materialism and the rise of the masses Gu non predicts a reign of inverted quality just before the end of the age the triumph of the counter initiation the kingdom of Antichrist This text is considered the magnum opus among Gu non s texts of civilizational criticism as is Symbols of Sacred Science among his studies on symbols and cosmology and Man and His Becoming according to the Vedanta among his more purely metaphysical works Introduction to the Study of the Hindu Doctrines René Guénon,2001 Ren Gu non s Introduction to the Study of Hindu Doctrines can serve as an introduction to all his later works especially those which like Man and His Becoming according to the Vedanta The Symbolism of the Cross The Multiple States of the Being and Studies in Hinduism expound the more profound aspects of metaphysical doctrines in greater detail In Part I Guenon clears away certain ingrained prejudices inherited from the Renaissance with its adulation of the Greco Roman culture and its compensating depreciation both deliberate and instinctive of other civilizations In Part II he establishes the fundamental distinctions between various modes of thought and brings out the real nature of metaphysical or universal knowledge an understanding of which is the first condition for the personal realization of that Knowledge which partakes of the Absolute Words like religion philosophy symbolism mysticism and superstition are here given a precise meaning Part III presents a more detailed examination of the Hindu doctrine and its applications at different levels leading up to the Vedanta which constitutes its metaphysical essence Lastly Part IV resumes the task of clearing away current misconceptions but is this time concerned not with the West itself but with distortions of the Hindu doctrines that have arisen as a result of attempts to read into them or to graft onto them modern Western conceptions The concluding chapter lays down the essential conditions for any genuine understanding between East and West which can only come through the work of those who have attained at least in some degree to the realization of wisdom uncreate that intellectual suprarational knowledge called in the East j ana and in the West gnosis *Traditionalism* Mark Sedgwick,2023 Traditionalism is a shadowy philosophy that has influenced much of the twentieth century and beyond It is a worldview that rejects modernity and instead turns to mystical truth perennialism and tradition as its guide Mark Sedgwick one of the world s leading scholars of Traditionalism presents a major new intellectual history pulling back the curtain on the foundations of Traditionalist philosophy and its major proponents Traditionalism provides an expansive guide to this important school of thought one that is little known and even less understood and shows how pervasive these ideas have become **Liber 420** Chris Bennett,2018-04-20 Although little known cannabis and other psychoactive plants held a prominent and important role in the Occult arts of Alchemy and Magic as well as being used in ritual initiations of certain secret societies Find out about the important role cannabis played in helping to develop modern medicines through alchemical works Cannabis played a pivotal

role in spagyric alchemy and appears in the works of alchemists such as Zosimos Avicenna Lull Paracelsus Cardano and Rabelais Cannabis also played a pivotal role in medieval and renaissance magic and recipes with instructions for its use appear in a number of influential and important grimoires such as the Picatrix Sepher Raxiel Liber Salomonis and The Book of Oberon Could cannabis be the Holy Grail With detailed historical references the author explores the allegations the Templars were influenced by the hashish ingesting Assassins of medieval Islam and that myths of the Grail are derived from the Persian traditions around the sacred beverage known as haoma which was a preparation of cannabis opium and other drugs Many of the works discussed have never been translated into English or published in centuries The unparalleled research in this volume makes it a potential perennial classic on the subjects of both medieval and renaissance history of cannabis as well as the role of plants in the magical and occult traditions

Man and His Becoming According to the Vedanta René Guénon, 2001 Gu non published his fundamental doctrinal work Man and His Becoming according to the Vedanta in 1925 After asserting that the Vedanta represents the purest metaphysics in Hindu doctrine he acknowledges the impossibility of ever expounding it exhaustively and states that the specific object of his study will be the nature and constitution of the human being Nonetheless taking the human being as point of departure he goes on to outline the fundamental principles of all traditional metaphysics He leads the reader gradually to the doctrine of the Supreme Identity and its logical corollary the possibility that the being in the human state might in this very life attain liberation the unconditioned state where all separateness and risk of reversion to manifested existence ceases Although Gu non chose the doctrine of the Advaita school and in particular that of Shankara as his basis Man and His Becoming should not be considered exclusively an exposition of this school and of this master It is rather a synthetic account drawing not only upon other orthodox branches of Hinduism but not infrequently also upon the teachings of other traditional forms Neither is it a work of erudition in the sense of the orientalist and historians of religion who study doctrines from the outside but represents knowledge of the traditionally transmitted and effective sacred science Gu non treats other aspects of Hinduism in his Introduction to the Study of the Hindu Doctrines and Studies in Hinduism

The King of the World René Guénon, 2001 This remarkable book grew out of a conference headed by Ren Gu non the sinologist Ren Grousset and the neo Thomist Jacques Maritain on questions raised by Ferdinand Ossendowski s thrilling account in his Men Beast and Gods of an escape through Central Asia during which he foils enemies and encounters shamans and Mongolian lamas whose marvels he describes The book caused a great sensation especially the closing chapters where Ossendowski recounts legends allegedly entrusted to him concerning the King of the World and his subterranean kingdom Agarttha The present book one of Gu non s most controversial was written in response to this conference and develops the theme of the King of the World from the point of view of traditional metaphysics Chapters include Western Ideas about Agarttha Shekinah and Metatron The Three Supreme Functions Symbolism of the Grail Melki Tsedeq Luz Abode of Immortality The Supreme Center concealed during

the Kali Yuga and The Omphalos and Sacred Stones **The Essential Ren, Gu,non** René Guénon,2009-10-15 A prolific writer and author of over 24 books Rene Guenon was the founder of the Perennialist Traditionalist school of comparative religious thought Known for his discourses on the intellectual and spiritual bankruptcy of the modern world symbolism tradition and the inner or spiritual dimension of religion this book is a compilation of his most important writings A key component of his thought was the assertion that universal truths manifest themselves in various forms in the world s religions and his writings on Hinduism Taoism and Sufism are particularly illuminating in this regard **The Spiritist Fallacy** René Guénon,2003 The Spiritual Fallacy though packed with arcane facts is unique in revealing how one the greatest metaphysicians of our age interprets the phenomena real or alleged of spiritualism The doctrinal expositions that accompany his astonishing account offer extraordinarily prescient insight into many deviations and psychological afflictions of the modern mind and will be a valuable to psychological practitioners and spiritual counselors as to historians of esoteric history It also offers a profound corrective to the many brands of New Age therapy that all too unwittingly invoke many of the same elements whose nefarious origins Guenon so clearly described many years ago **The Crisis of the Modern World** René Guénon,2001 It is no longer news that the Western world is in a crisis a crisis that has spread far beyond its point of origin and become global in nature In 1927 Ren Gu non responded to this crisis with the closest thing he ever wrote to a manifesto and call to action The Crisis of the Modern World was his most direct and complete application of traditional metaphysical principles particularly that of the age of darkness preceding the end of the present world to social criticism surpassed only by The Reign of Quantity and the Signs of the Times his magnum opus In the present work Gu non ruthlessly exposes the Western deviation its loss of tradition its exaltation of action over knowledge its rampant individualism and general social chaos His response to these conditions was not activist however but purely intellectual envisioning the coming together of Western intellectual leaders capable under favorable circumstances of returning the West to its traditional roots most likely via the Catholic Church or under less favorable ones of at least preserving the seeds of Tradition for the time to come **The Simple Life of René Guénon** Paul Chacornac,2005-05 Ren Gu non 1886 1951 is undoubtedly one of the luminaries of the twentieth century whose critique of the modern world has stood fast against the shifting sands of recent philosophies His oeuvre of 26 volumes is providential for the modern seeker pointing ceaselessly to the perennial wisdom found in past cultures ranging from the Shamanistic to the Indian and Chinese the Hellenic and Judaic the Christian and Islamic and including also Alchemy Hermeticism and other esoteric currents at the same time it directs the reader to the deepest level of religious praxis emphasizing the need for affiliation with a revealed tradition even while acknowledging the final identity of all spiritual paths as they approach the summit of spiritual realization The present volume first published in 1958 by Gu non s friend and collaborator Paul Chacornac whose bookstore journal first called Le Voile d Isis later changed to tudes Traditionnelles and publishing venture ditions Traditionnelles were so instrumental in furthering Gu non s work was

the first full length biography of this extraordinary man to appear and has served as the foundation for the many later biographies that have appeared in French as well as the lone biography in English *Ren Gu non and the Future of the West* by Robin Waterfield Its translation and publication in conjunction with *The Collected Works of Ren Gu non* represents an important step in the effort to bring Gu non s oeuvre before a wider public

Spiritual Authority and Temporal Power

René Guénon, 2001 *Spiritual Authority and Temporal Power* is an analysis of cyclical manifestation and more specifically of the relationship between royal and sacerdotal power In accord with the Hindu doctrine of manvantaras and Plato s depiction of historical degeneration in the *Republic* Gu non views history here as a series of revolts of lower castes against the higher The kshatriyas warriors revolt against the brahmins priests thus setting the stage for a revolt of the vaishyas loosely the bourgeoisie as in the French revolution and finally the shudras the proletariat as in the Russian revolution which Gu non does not touch upon in this work From one point of view this is a progressive degeneration from another it is entirely lawful given the entropic nature of manifestation itself External historical descent reflects an inner degeneration knowledge the celestial paradise is eclipsed by heroic action the terrestrial paradise which is in turn overrun by the inertia and agitation of the passions Yet the nadir of degeneration is also the point of renewal the dawning of the Heavenly Jerusalem spiritual Knowledge which begins a new cycle of manifestation
