Studies In Semitic Syntax

Walter Ray Bodine

Studies In Semitic Syntax:

Studies in Semitic Syntax Geoffrey Khan, 1988 This study of the syntactic constructions of extraposition and pronominal agreement in Semitic languages Arabic Biblical Hebrew Biblical Aramaic Syriac Akkadian and Amharic examines both structure and function using a method of discourse analysis to demonstrate how syntactic constructions are used to mark boundaries in the semantic structure of texts Studies in Semitic Syntax Dagmar Engberth, 2009-07 Thesis M A from the year 2000 in the subject English Language and Literature Studies Linguistics University of Stuttgart language English abstract This work places the theory of Transformational Grammar into the foreground presenting it applied to Arabic and partly to Hebrew In the first part of this work the theory is presented summarizing all rules and principles that are relevant for this subject In the second and third part of this work the analyses of Abdelkader Fassi Fehri and Uri Shlonsky are examined with regard to the syntactic structure of Arabic and Hebrew Finally it may be observed that this work more or less applies a syntactic theory to a language rather than advancing a new one itself **The Development of the Syntax of Post-biblical Hebrew** Chaim Rabin, 2000 This is a stimulating description by an outstanding Hebraist and Semitist of some essential features characterising the syntax of Hebrew used in non artistic prose during the 12th 15th centuries in Southern France and Spain An essential reading for any Hebraist and Semitist interested in the historical development of Hebrew syntax Studies in Hebrew and Aramaic Syntax Karel Jongeling, Hendrika Lena Murre-van den Berg, H. L. Murre-Van Den Berg, Lucas Van Rompay, Jacob Hoftijzer, 1991 A collection of essays on syntactical questions in the field of Hebrew and Aramaic dealing with the nominal sentence the particle et clause types word order and concord within sentences the status and use of particles and verbal forms In addition to Biblical Hebrew other language forms discussed in some of the essays are Mishnaic and Modern Hebrew Imperial Aramaic Middle Aramaic and Classical Syriac **Parametric Syntax** Hagit Borer, 2014-10-08 No detailed description available for Parametric Syntax Studies in Semitic Linguistics Gideon Goldenberg, 1998 Collected in this volume are articles published over the last three decades which deal with various aspects of Semitic languages in general the structure of Hebrew history of Arab grammatical tradition Aramaic and Neo Aramaic Syriac syntax and particularly with Ethiopian languages Amharic and Old Amharic Gurage Harari and Comparative Ethiopian While discussing general language specific and comparative issues special attention is devoted in these studies to syntax to the examination of linguistic methodology and to the contribution of Semitics to the Science of language Studies in Hebrew and Aramaic Syntax Karel Jongeling, Heleen Murre-van den Berg, Rompay, 2017-07-03 This volume is dedicated to professor Jacob Hoftijzer on the occasion of his sixty fifth birthday as well as of his retirement from the chair of Hebrew Language and Literature the Israelite Antiquities and Ugaritic at the University of Leiden After a preface by A van der Heide and a bibliographical list of Hoftijzer's publications the volume contains 16 essays on syntactical questions in the field of Hebrew and Aramaic Most of these essays deal with subjects occurring in Hoftijzer's publications Such are the nominal

sentence the particle *et* questions related to clause types as well as to word order and concord within sentences the status and use of particles and verbal forms Whereas Biblical Hebrew is discussed in most of the essays other language forms are represented as well esp Mishnaic and Modern Hebrew Imperial Aramaic Middle Aramaic and Classical Syriac

Linguistics and Biblical Hebrew Walter Ray Bodine, 1992 The essays in this volume arose out of the Society of Biblical Literature section on linguistics and Biblical Hebrew and have been selected to provide a summary and statement of the state of the question with regard to a number of areas of investigation The sixteen articles are organized into sections on phonology morphology syntax semantics discourse analysis historical comparative linguistics and graphemics **The Cambridge Handbook of Experimental Syntax** Grant Goodall, 2021-12-09 Experimental syntax is an area that is rapidly growing as linguistic research becomes increasingly focused on replicable language data in both fieldwork and laboratory environments The first of its kind this handbook provides an in depth overview of current issues and trends in this field with contributions from leading international scholars It pays special attention to sentence acceptability experiments outlining current best practices in conducting tests and pointing out promising new avenues for future research Separate sections review research results from the past 20 years covering specific syntactic phenomena and language types The handbook also outlines other common psycholinguistic and neurolinguistic methods for studying syntax comparing and contrasting them with acceptability experiments and giving useful perspectives on the interplay between theoretical and experimental linguistics Providing an up to date reference on this exciting field it is essential reading for students and researchers in linguistics interested in using experimental methods to conduct syntactic research *The Development of the Syntax of Post-Biblical Hebrew* Chaim Rabin, 2017-07-03 This volume is concerned with a historical development of the syntax of Hebrew in the post biblical periods more specifically from the twelfth to the fifteenth centuries as used in non artistic prose in Southern France and Spain a period in which the language underwent some fundamental changes and developments With his superb knowledge of all phases of Hebrew the author portrays and analyses these developments in relation to Biblical and Mishnaic Hebrew This is a highly original and important contribution to a diachronic description of Hebrew syntax and undoubtedly a necessary reading for any serious Hebraist and Semitist *The State of Old Testament Studies* H. H. Hardy, II, M. Daniel Carroll R., 2024-11-05 This book surveys the current landscape of Old Testament studies offering readers a concise guide to contemporary academic discussions Bringing together a diverse group of experts *The State of Old Testament Studies* provides an informed introduction to the many fields of Old Testament research by recognized scholars presents basic questions in each subfield surveys the primary methods of answering these questions engages prominent solutions and cites relevant and up to date resources It is an extensive guide to current research and an ideal supplemental textbook for a variety of courses on the Old Testament *Reconstructing Syntax*, 2020-06-15 During several decades syntactic reconstruction has been more or less regarded as a bootless and an unsuccessful venture not least due to the heavy

criticism in the 1970s from scholars like Watkins Jeffers Lightfoot etc This fallacious view culminated in Lightfoot's 2002 conclusion if somebody thinks that they can reconstruct grammars more successfully and in more widespread fashion let them tell us their methods and show us their results Then we'll eat the pudding This volume provides methods for the identification of cognates in syntax and ii the directionality of syntactic change showcasing the results in the introduction and eight articles These examples are offered as both tastier and also more nourishing than the pudding Lightfoot had in mind when discarding the viability of reconstructing syntax

Studies in Hebrew and Aramaic Syntax : Presented to Professor J. Hoftijzer On the Occasion of His Sixty-fifth Birthday K. Jongeling, Lucas van Rompay, H. L. Murre-Van den Berg, 1991

Bēl Lišāni Rebecca Hasselbach-Andee, Na'ama Pat-El, 2022-06-30 Akkadian a Semitic language attested in writing from 2600 BCE until the first century CE was the language of Mesopotamia for nearly three millennia This volume examines the language from a comparative and historical linguistic perspective Inspired by the work of renowned linguist John Huehnergard and featuring contributions from top scholars in the field Bēl Lišāni showcases the latest research on Akkadian linguistics Chapters focus on a wide range of topics including lexicon morphology word order syntax verbal semantics and subgrouping Building upon Huehnergard's pioneering studies focused on the identification of Proto Akkadian features the contributors explore linguistic innovations in the language from historical and comparative perspectives In doing so they open the way for further etymological dialectical and lexical research into Akkadian An important update on and synthesis of the research in Akkadian linguistics this volume will be welcomed by Semitists Akkadian language specialists and scholars and students interested in historical linguistics In addition to the editors the contributors to this volume include Paul Alain Beaulieu yvind Bjørn Maksim Kalinin N J C Kouwenberg Sergey Loesov Jacob J de Ridder Ambjørn Sjørs Michael P Streck and Juan Pablo Vita

Handbook of Comparative and Historical Indo-European Linguistics Jared Klein, Brian Joseph, Matthias Fritz, 2017-09-25 This book presents the most comprehensive coverage of the field of Indo European Linguistics in a century focusing on the entire Indo European family and treating each major branch and most minor languages The collaborative work of 120 scholars from 22 countries Handbook of Comparative and Historical Indo European Linguistics combines the exhaustive coverage of an encyclopedia with the in depth treatment of individual monographic studies

A Guide to Biblical Hebrew Syntax Bill T. Arnold, John H. Choi, 2018-08-23 A Guide to Biblical Hebrew Syntax introduces and abridges the syntactical features of the original language of the Hebrew Bible Old Testament An intermediate level reference grammar for Biblical Hebrew it assumes an understanding of elementary phonology and morphology and it defines and illustrates the fundamental syntactical features of Biblical Hebrew that most intermediate level readers struggle to master The volume divides Biblical Hebrew syntax and morphology into four parts The first three cover the individual words nouns verbs and particles with the goal of helping the reader move from morphological and syntactical observations to meaning and significance The fourth section moves beyond phrase level phenomena and considers the larger relationships of

clauses and sentences Since publication of the first edition research on Biblical Hebrew syntax has substantially evolved This new edition incorporates these developments through detailed descriptions of grammatical phenomena from a linguistics approach It retains the labels and terminology used in the first edition to maintain continuity with the majority of entry level and more advanced grammars

I Am He Catrin H. Williams, 2000 New Testament scholars often claim that the interpretative key to Jesus pronouncement of the words ego eimi in the Gospel of John lies in the use of this phrase in the Septuagint of Isaiah to render the Hebrew expression ani hu While previous studies have paid particular attention to the New Testament usage of ego eimi Catrin H Williams sets this evidence within a broader framework by offering a detailed analysis of the interpretation of ani hu in biblical and Jewish traditions She examines the role of ani hu as a succinct expression of God's claim to exclusiveness in the Song of Moses and the poetry of Deutero Isaiah and attempts to reconstruct its later interpretative history from the substantial body of evidence preserved in the Aramaic Targumim and several midrashic traditions Biblical ani hu declarations are cited by rabbinic authorities as proof texts against a variety of heretical claims particularly the two powers heresy but new ani hu formulations not necessarily confined to divine speeches are also attested In the concluding chapters Catrin H Williams considers the role of ani hu when seeking to interpret Jesus utterance of the words ego eimi in Synoptic and Johannine traditions

Studies in the Historical Syntax of Aramaic Na'ama Pat-El, 2012 Historical syntax has long been neglected in the study of the Semitic languages although it holds great value for the subgrouping of this diverse language family Focusing on the development of adverbial subordination nominal modifiers and direct speech marking as well as reviewing changes through language contact and drift this book is the first step in the syntactic reconstruction of the Aramaic dialect group the longest attested branch of the Semitic language family

Afroasiatic Mauro Tosco, 2018-01-15 The articles in the present volume offer an updated view of the breadth of theoretical and empirical research being carried on in the different subgroups of the Afroasiatic phylum They are written by leading specialists and are representative of widely different perspectives and interests from the analysis of data from scarcely known varieties to the reappraisal of old debates such as the value of the Classical Arabic verbal forms Reflecting a great diversity of language structures and functions the articles are grouped into three broad areas the phylum as such in its classificatory and typological aspects the analysis of the intricate morphology of Afroasiatic and its developments and the syntax of Afroasiatic in its widest sense from the clause to the sentence and beyond They witness how Afroasiatic with its unsurpassed historical depth and immense geographical breadth keeps representing a constant source of fascinating data and implications for linguistic theory

A Linguistic History of Arabic Jonathan Owens, 2006-05-11 A Linguistic History of Arabic presents a reconstruction of proto Arabic by the methods of historical comparative linguistics It challenges the traditional conceptualization of an old Classical language evolving into the contemporary Neo Arabic dialects Professor Owens combines established comparative linguistic methodology with a careful reading of the classical Arabic sources such

as the grammatical and exegetical traditions He arrives at a richer and more complex picture of early Arabic language history than is current today and in doing so establishes the basis for a comprehensive linguistically based understanding of the history of Arabic The arguments are set out in a concise case by case basis making it accessible to students and scholars of Arabic and Islamic culture as well as to those studying Arabic and historical linguists

While this might not be the Studies In Semitic Syntax full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Studies In Semitic Syntax eBooks, including some popular titles.

FAQs About Studies In Semitic Syntax Books

What is a Studies In Semitic Syntax PDF? A PDF (Portable Document Format) is a file format developed by Adobe that

preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Studies In Semitic Syntax PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Studies In Semitic Syntax PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Studies In Semitic Syntax PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Studies In Semitic Syntax PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
