Studies In Shinto Shrines

Titus Hjelm, Phil Zuckerman

Studies In Shinto Shrines:

Studies In Shinto & Shrines R. A. B. Ponsonby-Fane, 2014-06-03 First Published in 2005 Written by one of the leading scholars on Japanese culture this focus of this collection of papers centres on Shinto rites and festivals and shrine buildings Among the topics covered are the imperial family and Shinto the three great emperors Yatagarasu Yasoshima No Matsuri and Kamo Gejo Ryosha Eleven shrines are discussed in detail including Tatsuta Jinja Aso Jinja and Suminoe No Okami Readers will enjoy the book's fascinating subject matter clear presentation and entertaining style Studies in Shinto and Shrines Richard Arthur Brabazon Ponsonby-Fane, 1957 Essentials of Shinto Stuart Picken, 1994-11-22 Shinto is finally receiving the attention it deserves as a fundamental component of Japanese culture Nevertheless it remains a remarkably complex and elusive phenomenon to which Western categories of religion do not readily apply A knowledge of Shinto can only proceed from a basic understanding of Japanese shrines and civilization for it is closely intermingled with the Japanese way of life and continues to be a vital natural religion This book is a convenient guide to Shinto thought As a reference work the volume does not offer a detailed critical study of all aspects of Shinto Instead it overviews the essential teachings of Shinto and provides the necessary cultural and historical context for understanding Shinto as a dynamic force in Japanese civilization The book begins with an historical overview of Shinto followed by a discussion of Japanese myths The volume then discusses the role of shrines which are central to Shinto rituals Other portions of the book discuss the various Shinto sects and the evolution of Shinto from the Heian period to the present Because Japanese terms are central to Shinto the work includes a glossary Historical Dictionary of Shinto Stuart D. b. Picken, 2002-01-15 This dictionary contains entries which identify the principal historical and mythological names that are central to the Shinto tradition but also demonstrate the relationship of Shinto to Japanese culture Subjects covered include the relationship of Shi *International Handbook of Learning, Teaching and Leading in Faith-Based Schools* Judith D. Chapman, Sue McNamara, Michael J. Reiss, Yusef Waghid, 2014-07-10 The International Handbook on Learning Teaching and Leading in Faith Based Schools is international in scope It is addressed to policy makers academics education professionals and members of the wider community The book is divided into three sections 1 The Educational Historical Social and Cultural Context which aims to Identify the educational historical social and cultural bases and contexts for the development of learning teaching and leadership in faith based schools across a range of international settings Consider the current trends issues and controversies facing the provision and nature of education in faith based schools Examine the challenges faced by faith based schools and their role and responses to current debates concerning science and religion in society and its institutions 2 The Nature Aims and Values of Education in Faith based Schools which aims to Identify and explore the distinctive philosophies characteristics and guiding principles values concepts and concerns underpinning learning teaching and leadership in faith based schools Identify and explore ways in which such distinctive philosophies of education challenge and expand different norms and conventions in their surrounding societies

and cultures Examine and explore some of the ways in which different conceptions within and among different religious and faith traditions guide practices in learning teaching and leadership in various ways 3 Current Practice and Future Possibilities which aims to Provide evidence of current educational practices that might help to inform and shape innovative and successful policies initiatives and strategies for the development of quality learning teaching and leadership in faith based schools Examine the ways in which the professional learning of teachers and educational leaders in faith based settings might be articulated and developed Consider the ways in which coherence and alignment might be achieved between key national priorities in education and the identity beliefs and the commitments of faith based schools Examine what international experience shows about the place of faith based schools in culturally rich and diverse communities and the implications of faith based schooling for societies of the future **Historical Dictionary of Shinto** Stuart D.B.

Picken,2010-12-28 One of Japan s major religions Shinto has no doctrines and there are no sacred texts from which religious authority can be derived It does not have an identifiable historical founder and it has survived the vicissitudes of history through rituals and symbols rather than through continuity of doctrine Shinto is primarily a religion of nature centered on the cultivation of rice the basis of a culture with which the western world is not familiar in terms of either its annual cycle or the kind of lifestyle it generates The roots of the Shinto tradition probably precede this and reflect an awareness of the natural order The oldest shrines came to be located in places that inspired awe and wonder in their observers such as the great Fall of Nachi in Kumano or in mountains that conveyed a sense of power The expanded second edition of the Historical Dictionary of Shinto relates the history of Shinto through a chronology an introductory essay an extensive bibliography and over 800 cross referenced dictionary entries on Shinto concepts significant figures places activities and periods Scholars and students will find the overviews and sources for further research provided by this book to be enormously helpful

International Perspectives on Pilgrimage Studies John Eade,Dionigi Albera,2015-04-10 Although research on contemporary pilgrimage has expanded considerably since the early 1990s the conversation has largely been dominated by Anglophone researchers in anthropology ethnology sociology and religious studies from the United Kingdom the United States France and Northern Europe This volume challenges the hegemony of Anglophone scholarship by considering what can be learned from different national linguistic religious and disciplinary traditions with the aim of fostering a global exchange of ideas The chapters outline contributions made to the study of pilgrimage from a variety of international and methodological contexts and discuss what the metropolis can learn from these diverse perspectives While the Anglophone study of pilgrimage has largely been centred on and located within anthropological contexts in many other linguistic and academic traditions areas such as folk studies ethnology and economics have been highly influential Contributors show that in many traditions the study of folk beliefs and practices often marginalized within the Anglophone world has been regarded as an important and central area which contributes widely to the understanding of religion in general and pilgrimage

specifically As several chapters in this book indicate folk based studies have played an important role in developing different methodological orientations in Poland Germany Japan Hungary Italy Ireland and England With a highly international focus this interdisciplinary volume aims to introduce new approaches to the study of pilgrimage and to transcend the boundary between center and periphery in this emerging discipline *Overseas Shinto Shrines* Karli Shimizu, 2022-10-06 Through extensive use of primary resources and fieldwork this detailed study examines overseas Shinto shrines and their complex role in the colonization and modernization of newly Japanese lands and subjects Shinto shrines became one of the most visible symbols of Japanese imperialism in the early 20th century From 1868 to 1945 shrines were constructed by both the government and Japanese migrants across the Asia Pacific region from Sakhalin to Taiwan and from China to the Americas Drawing on theories about the constructed nature of the modern categories of religion and the secular this book argues that modern Shinto shrines were largely conceived and treated as secular sites within a newly invented Japanese secularism and that they played an important role in communicating changed conceptions of space time and ethics in imperial subjects Providing an example of the invention of a non Western secularity this book contributes to our understanding of the relationship between religion secularism and the construction of the modern state **The SAGE Handbook of the Sociology of Religion** James A Beckford, Jay Demerath, 2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook's 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject

further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009

Kami Ways in Nationalist Territory Bernhard Scheid, Kate Wildman Nakai, 2013 English summary Shinto is often regarded as Japan's indigenous religion retaining archaic elements of animism and nature worship At the same time Shinto is sometimes seen as nothing else than a nationalistic political ideology After all in 1868 Japan turned into a modern nation state and worship at Shinto shrines became a national cult This so called State Shinto was eventually abolished under the Allied Occupation in 1946 but the historical links between Shinto and Japanese nationalism led to an ambiguous evaluation of Shinto not only at the popular level but also at the level of scientific research The present volume comprises eight essays by leading experts of Japanese intellectual history from Japan Europe and the USA who tackle this issue from the point of view of research history What is the impact of State Shinto on Shinto research before and after the Second World War How did Japanese and international scholars contribute and or react to the ideological framework of Japanese nationalism How did nationalist discourses of other countries in particular German National Socialism influence the representation of Shinto As each essay addresses these issues from a specific angle it becomes clear that there never was just one ideology of State Shinto Moreover the emphasis on Shinto ritual by the political authorities weakened the significance of academic research of Shinto as a tool of propaganda Regarding the concept of Shinto proper the impact of modern westernized religious studies seems at least as important as traditional nativist approaches German description Shinto wird oft als einheimische Religion Japans angesehen in der sich archaische animistische oder naturreligiöse Elemente bis heute bewahrt haben Zugleich wird Shinto auch als nationalistische politische Ideologie charakterisiert Dies geht auf die Zeit nach 1868 zurück als Japan sich in einen modernen Nationalstaat wandelte und dabei die Verehrung von Shinto Schreinen zum nationalen Kult erklärte Dieser sogenannte Staatsshinto wurde 1946 unter der alliierten Besatzung zwar abgeschafft doch die historischen Verbindungen zwischen Shinto und dem Nationalismus hinterliessen sowohl in der populären als auch in der wissenschaftlichen Wahrnehmung des Shinto ein ambivalentes Bild Der vorliegende Band enthält acht Beiträge führender Experten der japanischen Geistesgeschichte aus Japan Europa und den USA die diesen Fragen aus wissenschaftsgeschichtlicher Perspektive nachgehen Welchen Einfluss übte der Staatsshinto auf die Shinto Forschung vor und nach dem Zweiten Weltkrieg aus Wie reagierten japanische und internationale Gelehrte auf die ideologischen Bedingungen des japanischen Nationalismus inwiefern trugen sie dazu bei Wie weit prägten nationalistische Diskurse anderer Länder insbesondere der Nationalsozialismus die Darstellung des Shinto Aus den verschiedenen Blickwinkeln der einzelnen Beiträge wird deutlich dass es keine einheitliche Ideologie des Staatsshinto gab Die Betonung der rituellen Aspekte des Shinto durch die politischen Eliten führte vielmehr dazu dass die akademische Shinto Forschung als Mittel nationalistischer Propaganda von vergleichsweise geringer Bedeutung war Für die Konzeptualisierung des Shinto selbst waren die modernen westlichen

Religionswissenschaften anscheinend ebenso wichtig wie traditionelle anativistische Ansätze Studies in Shintō and Shrines Richard A. B. Ponsonby-Fane, 1953 **Art and Architecture of the World's Religions** Leslie D. Ross, 2009-06-04 Two abundantly illustrated volumes offer a vibrant discussion of how the divine is and has been represented in art and architecture the world over Beginning with the ancient worlds of Mesopotamia Egypt Greece and Rome and moving forward through time Art and Architecture of the World's Religions explores the major faiths from countries and continents around the globe helping readers better understand the creations their beliefs have inspired After tracing the history and development of a religion the book provides a general overview of its principal beliefs and key practices It then offers specific examples of how works of art architecture reflect that religion's values The focus of each chapter is on the temples churches and religious buildings statues paintings and other works of art and architecture created by believers Each representative work of art or architecture is examined in terms of its history materials symbols colors and patterns as its significance is explained to the reader With extensive illustrations these volumes are the definitive reference work on art and architecture of the world's religions *Case Studies on Human Rights in Japan* Roger Goodman, Ian Neary, 2013-06-17 Japanese society is often referred to as an example of a homogeneous culture moderated by an ethos of groupism Yet often enough homogeneity is its own worst enemy as norms are required and enforced at the centre of power to the detriment of individual and human rights *Encyclopedia of Global Studies* Helmut K. Anheier, Mark Juergensmeyer, 2012-03-09 With all entries followed by cross references and further reading lists this current resource is ideal for high school and college students looking for connecting ideas and additional sources on them The work brings together the many facets of global studies into a solid reference tool and will help those developing and articulating an ideological perspective Library Journal The Encyclopedia of Global Studies is the reference work for the emerging field of global studies It covers both transnational topics and intellectual approaches to the study of global themes including the globalization of economies and technologies the diaspora of cultures and dispersion of peoples the transnational aspects of social and political change the global impact of environmental technological and health changes and the organizations and issues related to global civil society Key Themes Global civil society Global communications transportation technology Global conflict and security Global culture media Global demographic change Global economic issues Global environmental and energy issues Global governance and world order Global health and nutrition Global historical antecedents Global justice and legal issues Global religions beliefs ideologies Global studies Identities in global society Readership Students and academics in the fields of politics and international relations international business geography and environmental studies sociology and cultural studies and health **The SAGE Handbook of Modern Japanese Studies** James D Babb, 2014-12-15 A welcome addition to any reading list for those interested in contemporary Japanese society Roger Goodman Nissan Professor of Modern Japanese Society University of Oxford I know no better book for an accessible and up to date introduction to this complex subject than The SAGE Handbook

of Modern Japan Studies Hiroko Takeda Associate Professor Organization for Global Japanese Studies University of Tokyo
Pioneering and nuanced in analysis yet highly accessible and engaging in style Yoshio Sugimoto Emeritus Professor La Trobe University
The SAGE Handbook of Modern Japanese Studies includes outstanding contributions from a diverse group of leading academics from across the globe This volume is designed to serve as a major interdisciplinary reference work and a seminal text both rigorous and accessible to assist students and scholars in understanding one of the major nations of the world
James D Babb is a Senior Lecturer in the School of Geography Politics and Sociology at Newcastle University

Britain & Japan Ian Nish, James Hoare, Hugh Cortazzi, 1994 A further 20 studies of key personalities including Edmund Morel Alexander Shand Lafcadio Hearn Rev Dr John Batchelor and more recently Shigeru Yoshida and Christmas Humphreys

Studying Religion and Society Titus Hjelm, Phil Zuckerman, 2013 How do you study religion and society In this fascinating book some of the most famous names in the field explain how they go about their everyday work of studying religions in the field They explain how the ideas for their projects and books have come together how their understanding of religion has changed over the years and how their own beliefs have affected their work They also comment on the changing nature of the field the ideas which they regard as most important and those which have not stood the test of time Lastly they offer advice to young scholars and suggest what needs to be done to enable the field to grow and develop further

Handbook for Asian Studies Specialists Noriko Asato, 2013-10-08 An indispensable tool for librarians who do reference or collection management this work is a pioneering offering of expertly selected print and electronic reference tools for East Asian Studies Chinese Japanese and Korean
Handbook for Asian Studies Specialists A Guide to Research Materials and Collection Building Tools is the first work to cover reference works for the main Asian area languages of China Japan and Korea Several leading Asian Studies librarians have contributed their many decades of experience to create a resource that gathers major reference titles both print and online that would be useful to today's Asian Studies librarian Organized by language group it offers useful information on the many subscription based and open source electronic tools relevant to Asian Studies This book will serve as an essential resource for reference collections at academic libraries Previously published bibliographies on materials deal with China or Japan or Korea but none have coalesced information on all three countries into one work or are written in English And unlike the other resources available this work provides the insight needed for librarians to make informed collection management decisions and reference selections Event Studies
Donald Getz, 2007 Abstract **The Atlantic Monthly**, 1905

The Top Books of the Year Studies In Shinto Shrines The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. Studies In Shinto Shrines : Colleen Hoover "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
