The Encounter of Eastern Christianity With Early Islam Emmanouela Grypeou, Mark (Mark N.) Swanson, David Richard Thomas, 2006 The contributions in this volume deal with crucial subjects of political and theological dialogue and controversy that characterized the varying responses of the Christian communities in the Byzantine Eastern provinces to the Islamic conquest and its subsequent impact on Byzantine society and history The Portrayal of Christ in the Syriac Commentary on the Diatessaron Christian Lange, Christian M. W. Lange, 2005 For a long time the Diatessaron has drawn the interest of modern scholars Some of the problems related to the Syriac Harmony of the Gospels have been solved Others still remain in dispute The Syriac Commentary on the Diatessaron attributed to Ephraem 306 373 is one of the most important witnesses to the wording of the Harmony Unfortunately most of the surviving Syriac folios of the text have been discovered only recently Consequently no detailed study on the Commentary has been undertaken yet It is the aim of this study to present this scholarly demand This Oxford dissertation deals with the questions of the difficult process of the Commentary s transmission and analyses both the Trinitarian and Christological understanding of its author By way of a comparison with the genuine Ephraem this study argues that the Commentary in its present form is a compilation from the hand of one of his disciples However it serves as an important source on the theological discussions in the Edessa of the late fourth and early fifth centuries Studies in Syriac Christianity Sebastian P. Brock, 1992 The main concern of these articles is the interaction of Syriac with Greek culture in Late Antiquity The book includes an examination of the process of translation from Greek into Syriac studies of a number of unusual Greek texts in Syriac and inter church relations in the 5th 7th centuries in Grace Lizette Larson-Miller, Walter Knowles, 2013-06-26 The importance of baptism within Christian history theology and practice is of the first order Rooted in Christian Scripture baptism is initiation into Jesus Christ and the sacramental beginning of engagement with the church the body of Christ In recent decades the relationship between baptismal theology and ecclesiology has changed Rather than focusing solely on the implications of baptism for individuals the center of theological conversation has moved increasingly to the nature of baptism as formative of the church One of the pioneers in exploring this theological issue in the United States has been the Rev Dr Louis Weil who from the time he helped author the 1979 Book of Common Prayer has advocated for an approach called baptismal ecclesiology In a number of essays since the 1980s Dr Weil has encouraged an increasingly ecumenical conversation around this particular approach to ecclesiology This ecumenical collection of essays by a distinguished and international group of sixteen scholars continues the conversation on liturgy and ecclesiology begun by Fr Weil Syriac and Antiochian Exegesis and Biblical Theology for the 3rd **Millennium** Robert D. Miller, 2008 This volume of collected essays explores the exegesis of the patristic School of Antioch the Syriac Church Fathers and the churches of the Antiochian Syriac traditions This exegetical tradition can be of use in today s historical critical biblical scholarship with relation to theology **Corpus scriptorum Christianorum Orientalium** Jean Baptiste Chabot, Ignazio Guidi, Henri Hyvernat, Bernard Carra de Vaux, Jacobus Forget, Arthur Adolphe Vaschalde, 2005 **Bibliography of Islamic Philosophy** Hans Daiber, 1998-12-31 Die Survove und ihre Umwelt Martin Tamcke, Andreas Heinz, 2005 Diaspora Judaism in Turmoil, 116/117 CE Miriam Pucci Ben Zeev, 2005 Between the two wars fought in Judaea against the Roman government the Great War and that of Bar Kochba the uprisings of Diaspora Jews toward the end of Trajan's reign constitute a unique event in the history of the Second Jewish Commonwealth It marks the first and only episode of Jewish violence on a grand scale to take place outside Judaea and at the same time the only instance of simultaneous outbursts in different geographical places Libya Egypt Cyprus and Mesopotamia and apparently Judaea as well What happened exactly Where did the Jews get their arms from and for how long did they succeed in resisting the impact of the Roman legions Generations of scholars accepted the statement of Eusebius that the uprisings started in 115 CE but the possibility has been recently put forward that the revolt broke out instead only in 116 Moreover what was the order in which the upheavals took place the traditional one Libya Egypt Cyprus and Mesopotamia as most scholars believe following the testimony of Eusebius or rather is the correct order the opposite If in fact the Jews of Mesopotamia were the first to take up arms the events that took place in the East would have been determinant in fomenting the uprisings in the western Mediterranean region An assessment of the new theories is a must and involves a reconsideration both of the literary accounts and their own sources and of other kinds of information available including the ostraca found in Egypt and a number of papyri either recently discovered or only now ascribed to the events of these upheavals. The first part of this work presents here for the first time a full collection of the epigraphical papyrological and historical sources of pagan Christian and Jewish origin dealing with these events in their original language and in English translation In the second part a fresh reading both of the sources and of scholarly views leads Miriam Pucci Ben Zeev to new interpretations of events in Egypt Mesopotamia and Judaea and to a new chronology which enables her to reach surprising conclusions concerning a possible interrelationship between the upheavals in the different countries Galeni In Hippocratis De aere aguis locis commentariorum I-IV versio Arabica Gotthard Strohmaier, 2024-05-20 Von den Werken des griechischen Arztes Galen von Pergamon 129 216 n Chr ist der Kommentar zur hippokratischen Schrift ber die Umwelt De aere aguis locis nur in einer christlich arabischen bersetzung erhalten geblieben Die Erstedition ist mit einer deutschen bersetzung und Erl uterungen versehen die auf neue Details zur zeitgen ssischen Astronomie und Philosophie zur Geographie zu Mineralguellen und zur r mischen Herrschaft eingehen American Book Publishing Record ,1992 A History of Early Christian Creeds Wolfram Kinzig, 2024-07-01 This history of early Christian creeds contains an up to date account of their origin and development from the credal texts in the New Testament to the fully fledged classical formulae of the 4th century It includes the creeds use and alteration in subsequent periods until the time of Charlemagne and the beginnings of the filioque controversy In addition the author provides a scholarly commentary on the most common ancient confessions the Nicene

Creed and the Apostles Creed Going beyond previous studies the book contains chapters dedicated to the use of creeds in law art music everyday life and even magic Recently discovered source texts such as a new Ethiopic version of the Roman Creed and a short recension of the Creed of Nicaea Constantinople receive extensive treatment Credal developments in the eastern churches beyond the borders of the Roman Empire complete this comprehensive overview This volume is intended both as a textbook for advanced students of theology and cognate disciplines and as a reference book on the creeds in a wide range of contexts All source texts are accompanied by modern English translations Winner of the Alberigo Award 2024 awarded by the European Academy of Religion British Book News British Council, 1992 Includes no 53a British wartime books for young people Forthcoming Books Rose Arny, 1992 Христианский Восток .1999 Истоки и последствия ,2005 2005, חחחחחח Subject Guide to Books in Print ,1991 Belleten, 2003 Elenchus of **Biblica** ,1995
