## **Studies In The Of Revelation:**

*Studies in the Book of Revelation* Steve Moyise, 2002-02-01 General and scholarly interest in Revelation has never been greater This is a specially commissioned set of state of the art studies on the most important aspects of Revelation and its significance for the 21st century by the world s leading scholars The studies can be grouped in relation to three main themes strategies of interpretation theological literary feminist metaphorical the nature of the violent imagery and passages of particular interest the letter to Laodicea praise and politics Old Testament allusions the second coming of Christ This book will provide an invaluable resource for researchers and students alike      Revelation M.R. DeHaan, 2015-05-07 Blessed is he that readeth and they that hear the words of this prophecy and keep those things which are written therein for the time is at hand Rev 1 3 Behold I come quickly blessed is he that keepeth the sayings of the prophecy of this book Rev 22 7 The author of the book of the revelation is Jesus Christ Rev 22 16 The Lord intended that this book should be read and studied especially by His people Rev 1 3 It is not a sealed book as many suppose but one which is open and easy to understand Rev 22 10 Bearing these facts in mind we find the study of Revelation to be fascinating illuminating and deeply profitable instead of difficult and confusing The messages in this volume constitute thirty five radio sermons which were preached first over the Mutual Network and by foreign and short wave stations around the world from August 1945 to April 1946 The response to these radio messages was so enthusiastic and the evident desire for light on the book of the Revelation so general that we soon decided to print these studies on one volume Hence this book No attempt has been made to present an exhaustive verse by verse exposition of the book but rather we have tried to present the general outline the basic structure and the framework We have dwelt at length on certain passages because they constitute the pillars of the book Our purpose is to present clearly the general outline and structure and then the details will fall naturally into their proper places If certain simple rules are followed in reading and studying it the book of the Revelation becomes clear logical and easily understood We present here a few rules which should be observed before studying the book 1 Revelation is not a dark book It is a revelation 2 It is not necessary for one to understand all the symbols and details if he is to gain a deeper knowledge of the book as a whole One need not be able to identify every tree in the forest to appreciate the beauty of the forest as a whole 3 Observe the rule of literal interpretation The greatest curse of the Christian Church is the evil of spiritualizing the Bible Although there are many symbols and signs in the book as in every other book and in our daily conversation the context indicates whether a passage is to be interpreted literally or symbolically Interpret literally except where the context or grammatical structure clearly indicates that the reference is a symbol or a sign 4 Approach the Book with a fresh mind Try to forget the views you have held concerning the Book because others have declared it to be mysterious and beyond our understanding Thousands of believers never read Revelation but carefully avoid it simply because someone told them it is a dark book and impossible to understand Study the book for yourself 5 Read the book prayerfully realizing that the Holy Spirit who infallibly inspired the

book is also the person Who must illuminate the book Never read a portion of scripture without first asking Him for light and guidance We submit for your help the following simple outline of Revelation Remember these five rules as you study it If you will memorize the outline thoroughly and keep it clearly before your mind you will have no trouble filling in the details Grand Rapids Michigan M R DeHaan     Studies In The Book of Revelation Stephen Alexander Hunter,2021-01-01 Stephen Alexander Hunter s Studies in the Book of Revelation provides clear and accurate results of the investigation of modern scholars in language which is comprehensible to the intelligent reader of the English Bible The Revelation of St John has been an enigma from the earliest Christian centuries On the one hand it has been shunned because of its mysteriousness on the other it has been discredited for sober minded intelligent Christians by the absurd vagaries of its interpreters     Studies in the Book of Revelation Stephen Alexander Hunter,1928     **Revelation** R. There are several points raised that will leave some readers in awe They will wonder if what they read is true or not It will cause much introspection analysis new and different thought processes and much research This is especially so with the points raised in the discussion of the timing of the rapture the arrival of the antichrist on the world stage and the order of the seals trumpets and plagues of the book of Revelation There is also the explanation of Daniel 11 from verse 21 45 that I am quite sure many people will find enlightening The area where the antichrist will arise is of much interest to Bible scholars students and other historians I have narrowed it down to Iraq based on my extensive studies and from the understanding of the vision given to me by the Lord God From my online friend there is also the contribution of the pictorial route of the antichrist on his march to Jerusalem just prior to the mid way point of the Week So this book holds many exciting new ideas for readers Do not start the book with a pre set mind but rather open your mind for a new adventure It is a must read
