Johannes Reuchlin's Augenspiegel Daniel O'Callaghan,2012-11-05 This book is the first complete and thoroughly commented English translation of Johannes Reuchlin s Augenspiegel 1511 The translation sheds light on the author s motive in appealing to the authorities for the preservation of Jewish books at a stage of great cultural change in Early Modern Europe It also addresses the question of how the church and state dealt intellectually with Judaism at a time when it was considered a threat to the existence of Christianity The translation of one of the most politically controversial sixteenth century pamphlets provides a view of the treatment of a minority s culture with perhaps lessons for today s world

point for original approaches and new discoveries *Writing Sin in the German Lands, 1050-1215* Sarah Bowden, 2025-04-11 *Writing Sin in the German Lands 1050 1215* is about how sin and atonement function as an impetus for textual production and formal linguistic and intellectual creativity It focuses on the late eleventh and twelfth centuries a time in which various social and cultural conditions came together to provoke both an interest in sin and an opportunity for writing experimentally about it and its area of enquiry is the German speaking world Working with a remarkably rich body of German language texts this book allows us not only to grasp with greater clarity aspects of medieval penitential thought and practice but it also offers new ways of thinking about the development of German as a literary language The book joins bodies of work on the history of penance and on devotional writing in the European vernaculars and through the interconnection of these two fields of study it offers a new perspective on questions that currently occupy scholars of the Middle Ages the medieval conception of the self in relation to other and to God the value and function of vernacular writing the nature of textuality and the relationship between writing speech material text and performance In five chapters that deal with a wide range of texts many of which have had little scholarly attention this volume shows that the long twelfth century was not only a period in which there was a particular interest in exploring aspects of the theology and practice of penance but also significantly a time in which a fundamental connection can be seen between thinking about sin and creative literary production **The Haskins Society Journal 16** Diane Korngiebel, 2006 The Haskins Society presents papers from leading scholars on the political and social history of the Western European world through the Viking times via the Anglo Saxon kingdoms to the break up of the Carolingian state in the mid 13th century *Three Plays of Maureen Hunter* Maureen, 2003 Book is clean and tight No writing in text Like New **Lily's Grammar of Latin in English: An Introduction of the Eyght Partes of Speche, and the Construction of the Same** William Lily, 2013-06-27 This is an edition of the sixteenth century Latin grammar which became by Henry VIII s acclamation the first authorized text for the teaching of Latin in grammar schools in England It deeply influenced the study of Latin and the understanding of grammar This edition includes chapters on its origins composition and subsequent history **Humanities** ,1994 **Medieval Warhorse** Oliver H. Creighton, Robert Liddiard, Alan K. Outram, Carly Ameen, Kate Kanne, 2025-02-24 The image of the armoured knight mounted on his charging warhorse is one of the most evocative of the Middle Ages As distinctive symbols of social status horses were central to the medieval aristocratic image and closely bound up with concepts of knighthood and chivalry while as weapons of war bred for size strength and stamina they changed the face of battle Drawing upon new interdisciplinary research this volume presents a fresh perspective on warhorses and medieval horses generally in Britain understood within its wider European context It adopts an integrated approach that covers the full array of evidence for medieval horses from their physical remains bones teeth and DNA equipment and armour through to visual sources such as sculpture and wall paintings and documentary and landscape evidence for the environments in which they were bred and

trained Analyses of these sources of information are first presented individually and then integrated and cross compared with the historical record to present a new chronology of horse stature conformation and appearance and to generate new understandings of the changing place of the horse in the medieval world **Books in Print** ,1982 *Light from the Ancient Past, Vol. 1* Jack Finegan,2015-12-08 A photograph map or diagram illustrates the text for every site described in this pilgrimage to Palestine beginning with places connected with John the Baptist and proceeding to Bethlehem and Nazareth Samaria and Galilee Jerash Caesarea Jericho the Mount of Olives Jerusalem and Emmaus Each entry concludes with a brief bibliography of pertinent literature Professor Finegan s knowledge of Christian theology and history plus his command of the archeology and topography of the Holy Land make his book an authoritative guide a book for study and reference and a volume for devotional reading Originally published in 1969 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Studying Gender in Medieval Europe* Patricia Skinner,2018-03-07 Building on over a century of scholarly achievements and advances this book addresses the core problem of how to incorporate gender in the study of the history of medieval Europe and why it is important to do so Providing a succinct overview of the field Patricia Skinner guides us through debates and innovations in the study of gender in medieval history Noting that the rise of gender studies has happened at a different pace in different regions this unique text addresses the national variations of approach visible in US and European scholarly traditions Packed with key authors alternative approaches and suggestions for engaging with medieval sources this text is an essential tool for students and scholars of medieval history at all levels **Handbook of Research on Entrepreneurship and Conflict** Wim Naudé,Bernadette Power,2024-07-05 This Handbook focuses on the complex relationship between entrepreneurship and conflict Editors Wim Naud and Bernadette Power construct a broad overview of central research themes in the field covering states being captured by entrepreneurs states capturing businesses entrepreneurship in post conflict reconstruction and entrepreneurs in conflict against other entrepreneurs **Literary Research and the British Renaissance and Early Modern Period** Jennifer Bowers,Peggy Keeran,2010-04-13 Recognizing that every literary era presents scholars with particular challenges this volume covers the best practices and describes important reference resources both print and electronic that can be used in conducting literary research of the British Renaissance and Early Modern period Although the primary emphasis is on literature produced in England the guide also covers literature from Scotland Wales and Ireland This book addresses specific research characteristics integral to studying the period including a more inclusive canon and the predominance of Shakespeare a dual environment of print and manuscript production the challenges of reading early modern

Interpretations of Renaissance Humanism Angelo Mazzocco,2006-07-01 Authored by some of the most preeminent Renaissance scholars active today the essays of this volume give fresh and illuminating analyses of important aspects of Renaissance humanism such as the time and causes of its origin its connection to the papal court and medieval traditions its classical learning its religious and literary dimensions and its dramatis personae Their interpretations are varied to the point of being contradictory The essays bear the imprint of the work of the eminent scholars of the second half of the twentieth century especially Kristeller s and demonstrate an awareness of the various modes of critical inquiry that have prevailed in recent years As such they are an important exemplar of current scholarship on Renaissance humanism and are therefore indispensable to the scholar who wishes to explore this pivotal cultural movement Contributors include Robert Black Alison Brown Riccardo Fubini Paul F Grendler James Hankins Eckhard Kessler Arthur F Kinney Angelo Mazzocco Giuseppe Mazzotta Massimo Miglio John Monfasani Charles G Nauert and Ronald G Witt The Poetics of Melancholy in Early Modern England Douglas Trevor,2004-09-30 The Poetics of Melancholy in Early Modern England explores how attitudes toward and explanations of human emotions change in England during the late sixteenth and early seventeenth century Typically categorized as literary writers Edmund Spenser John Donne Robert Burton and John Milton were all active in the period s reappraisal of the single emotion that due to their efforts would become the passion most associated with the writing life melancholy By emphasising the shared concerns of the non literary and literary texts produced by these figures Douglas Trevor asserts that quintessentially scholarly practices such as glossing texts and appending sidenotes shape the methods by which these same writers come to analyse their own moods He also examines early modern medical texts dramaturgical representations of learned depressives such as Shakespeare s Hamlet and the opposition to materialistic accounts of the passions voiced by Neoplatonists such as Edmund Spenser **Philadelphia Museum of Art Bulletin** ,1916
