Schumacher, 1979 **A History of Christianity in Asia, Vol. II** Samuel Hugh Moffett, 2014-07-30 The story of Christianity in the West has often been told but the history of Christianity in the East is not as well known The seed was the same the good news of Jesus Christ for the whole world which Christians call the gospel But it was sown by different sowers it was planted in different soil it grew with a different flavor and it was gathered by different reapers It is too often forgotten that the faith moved east across Asia as early as it moved west into Europe Western church history tends to follow Paul to Philippi and to Rome and on across Europe to the conversion of Constantine and the barbarians With some outstanding exceptions only intermittently has the West looked beyond Constantinople as its center It was a Christianity that has for centuries remained unashamedly Asian A History of Christianity in Asia makes available immense amounts of research on religious pluralism of Asia and how Christianity spread long before the modern missionary movement went forth in the shelter of Western military might Invaluable for historians of Asia and scholars of mission it is stimulating for all readers interested in Christian history *A World History of Christianity* Adrian Hastings, 2000-07-05 This superb volume provides the first genuinely global one volume history of the rise and development of the Christian faith An international team of specialists takes seriously the geographical diversity of the Christian story discussing the impact of Christianity not only in the West but also in Latin America Africa India the Orient and Australasia Mission History of Asian Churches Timothy K. Park, 2011-06-01 Mission History of Asian Churches is a collection of academic essays expounding and exploring the growing Asian missionary movement that began more than a century ago Presented at the Second International Forum of the Asian Society of Missiology these essays explore the mission history of Asian nations like China India the Indochina region Indonesia Korea the Philippines and Singapore as well as the cross cultural works of Asian missions and missionaries This book is a springboard to an in depth discussion and analysis of the genesis and expansion of the cross cultural missionary movements in Asia It presents the coming of age of the Asian church as demonstrated by its way of participating in the Great Commission of Christ and its significant contributions to world mission amidst struggles and adversities **The Philippine**

Council of Evangelical Churches Raymundo Go,2019-04-30 In this historical account Dr Raymundo Go presents the arrival and growth of evangelicalism in the Philippines from 1898 to 2000 looking in particular at the formation of the Philippine Council of Evangelical Churches PCEC and the motivating factors of the founding members Weaving together a narrative almost forgotten in the Philippines Dr Go also brings unique insights on the impact that North American events and theological debates had on the nascent Philippine church Through detailed explanation of the interaction and influence of the modernist liberal fundamental and evangelical movements in shaping Philippine Christian history this study addresses the historical reason for a lack of unity in the Philippine church Dr Go applies Paul Hiebert s theory of bounded and centred sets to the divisions between key organizations and churches in the Philippines to analyze and understand the behaviours of the influential groups involved in shaping Protestantism in the Philippines today This important work is not only needed to draw attention to the history of the church in the Philippines but it is vital in showing the need to learn from a divided past when considering the potential for future reconciliation and unity in the body of Christ

A Study of the Emergence and Early Development of Selected Protestant Chinese Churches in the Philippines Jean Uy Uayan,2017-06-30 Dr Jean Uayan comprehensively weaves the story of six Protestant Chinese churches in the Philippines into the local history of their individual settings in this important study Uncovering new insight and historical information from extensive primary and secondary sources Uayan presents a rich and previously unacknowledged heritage and support from four American mission organisations during the US occupation from 1898 1946 The seeds sown amongst Chinese communities across the Philippines resulted in indigenous churches that took differing journeys to full independence and now are also bearing fruit in missionary activity in South Fujian China This book is an important contribution towards a global church history acknowledging the work of the Holy Spirit establishing and building up the church of Jesus Christ among the nations

Faith, Family, and Filipino American Community Life Stephen M. Cherry,2014-01-03 Stephen M Cherry draws upon a rich set of ethnographic and survey data collected over a six year period to explore the roles that Catholicism and family play in shaping Filipino American community life From the planning and construction of community centers to volunteering at health fairs or protesting against abortion this book illustrates the powerful ways these forces structure and animate not only how first generation Filipino Americans think and feel about their community but how they are compelled to engage it over issues deemed important to the sanctity of the family Revealing more than intimate accounts of Filipino American lives Cherry offers a glimpse of the often hidden but vital relationship between religion and community in the lives of new immigrants and allows speculation on the broader impact of Filipino immigration on the nation The Filipino American community is the second largest immigrant community in the United States and the Philippines is the second largest source of Catholic immigration to this country This ground breaking study outlines how first generation Filipino Americans have the potential to reshape American Catholicism and are already having an impact on American civic life through the engagement of their faith

The Cambridge History of Southeast Asia: From early times to c. 1800 Nicholas Tarling,1992 The Cambridge History of Southeast Asia is a multi authored treatment of the whole of mainland and

island Southeast Asia from Burma to Indonesia Unlike other histories of the region it is not divided on a country by country basis and is not structured purely chronologically but rather takes a thematic and regional approach to Southeast Asia s history aiming to present the current state of historical research on Southeast Asia as well as stimulating further thought and investigation Publisher description *Reading Southeast Asia* Takashi Shiraishi,2018-05-31 In this collection Japanese scholars examine the literature of and about Southeast Asia and its relationship to culture history and politics

Christianities in Asia Peter C. Phan,2011-01-21 Christianity in Asia explores the history development and current state of Christianity across the world s largest and most populous continent Offers detailed coverage of the growth of Christianity within South Asia among the thousands of islands comprising Southeast Asia and across countries whose Christian origins were historically linked including Vietnam Thailand China Hong Kong Taiwan Japan and Korea Brings together a truly international team of contributors many of whom are natives of the countries they are writing about Considers the Middle Eastern countries whose Christian roots are deepest yet have turbulent histories and uncertain futures Explores the ways in which Christians in Asian countries have received and transformed Christianity into their local or indigenous religion Shows Christianity to be a vibrant contemporary movement in many Asian countries despite its comparatively minority status in these regions *American Jesuits and the World* John T. McGreevy,2018-11-13 How American Jesuits helped forge modern Catholicism around the world At the start of the nineteenth century the Jesuits seemed fated for oblivion Dissolved as a religious order in 1773 by one pope they were restored in 1814 by another but with only six hundred aged members Yet a century later the Jesuits numbered seventeen thousand men and were at the vanguard of the Catholic Church s expansion around the world This book traces this nineteenth century resurgence showing how Jesuits nurtured a Catholic modernity through a disciplined counterculture of parishes schools and associations Drawing on archival materials from three continents *American Jesuits and the World* tracks Jesuits who left Europe for America and Jesuits who left the United States for missionary ventures across the Pacific Each chapter tells the story of a revealing or controversial event including the tarring and feathering of an exiled Swiss Jesuit in Maine the efforts of French Jesuits in Louisiana to obtain Vatican approval of a miraculous healing and the educational efforts of American Jesuits in Manila These stories reveal how the Jesuits not only revived their own order but made modern Catholicism more global The result is a major contribution to modern global history and an invaluable examination of the meaning of religious liberty in a pluralistic age **Benevolent Intentions** Fredric Muir,2025-06-17 Fredric Muir explores a period of American history that is difficult knowledge the country s determination to be a member of the imperial era s club of colonizing nations While the book s characters are Christian religious liberals in particular what is surprising is not that they were in positions to direct and enforce colonial hegemony but that there were so many of them in fact there was a disproportionately large number of religious liberals in positions of authority and leadership Addressing topics that are still current this book describes the intersection of religious liberalism

and imperialism and identifies those who were in positions of power while observing what it was about the liberal Christian faith that was informing them and the limited and failed resistance of the anti imperialist and anti immigration movements The results have been lasting and continue as headline news The Cambridge History of Christianity: Volume 8, World Christianities C.1815-c.1914 Sheridan Gilley, Brian Stanley, 2006 This is the first scholarly treatment of nineteenth century Christianity to discuss the subject in a global context Part I analyses the responses of Catholic and Protestant Christianity to the intellectual and social challenges presented by European modernity It gives attention to the explosion of new voluntary forms of Christianity and the expanding role of women in religious life Part II surveys the diverse and complex relationships between the churches and nationalism resulting in fundamental changes to the connections between church and state Part III examines the varied fortunes of Christianity as it expanded its historic bases in Asia and Africa established itself for the first time in Australasia and responded to the challenges and opportunities of the European colonial era Each chapter has a full bibliography providing guidance on further reading

Pentecostal Pioneer Dynnice Rosanny D. Engcoy, 2017-11-22 From the Foreword Rose Engcoy's insightful study of the life and ministry of Rodrigo Rudy Esperanza is important for two reasons The first is that all of us have much to learn from Rev Esperanza's example After all he was one of the pioneers of Pentecostalism in the Philippines His work as a church planter pastor educator and long time senior administrator of the Philippines General Council of the Assemblies of God PGCG was vitally important to that denomination's early success which has situated it in the front ranks of the community of Spirit filled believers in his beloved homeland Rev Esperanza a veteran ecclesiastical firefighter who doused the flames of many a conflict that threatened to disrupt the PGCG's unity not only helped to pilot the United Pentecostal Fellowship but also led his fellow Pentecostals in collaboration with non Pentecostal evangelicals in a range of evangelistic and ministry activities that went a long way toward allaying suspicions on both sides Growing churches are always the most vulnerable to conflict and schism so Christians who long for unity in the body of Christ can learn a lot from Rev Esperanza This book will help with that But Dr Engcoy's study is important for another reason as well Today the Christian community is growing rapidly in Asia especially East Asia rivaling the explosive growth of the church in Africa Riding the crest of the wave are Pentecostal denominations like the PGCG This study of Rudy Esperanza and the early years of the PGCG gives us a very good idea of what lies ahead for Philippine Protestantism I find that enormously encouraging George W Harper Ph D Asia Graduate School of Theology Quezon City Philippines

Statebuilding by Imposition Reo Matsuzaki, 2019-03-15 How do modern states emerge from the turmoil of undergoverned spaces This is the question Reo Matsuzaki ponders in *Statebuilding by Imposition* Comparing Taiwan and the Philippines under the colonial rule of Japan and the United States in the late nineteenth and early twentieth centuries he shows similar situations produce different outcomes and yet lead us to one conclusion Contemporary statebuilding efforts by the US and the UN start from the premise that strong states can and should be constructed through the establishment of

representative government institutions a liberalized economy and laws that protect private property and advance personal liberties But when statebuilding runs into widespread popular resistance as it did in both Taiwan the Philippines statebuilding success depends on reconfiguring the very fabric of society embracing local elites rather than the broad population and giving elites the power to discipline the people In Taiwan under Japanese rule local elites behaved as obedient and effective intermediaries and contributed to government authority in the Philippines under US rule they became the very cause of the state s weakness by aggrandizing wealth corrupting the bureaucracy and obstructing policy enforcement As Statebuilding by Imposition details Taiwanese and Filipino history teaches us that the imposition of democracy is no guarantee of success when forming a new state and that illiberal actions may actually be more effective Matsuzaki s controversial political history forces us to question whether statebuilding given what it would take for this to result in the construction of a strong state is the best way to address undergoverned spaces in the world today
