Studies In The Theological Ethics Of Ernst Troeltsch:

Studies in the Theological Ethics of Ernst Troeltsch Max A. Myers, Michael R. LaChat, 1991 Is there a future for liberal theology That was a question which Ernst Troeltsch asked in print overtly or indirectly in almost every piece on theology that he wrote This study explores the doubts Troeltsch had about the study of religion the religious life about science as applied to culture and the future of civilization *The Ethics of Ernst Troeltsch* Bryce A. Gayhart, 1990-01 It has been frequently assumed that Ernst Troeltsch's real contribution lies in the field of the science of religion This study proposes that Troeltsch's ethics is a vital component of his theological agenda The Oxford Handbook of Theological Ethics Gilbert

Meilaender, William Werpehowski, 2007-08-09 Annotation What are the practical and theoretical issues that concern and shape theological ethics This handbook offers a guide to the discipline Written by an international group of 30 scholars the book is aimed at all students and academics who want to explore more fully essential topics in Christian ethics

Embodying the Way of Jesus Ted Grimsrud, 2007-01-15 The Anabaptist tradition originating as part of the sixteenth century Protestant Reformation has from its beginning presented an alternative approach to Christian faith Jesus centered Anabaptist convictions such as pacifism simple living and community remain of vital concern for twenty first century Christians *Embodying the Way of Jesus Anabaptist Convictions for the Twenty First Century* traces the origins and historical expressions of Anabaptist faith and then suggests ways Anabaptist convictions speak to our contemporary world Ted Grimsrud proposes a fourfold approach to interpreting Anabaptist theology considering themes from the Bible from the tradition's history from present experience and from envisioning a hopeful future What emerges is an engaging portrait of a living tradition that speaks with urgency and relevance to a world badly in need of a message of peace **Christ, History and Apocalyptic** Nathan R. Kerr, 2008-10-13 This book offers a comprehensive reflection on what it means that Christians claim that Jesus is Lord by engaging in a defense of Christian apocalyptic as the criterion for evaluating the truth of history and of history's relation to the transcendent political reality that theology calls the Kingdom of God The heart of this work comprises an original genealogical analysis of twentieth century theological encounters with the modern historicist problematic through a series of critical engagements with the work of Ernst Troeltsch Karl Barth Stanley Hauerwas and John Howard Yoder Bringing these thinkers into conversation at key points with the work of Walter Benjamin Carl Schmitt John Milbank and Michel de Certeau among others this genealogy analyzes and exposes the ideologically Constantinian assumptions shared by both modern liberal and contemporary post liberal accounts of Christian politics and mission On the basis of a rereading of John Howard Yoder's place within this genealogy the author outlines an alternative apocalyptic historicism which conceives the work of Christian politics as a mode of subversive missionary encounter between church and world The result is a profoundly original vision of history that at once calls for and is empowered by a Christian apocalyptic politics in which the ideologically reductionist concerns for political effectiveness and productivity are surpassed by way of a

missionary praxis of subversion and liberation rooted in liturgy and doxology Christ Existing as Community Michael Mawson, 2018-06-28 In *Christ Existing as Community* Michael Mawson recovers and clarifies the German theologian Dietrich Bonhoeffer's early and important work on ecclesiology focusing especially on his doctoral dissertation *Sanctorum Communio*. Despite occasional pronouncements of the importance of this dissertation it has still received only limited scholarly attention. Mawson demonstrates how Bonhoeffer draws upon and reworks social theory in order to develop an account of the church as a reality of God's revelation and a concrete human community. On this basis Mawson concludes that Bonhoeffer's ecclesiology has ongoing significance for contemporary debates in theology and Christian ethics *With the Grain of the Universe* Stanley Hauerwas, 2013-06-15 This major work by one of the world's top theologians offers a provocative and closely argued perspective on natural theology. Stanley Hauerwas shows how natural theology divorced from a confessional doctrine of God inevitably distorts our understanding of God's character and the world in which we live. This critically acclaimed book winner of a Christianity Today Book Award is now in paper. It includes a new afterword that sets the book in contemporary context and responds to critics **The Blackwell Companion to Religious Ethics** William Schweiker, 2008-04-15 Written by internationally renowned scholars this Companion maps the moral teachings of the world's religions and also charts new directions for work in the field of religious ethics. Now available in paperback this is a rich resource for understanding the moral teachings and practices of the world's religions. Includes detailed discussions of issues in moral theory. Offers extensive treatment of the world's major religious traditions including Judaism Christianity Islam Buddhism Hinduism Chinese religions and African religions. Compares the ways in which the religions provide resources for addressing current moral challenges in areas such as ecology economics global dynamics religious war human rights and other topics *Why Philosophy Matters for the Study of Religion—and Vice Versa* Thomas A. Lewis, 2015-12-18 Work in philosophy of religion is still strongly marked by an excessive focus on Christianity and to a lesser extent Judaism almost to the exclusion of other religious traditions. Moreover in many cases it has been confined to a narrow set of intellectual problems without embedding these in their larger social historical and practical contexts. *Why Philosophy Matters for the Study of Religion and Vice Versa* addresses this situation through a series of interventions intended to work against the gap that exists between much scholarship in philosophy of religion and important recent developments that speak to religious studies as a whole. This volume takes up what in recent years has often been seen as a fundamental reason for excluding religious ethics and philosophy of religion from religious studies their explicit normativity. Against this presupposition Thomas A. Lewis argues that normativity is pervasive not unique to ethics and philosophy of religion and therefore not a reason to exclude them from religious studies. Lewis bridges more philosophical and historical subfields by arguing for the importance of history to the philosophy of religion. He considers the future of religious ethics explaining that the field as whole should learn from the methodological developments associated with recent work in comparative religious ethics and

comparative religious ethics should no longer be conceived as a distinct subfield The concluding chapter engages broader post 9 11 arguments about the importance of studying religion arguing that prominent contemporary notions of religious literacy actually hinder our ability to grasp religion s significance and impact in the world today **Theology as Cultural Critique** Jonathan R. Wilson,1996 The Theological Significance of Jesus' Temple Action in Mark's Gospel Emilio G. Chávez,2002 This work brings together a nuanced exegesis developed in conversation with concurrent and divergent voices Topics include Jesus exorcizing activity and exousia over the accepted religious practices **Companion Encyclopedia of Theology** Peter Byrne,Leslie Houlden,Rev Prof Leslie Houlden,2002-09-11 The Companion Encyclopedia of Theology provides a comprehensive guide to modern theological thought An international team of theologians and practitioners of both the Christian and Jewish faiths investigate and consider aspects of theology in 48 self contained articles Neither partisan and denominational nor detached and abstract this Companion explores the resources and applications of theology in the light of Christianity s place in the modern world The Structure The Companion Encyclopedia of Theology is divided into six parts The first three deal with major foundational aspects of Western theological reflection the Hebrew and Christian Bible the Tradition the contribution of Philosophy The second half of the Companion is concerned with application in relation to Spirituality in relation to contemporary Ethics in relation to issues in and aspects of present day theological construction The 48 essays are descriptive informative and analytical their wide ranging content is bound into a unified perspective by the editors general introduction and the introductions to each of the six parts At the end of each article there are suggestions for further reading and the work is concluded with a comprehensive index This Companion Encyclopedia is a valuable source of reference for students teachers and both lay and clerical practitioners of Christian and Jewish theology Key Features Broad Coverage contains 48 in depth essays covering both the history and application of Western theological thought International Authorship written in non technical language by a distinguished team of editors and authors from both Christian and Jewish faiths Balanced Approach discusses and analyses the key issues without imposing any single viewpoint Clearly Presented at the end of each article there are suggestions for further reading and the work contains a comprehensive index *The Making of Stanley Hauerwas* David B. Hunsicker,2019-09-10 Stanley Hauerwas is often associated with the postliberal theological movement yet he also claims to stand within Karl Barth s theological tradition Which is true Theologian David Hunsicker offers a reevaluation of Hauerwas s theology arguing that he is both a postliberal and a Barthian theologian helping us understand both the formation and the ongoing significance of one of America s great theologians

Constructing Reality in Comparative Theology Paul S Chung,2023-01-01 In contemporary Western society the church has been pushed to the margins leading experts to describe the current era as a time after Christendom Many traditional churches and congregations are struggling a condition worsened by the COVID 19 pandemic regulations As the practice of churchgoing wanes the performance of the sacrament is called into question How can we bring the traditional

communal experience of sacrament into the modern world *The Political Crisis and Christian Ethics* Ronald H. Stone, 2023-09-26 *The Political Crisis and Christian Ethics* addresses themes in political philosophy in the context of a crisis in democracy after the denial of the 2020 election by the Republican candidate for president The refusal to accept the results of the election divided the electorate and drove the president's followers to fail in their attempted coup attempt in January of 2020 Democracy is defended in Reinhold Niebuhr's writing on politics and in Barack Obama's use of the theologian's thought It is developed further in the political theory of Paul Tillich The themes of just peacemaking are reviewed in Paul Tillich's critique of John Foster Dulles work and in the author's critique of just peacemaking in the work of Glen Stassen Domestically the issues of race inequality ecology and healthcare are addressed from the perspective of prophetic realism The book concludes in terms of Alfred North Whitehead's philosophy of education and religion and a vision of the good president In summary *The Political Crisis and Christian Ethics* is a volume of American Christian political theory in a period of overcoming the trauma of 2016 with Christian ethics and political philosophy *The Oxford Handbook of Friedrich Schleiermacher* Andrew Dole, Shelli M. Poe, Kevin M. Vander Schel, 2024 This Handbook presents authoritative interpretations of Schleiermacher's work from both German and English speaking scholars Topics covered include Schleiermacher's historical and intellectual context the structure and content of Schleiermacher's theology and philosophy and the reception of his thought *Modern Christian Thought: The twentieth century* James C. Livingston, Francis Schüssler Fiorenza, This widely acclaimed introduction to modern Christian thought formerly published by Prentice Hall provides full scholarly accounts of the major movements and thinkers theologians and philosophers in the Christian tradition since the eighteenth century Enlightenment together with solid historical background and critical assessments This second edition deals with the entire modern period in both Europe and America and is the first to include extensive treatment of modern Catholic thinkers Evangelical thought and Black and Womanist theology ***The Spirit of American Liberal Theology*** Gary Dorrien, 2023-09-05 *The Spirit of American Liberal Theology* is an interpretation of the entire U S American tradition of liberal theology A highly condensed and far more accessible summary of Gary Dorrien's three volume trilogy *The Making of American Liberal Theology* Westminster John Knox Press 2001 2003 and 2006 Dorrien here presses the argument that the most abundant diverse and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself While discussions of English and German liberalism persist new material includes expanded treatment of the Black social gospel the Universalists' developments into early 2020s and a robust expression of the author's post Hegelian liberal liberationist perspective ***Lutheran Theology and Secular Law*** Marie A. Failing, Ronald W. Duty, 2018-04-17 This collection brings together lawyers and theologians in the U S and Europe to reflect on Lutheran understandings of the political use of the law by secular governments The book furthers the intellectual conversation about how Lutheran insights can be used to develop jurisprudence and specific solutions to legal issues in which there is strong conflict It presents the

basic theological and interpretive assumptions of the Lutheran tradition as they may inform the creation of legislation and judicial interpretation at local national and international levels The authors explore Luther s conception of the foundations of modern secular law and understanding of vocation The work discusses the application of Lutheran theological principles to contemporary issues such as the war on terror native land rights property law family law church and state medical experimentation and the criminal law of rape providing ethical insights for lawyers and lawmakers **Authorizing an End** Polaski,2021-10-01 Breaking with common views on Jewish proto apocalyptic literature in a postmodern manner this work approaches one particular proto apocalyptic text Isaiah 24 27 the so called Isaiah Apocalypse intertextually This reading finds that the Isaiah Apocalypse redeploys and controls other texts helping secure the authority of those texts as well as its own vision of the end The first chapter surveys approaches to late Israelite prophecy and presents a new intertextual way of viewing this material The chapters that follow investigate the eternal covenant and its role in intertextual space Isaiah 25 s construal of Israel s relationship to other nations the central role of the righteous in Isaiah 26 and Isaiah 27 which points towards the victory of YHWH s order over chaos Readers interested in the development of Jewish apocalyptic literature the social arrangements of second Temple Judaism and postmodern treatments of biblical texts will find this volume useful
